My dear Dr. Noble;

Your letter of June 21st from Japan, enclosing the list of books that you selected for my Museum Library, arrived here this morning.

I was very sorry to hear the news that it contained. Of course I did not know the least thing about it. I am returning to Eugene early in August to work on the Museum cataloguing. By that time probably everybody will be away on vacation. Please try not to be huffed any more than you can ~~shh~~ help, and give me a chance, by not circulating the situation, to see what I can do about it.

I thank you very much for collecting the books for me and for all the trouble you took in doing it.

Mabel Garner had already written me that you had requested that the box should not be opened until you get back, and I will tell her in my letter to be sure and not open it.

Very cordially yours
