Dear Mrs. Warner:

In the Spring of 1932 I won second prize in your Oriental Essay contest for which I am indeed grateful because it made it possible for me to return to school for my Senior year.

Unfortunately my copy of this essay has been lost in the mail and I am wondering if you would permit a copy to be made from the original on file in the library.

If you will grant such permission I will make arrangements to have some student copy it.

I wish to thank you in advance for any consideration you may give this request.

Yours very truly,

*George R. Blodgett*
