My dear Dr Mez:

I am very sorry to hear that your name was omitted in the University of Oregon catalogue. I had not heard of it until I received your letter. Please excuse the cataloguer for the carelessness.

You remember that we decided this spring that next year we would make another effort to send a student to the Cultural Summer school in Tokyo. I think that the students expenses will be at least \$500.00 but that we should provide safeguards so that the money will go in the direction for which it was intended. Also that there should be precaution that the student be of high moral standing. I think a second prize of \$50 and the foreign prizes of \$100.00 and \$50.00 would be alright in this lean year.

We have two of the books you called my attention to, but not the third, and thank you very much for the dealers name.

Hoping that you and Mrs Mez are having a pleasant summer and that I shall see you soon.

Very sincerely yours,

Gertrude Bass Warner

My dear Mr. Hart:

I am very sorry to hear that your name was omitted in the University of Oregon catalogue. I had not heard of it until I received your letter. Please excuse the catalogue for the carelessness.

You remember that we decided this spring that next year we would make another effort to send a student to the Cultural Center school in Tokyo. I think that the student expenses will be at least \$800.00 but that we should provide arrangements so that the money will go in the direction for which it was intended. Also that there should be provision that the student be of high moral standing.

I think a second prize of \$50 and the foreign prize of \$100.00 and \$50.00 would be alright in this year.

We have two of the books you called my attention to, but not the third, and thank you very much for the generous news.

Hoping that you and Mrs. Hart are having a pleasant summer and that I shall see you soon.

Very sincerely yours,

Gertrude Bass Murray
