CHINESE ART COUNCIL

Office of Secretary,
209 Foochow Road

October 6, 1940. Shanghai

Mrs. Murray Warner,
University of Oregon,
Eugene, Ore.,
U. S. A.

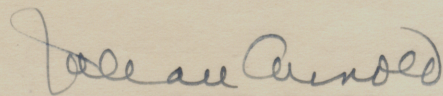

Dear Mrs. Warner:

The Chinese Art Council which is described in the attached booklet should be of interest to you because you appreciate the crying need among our people of a more intelligent understanding of China and the Far East. We are but a handful of Americans and Chinese here in Shanghai, but we believe we have hit upon an idea which will appeal to you, not because it will pay you any financial dividends upon your investment, but because by the support you give it, you will hasten just that much the bridging of the gulf of ignorance separating America from China and the Far East generally. Your name as a patron will mean much to the success of the work of our Council and your contribution of \$10.00 will go far here in China in furthering the concrete objectives which the Council is striving to achieve.

As a patron you will receive copies of the proceedings of the meetings of the Council and all other material issued by the Council which may be of interest. As a patron you are also free to call on the Chinese Art Council for information regarding Chinese matters. If we cannot ourselves give you the information desired, we shall try to connect you with the persons or organizations who can.

Thus we trust we may be able to list you as one of our patrons and to hear from you also of any other of your friends or acquaintances whom you would suggest we address concerning our objectives and plans. We are especially desirous of having your suggestions for our program of concrete projects.

Yours cordially,

JULEAN ARNOLD
Chairman
