Eugene,  
Oregon.

Dear Mrs. Warner:

I wish I could tell you just what Abba's moves are going to be but I can not. I had a Christmas cable from her from Manila. The last written word I had came from Egypt and at that time she didn't know what boat she was going to get back to this country. My understanding was that she was coming back via San Francisco, and going direct to Tucson. Helen Gilbert, however, informs me that it is her understanding that Abba is going through the Panama Canal to New York, then on to Chicago for a few days before leaving for Tucson. My guess is that Abba will not be in Tucson before February 13th. If I get any definite word I will let you know of it at once.

My own trip west is still a little uncertain. Mrs. Edmonds will be leaving in about a week for Los Angeles and is stopping over at Tucson on the way out. I may go with her but may decide to go out a little later, depending on things here.

I trust you had a happy time during the holidays.

Sincerely yours,

*H. Edmonds*

Dear Mrs. Warner:

I wish I could tell you just what  
Abe's moves are going to be but I can not. I  
had a Christmas card from Tom Harkin. The  
last address word I had was from 1947 and at  
that time the time's show what she was doing  
to get back to this country. My understanding was  
that she was coming back via San Francisco, and  
going direct to London. Being ill, however,  
before he died it is her understanding that she  
is going through the Panama Canal to New York,  
then on to Chicago for a few days before leaving  
for Tucson. My guess is that she will not be in  
Tucson before February 1st. If I get my deli-  
vered word I will let you know of it as soon.

My own trip west is still a  
little uncertain. Mrs. Schantz will be leaving in  
about a week for Los Angeles and is stopping over  
at Tucson on the way out. I may go with her but  
my desire is to get a little later, depending on  
Chicago fare.

I trust you had a happy time  
during the holidays.

Sincerely yours,
