Feb. 27, 1938.

My dear Mrs. Warner, -

It was very good of you to answer my letter and I am very sorry that I was unable to manage to come some weekday to your city in order to talk with your students. But I hope there will be some other occasion that I may do so. I am sending you a copy of "Japanese History" written by Mr. H. Hohe, my friend, and a few copies of my pamphlets for coming session of the Oriental Culture Summer College.

In spite of the situation in the Orient, it is perfectly safe to travel Japan, Korea, Manchuria, North China, Shanghai and Hankin and that is the reason I came to this country to explain,

Very sincerely yours,

K. Nakamura
