Gentlemen:

Kindly do Not enter our 1936 subscription to Political Science Quarterly.

Because of a somewhat curtailed budget, we are subscribing to only those publications which bear directly on some phase of the Orient. And in-as-much as the University of Oregon Library is a regular subscriber to your Quarterly, we can refer to them any requests we may have.

Should we find at a later date that circumstances will allow a larger magazine list, we shall be happy to renew our subscription with you.

With appreciation of your service in the past,

Very truly yours,

Mrs Gertrude Bass Warner,

By

Museum Librarian.
