CABLE ADDRESS
"INPAREL"

Mrs. Gertrude Bass Warner,
c/o National City Bank of N. Y.,
Kobe, Japan.

Dear Mrs. Warner:

While the Kyoto Conference is fresh in mind we must capitalize its experiences in preparation for the next conference. We are, therefore, asking you as one who was in attendance to write us at once your suggestions as you now see the situation.

1. What topics discussed at Kyoto need not be discussed at the next conference?
2. What other topics, whether discussed there or not, do you think should be included in the agenda of the next conference?

A little later the several national councils will be asked to make group reports to the same effect. This letter is another and an additional matter. We are wishing here to get the informal, individual opinion of each member in advance of any necessary discussion with anyone else.

May we hear from you by return mail? Do not wait to "mature" your thinking--that we shall hope to get later--but write at once.

Sincerely yours,

Chas. F. Loomis
Conference Secretary

CFL:MW

P. S. Any criticisms or general suggestions you have to make on any matter pertaining to the Conference will be cordially welcomed.
