Dear Mrs. Womer;

I have received a letter from the "French Book store", Calcutta, that the books I bought for you are on the way in to Thomas Cook & Son, via San Francisco. I trust they will come soon.

I duplicated the order for five of the works for myself as indicated.

As soon as I can I shall make a financial statement for you, & at that time will bring over the other books which I bought in Shanghai for your library and brought home with me.

Sincerely,

Harold J. Noble

P.S. These are all paid for your  
books out of the money you sent  
me; mine by myself, of course.  
G. H.
