My dear Dr. Barker:-

I have received from the Foreign Office two copies of the "Ukiyoye Primitives", a recent study by Mr. Yone Noguchi, who is the outstanding commentator on the Ukiyoye.

I should like to donate, through your good offices, one of the original thousand copies, numbered 349, to the Murray Warner Museum of Oriental Art of the University of Oregon at Eugene.

Mr. Noguchi's works have been regarded as the most authoritative in this field of Japanese art, and I am sure that this present work is a valuable contribution to the literature on the art of Japan.

Hoping that the Oriental Art museum will accord a place to this donation, I am

Yours faithfully,
