

Feb 24th, 1937

Dr H. J. Noble
2618 College Avenue
Berkeley, California.

Dear Dr Noble:

I find it necessary to change my plans from time to time as the occasion requires and I thought nothing of your doing the same.

With your alertness I think you will get a great deal in many directions out of a year's sojourn in Japan and I hope that you will be able to go. I also hope that you will come back here and give us the benefit of your study and experience.

We have not had the prize contest this year, because I have been enlarging the library collection and the Museum collection. The contest will not be held next year and what I will do after that, I have not made up my mind about.

I am sorry that I will not be here during the Summer Session, so I will not have a chance to see you and your wife at that time. I go East every summer to see my son and his family and to attend some conferences.

With all good wishes to your wife and you,

Very sincerely yours,

Gertrude Bass Warner
