Dr. Harold J. Noble
University of Oregon - Department of History
Eugene, Oregon

Dear Dr. Noble:

Your letter of January 23rd about the Warner prize papers has been received. The reason these papers written in past years have not been available to the students is because some years ago one paper was copied nearly verbatim, and received a prize. I will have these papers bound as you suggest, and will make them available for the students under supervision. I am glad you called my attention to it, as of course all the students working for the contest should not suffer because of the dishonesty of one.

I am glad you had such a pleasant Christmas with your family. I hope you told your Mother how much we appreciate the books on Korea that she sent us. My family seem seem to be very far away from me, but it is possible that Sam may come out here this summer, as he has not seen the Museum in its new quarters and of course I want to show it to him. Each summer something has come up to prevent him from carrying out his plan of coming out here. This year I think Samby will also be able to be at the Boys' Camp with Murray. That will make it easier for Helen to get away.

With all kind wishes,

Cordially yours

Gertrude Bass Warner, Director
