Dear Mrs. Warner:

Thank you very much for your kind letter of the 19th instant. I am very glad to know that you are well and that you have enjoyed the Museum Conference which you attended.

No, I regret to say that I have not yet seen the Piermont Morgan Library, although I have heard much about it. Speaking about libraries, the work on the neighboring building is progressing rapidly. A great part of it is already covered with brick facing, and the building seems to harmonize well with your Museum.

Since I saw you last I had to consent to give a few lectures in Honolulu on my way home. This necessitates my leaving Eugene at the beginning of September in order that I may sail from San Francisco on board the "Tatsuta Maru" on September 10th. I have been asked to reserve the first few days of September for the Japan Society of San Francisco. Under the present arrangement I am expecting to arrive home in Tokyo on October 15, and I shall have a day or two before I run down to Nara.

I shall be most happy to be of some assistance to you during the month of August. I finished my engagements at the University of California, Mills College, the University of Washington, the Seattle Museum, and the State College at Corvallis, and I am working now on my English notes for the eighth volume on the Shosoin treasures. I got my first draft ready, so in a few days I expect to dispatch my manuscripts to Tokyo for publication.

Before my summer session begins in Portland on June 15 I expect to have a chance to see the Crater Lake. A boy in Ashland has promised to take me there.

Please remember me kindly to Mrs. Garner and accept for yourself my kindest wishes.

Very sincerely yours,

Jiro Harada

Dear Mrs. Watson:

I am very glad to know that you are well and that you have enjoyed the museum conference which you attended.

No, I regret to say that I have not yet seen the Richmond Morgan library, although I have heard much about it. Speaking about libraries, the work on the neighboring building is progressing rapidly. A great part of it is already covered with brick facing, and the building seems to harmonize well with your museum.

Since I saw you last I had to consent to give a few lectures in Honolulu on my way home. This necessitated my leaving Eugene at the beginning of September in order that I may sail from San Francisco on board the "Laysan Maru" on September 10th. I have been asked to reserve the first few days of September for the Ocean Society of San Francisco. Under the present arrangement I am expected to arrive home in Tokyo on October 12, and I shall have a day or two before I run down to here.

I shall be most happy to be of some assistance to you during the month of August. I finished my engagement at the University of California, Santa Barbara, the University of Washington, the Seattle Museum, and the State College at Corvallis, and I am working now on my English notes for the eighth volume on the Chinese press. I got my first draft ready, so in a few days I expect to dispatch my manuscripts to Tokyo for publication.

Before my summer session begins in Portland on June 15 I expect to have a chance to see the Great Lake. A boy in Ashland has promised to take me there.

Please remember me kindly to Mrs. Turner and accept for yourself my kindest wishes.

Very sincerely yours,

W. H. Wood
