Dear Sam:

I am sending the enclosed receipts to be signed by your mother on to you because I think she is with you in Cambridge, but if she has gone on to New York will you forward them to her with the request that she sign two copies, keep one for herself, and send the rest on to me. I am expecting both Robert and Jack to be here early in June and if the receipts are back can get them signed by them at that time.

I am trying to get all my things together so that the Estate may be closed first in New Hampshire and then in Illinois, and in checking over my receipts I find that while I hold proper receipts for the chattels distributed in New Hampshire I do not hold any for the Illinois things. I recall now that there was quite a bit of turmoil at the time of the division. Your mother was anxious to get away as was Robert. We divided the furniture at the warehouse and it took about a day and a half, and the furs and jewelry were divided here in the office and that too took quite a time. In the rush of the occasion I neglected to get receipts and just overlooked it until the present. The receipts are dated October 21, 1933 which was the date on which the jewelry was distributed.

If you will attend to this for me, I will be obliged.

Sincerely yours,

*T. C. Edwards*
