To Members of the International Club Association:

Dr. Smith, chairman of the Board of Directors of the International Club Association, is calling a meeting of the Board for Friday, June 3rd, at three o'clock, in the Johnson Hall Committee Room. It is important that all be present, since the following items of business must be attended to in addition to others which will probably come up:

1. Election of members of the Board to fill vacancies resulting from expiration and removal.
2. Annual election of officers.
3. Consideration of sponsors for the International Club succeeding Mr. and Mrs. Tuttle who leave at the end of the year.

Please reserve this date on your calendar and be present if at all possible. It is hoped to wind up the year's business without having more than the one meeting.
