

FRIENDS OF FAR EASTERN ART
EXECUTIVE SECRETARY
MILLS COLLEGE, CALIFORNIA

Nov. 7, 1934.

Mrs. Gertrude Bass Warner,
Osburn Hotel, Eugene, Oregon.

Dear Mrs. Warner:

When I went north a few months ago I was very much disappointed to find your museum in Eugene had been closed for the summer. It was my intention to win you to the new society called Friends of Far Eastern Art, founded recently with the purpose of improving the standard of collecting and appreciation of Far Eastern art. I wanted also very badly to get objects from your collection for our Chinese exhibit, now opening in the art gallery at Mills College, the closing time of which has been postponed until December 11, but there has been no opportunity.

We are covering every field, and I think you would enjoy the whole exhibit, which as we believe, is especially successful in the fields of jade and painting. Since the last date for the receiving of objects is long past, the only thing that is left to me is to invite you very cordially to join the society and to come out to visit the exhibition.

With kindest regards,

Very truly yours,

Alfred Salmony
