

SCHOOL OF ARCHITECTURE AND ALLIED ARTS  
UNIVERSITY OF OREGON - - - EUGENE, OREGON

OFFICE OF THE DEAN

18 June -

Wally -

I should have been advised that these lectures were to be recorded if they were to be charged to the School allotment for audiovisual material. I would have told you then we had no funds left & could have arranged to have costs charged to the AV-dept. direct.

The tapes cannot be put in our library since we store no tapes or records here. - They are all in the AV-cabinet.

I suggest you ask the library to absorb this cost. If they will not do so, it will have to wait until the next budget & if I can I'll have the charge absorbed here. -

Woolly

I believe I have been advised  
that these lectures were to be  
revised if they were to be changed  
to the School collection for  
educational material. I would  
have told you that we had no  
funds left & could have arranged  
to have your charges to the  
School.

The tapes cannot be put in our  
library since we have no tapes  
in our collection. They are all in  
the A-Unit.

I suggest you ask the library  
to return this cost. If they will  
not do so, it will have to wait  
until the next budget & I don't  
think I have the charge authority now.
