(Status quo ante)

To dear - A quick point I ~~sh~~ould have  
writ on 1st card - I "let you read til  
p. 2" because I was then <sup>neon</sup> noncontagious ✓  
by all medic's standards, even to <sup>(I asked before writing anyone.)</sup>  
flesh + breath contact. <sup>All surface</sup> Lesions healed -  
pain "merely" after-firing of insulted  
nerve. (For a few, goes on for years.)... You  
think I am an animal, to jeopardize you ??? X
