February 29, 1936.

To the Members of the Academy:

The Academy of Political Science is devoting its Semi-Annual Meeting to be held in New York at the Hotel Astor on April 2nd, to the topic of "Economic Recovery and Monetary Stabilization".

In the past two years the rest of the world has shipped to the United States over three billion dollars of gold. Such an extraordinary movement not only is evidence of world financial disease, but also constitutes in itself a serious danger to this country's financial stability. The two major questions of how world currencies may be stabilized and how credit in this country may be kept under control to avoid inflation will be discussed at the Semi-Annual Meeting.

A dinner reservation blank is enclosed for your convenience in subscribing. Please note that the price of the dinner to members and their personal guests remains as heretofore at \$5.00. The dinner is open to non-members by subscription at \$6.00 per cover. Private tables of ten may be reserved. Checks must accompany all reservations; guests' names may be sent later on.

Undoubtedly many of your friends would like to attend the day-time sessions. Guest cards and programs will be sent direct from the Academy office if you will send names and addresses on the enclosed blank.

The Academy has been extremely fortunate in securing Leon Fraser, former President of the Bank for International Settlements and Vice-President of the First National Bank of New York, as Chairman of the Program Committee.

Sincerely yours,

Ethel Warner

Director
