My dear Mrs. Warner,

Your kind letter of March 31 and a photo of yourself have safely reached me today. It is quite in time and I shall have the honour of inserting your photo, as a powerful member of the Meiji Japan Society, in the Supplement Volume of our Transactions for the Society's Silver Jubilee this fall.

If you want it returned, I shall do so when I have done with it; if not, I hope I shall keep the photo for a kind of souvenir to me. In the course of a few months the business of publishing the Transactions with several photos of some members will be over, and I shall be at your disposal.

With best regards and thanking you for your kindness to permit me to have your photo for our Transactions in time, I am, yours very sincerely,
G. Kato
