

NAKAJIMA, TAKAKO

UNIVERSITY OF OREGON  
EUGENE, OREGON

OFFICE OF THE DEAN OF WOMEN

My dear Mrs. Warner:

Mr. Barker has just left the office and tells me the Barkers are inviting Takako to their home for Christmas. Betty and I are going to be disappointed, for we had wanted her with us, but of course she will have a grand time in Portland, and so she will go there.

I am so glad to have her have a "city Christmas".

Mr. Barker says he talked the coat question over with you before he came to Eugene and that it is to be purchased in Portland. However, if it does become real cold I think perhaps she should have it before then. If you will let me, I will use what judgment I have, depending on the weather.

Takako and I are invited to a big Christmas dinner party at the Kappa Kappa Gamma house tonight, and from there we will go to the Christmas Revels and carol singing at Gerlinger. So she will have a little Christmas before she goes to Portland. She also has an invitation to go to the Coast the weekend of December 21st. Her hostess is a student, and she is coming in to see me about plans tomorrow.

I do think she is having a good time as well as studying hard, and she is such an appreciative little lady. I do wish you knew her.

My love to you
