Mr. Hurl Brown Barker  
Vice-President of the University of Oregon  
Portland, Oregon.

Dear Friend Barker--

Jove, but we have a "find" in Jiro Harada. Note the enclosed! We had dinner with Aoki, Mihara of the Society and Harada last night and came away "sold" completely on his value. I predict he will be a much sought after person. Everybody at the Society is keen for the program. It's a beginning of much future good, I'm sure. My congratulations to you in your work!

We had a rough trip but found good weather here. Hope to see our mutual friend at Kyoto on Monday.

Hastily but sincerely

These have been three busy weeks for me here and the work has been so planned that I can get away for a little rest. I am going to E. C. Sammons again at the Heathman Hotel.

When it comes to the list of objects in the Museum, I have not started it, but that will be easier for Mrs. Perkins or Miss Blockare to do than the lantern slides, should I find that I have to turn one or the other over to them to do.

Hoping to see you in Portland, as soon as I get a little rested.

With kindest regards, I am

Very sincerely yours,

Gertrude Bass Warner
