1135 Mill Street
Eugene, Oregon

My dear Mrs. Macduff:

A little while before I came up to Portland on this trip I saw a Japanese girl on the street in Eugene, who looked rather cold, and have been wondering if it was our little Japanese friend. I was not near enough to recognize her.

How is it with our Japanese friend? Does she need a new warm dress or coat or anything like that? Please let me know about it.

With kindest regards,

Very truly yours

Gertrude Bass Warner
