CORVALLIS, OREGON, THURSDAY, JANUARY 17, 1929.

NO. 11

EAST REMEMBERS BEAVER VICTORY

Dr. Fasten Finds Introduction
Ready-made in New York
For Corvallis Man

PROOF OF BOOK READ

Professor Cites Enthusiasm
Of Publishers for Text

A Corvallis man in New York or practically any place else in the east now has a ready-made introduction awaiting him as a result of the famous Oregon State football victory over New York, reports Dr. Nathan Fasten, head of the department of zoology, who was one of the State college representatives at the annual sessions of the American Association for the Advancement of Science.

"No matter where I went, whether in a hotel, drug store or general gathering, as soon as Corvallis was mentioned the response was, 'Oh, yes, the home of the famous football team that beat New York university,'" said Dr. Fasten. "The fame that has followed that athletic exploit is almost unbelievable."

Foolish Questions Asked
Equally difficult to believe, he said, was the utter lack of comprehension on the part of most New Yorkers as to this section of the country. Among the many native questions asked were whether modern comforts are to be had in Oregon, whether cowboys are much in evidence and just where the Indians are kept.

While in the east Dr. Fasten conferred with the publishers of his forthcoming book, "Origin Through Evolution," which will come from the presses of the Alfred A. Knopf company late in March. The work on this volume is being speeded up ahead of schedule so that it may be available for use in colleges the third term of

(Continued on page 4)

NEW ACTIVITY POINT PETITIONS GRANTED

Student Executive Committee
Will Give Service Credits
To Women Leaders

Petitions for points by the Y. W. C. A., "Big Sisters," and Associated Women students were considered at a meeting of the student executive committee yesterday afternoon.

Points granted to the Y. W. C. A. were president, 25; vice-president, 15; secretary, 5; treasurer, 5; social chairman, 5. No points were granted council and cabinet members. The chairman of the "Big Sisters" will be given 25, and other members of the organization will not be allotted any. These results were made after careful consideration by the executive committee of the time and service required in each activity.

The petition by the Associated Women students for points for representatives to act as secretaries in the Memorial Union building was laid on the table. This action was decided upon until the establishment of active work of these representatives. The petition was for equal recognition with associated rookesses.

BILLIE CUPPER WRITES CONFERENCE PUBLICITY

Billie Cupper, freshman in home economics, recently appointed correspondent for the Associated Women students, is working on articles to aid in bringing the next national conference of women students to the Oregon State campus.

Each year the college or university where the conference is held publishes a paper containing plans and policies of the coming year, and Miss Cupper's first article will present the merits of the loan fund maintained by the Oregon State association of women students.

The conference this year is to be at the University of Arizona, and since the conference next year will be on some northwestern campus, the Oregon State delegate will try to have it brought here.

INTERNATIONAL WEEK BANQUET SCHEDULED

Dr. Arnold B. Hall Will Deliver
Main Address at Annual
Y. W.-Y. M. Program

The international banquet, one of the main events for international week, annually sponsored by the college Y. W. and Y. M. C. A., will be Tuesday evening, February 12, in the Memorial Union building. Each foreign student will be the guest of two American students who represent some living group on the campus.

Dr. Arnold B. Hall, president of the University of Oregon, will be the main speaker. He will discuss the theme of the week, "The Emancipators of the Nations." Student speakers, representing China, Philippines, Japan, India and others will also give short talks. Daniel Bryant, sophomore in vocational education, will be toastmaster.

Some of the guests for the evening will be Dr. W. J. Kerr, Dean and Mrs. U. G. Dubach, Dr. and Mrs. E. W. Warrington, Dr. Roy M. Lockenour, associate professor of political science, at Willamette university and former adviser of the Cosmopolitan club; Dr. Helen M. Gilkey, associate professor of botany, and adviser of the Cosmopolitan club; Dr. Kate W. Jameson, dean of women; Miss Ava B. Milam, dean of the school of home economics; Dr. R. F. Coleman, president of Reed college and Miss Dorothy Pennell, general secretary of the Y. W. C. A.

JUNIORS PICK HANCE FOR CLASS ADVISER

Finance and Prom Committee
Appointments Made

Dr. J. H. Hance, dean of the school of mines, was chosen junior class adviser at the class meeting last night in library 100. Appointments to the junior finance committee and to the junior prom committees were announced.

A new principle is being tried out this year by the junior class. Instead of choosing a new adviser every year, the one now chosen will serve the remainder of this year and all of next year. This will give Dr. Hance a chance to get acquainted with class members and thus be able to render greater service to the class.

Committee members chosen were: Kenneth R. MacLean, chairman of finance; Gordon McLoughlin and Varden Wright, finance; George Huntington, programs for prom, and Lyle Williams, music for prom. A royal blue sweater with a crew neck was chosen by the juniors as the class insignia.

BAND WILL BROADCAST CONCERT TUESDAY NIGHT

The 70-piece Oregon State military band is making preparations this week for the first radio broadcast of the year, Tuesday evening, January 29.

Many numbers to go on the air will be included in the program given by the band on its twenty-fourth annual tour during spring vacation to lower Columbia river cities. Several new pieces not previously played by the band will be presented. Marches, an overture, an instrumental solo and one vocal solo are on the program.

Letters have been received by Raymond Coopey, manager of the band, from various parts of the United States commenting on the radio concert the band gave last year.

DISPLAY CHAIRMAN ELECTED

George Gruderian, senior in mechanical engineering, was elected chairman of the mechanical engineering display for the Educational exposition at a meeting of the student branch of the American Society of Mechanical Engineers. Special films to be shown at a later meeting of the society were ordered.

LUTTRELS ANNOUNCE BIRTH

Mr. and Mrs. John Milton Luttrell of Roseburg, have announced the birth of a girl on January 14. Mr. Luttrell, '26 in electrical engineering, is employed by the Oregon California Power company. Mrs. Luttrell was formerly Elsie Brown of Corvallis.

SENIORS ASSURED FINANCIAL HELP

Chemistry Graduates Awarded
Scholarships for Study
And College Expenses

ROHRMAN SUCCESSFUL

Fellowships Granted Alumni
At State Universities.

Seniors in chemistry interested in taking graduate work at another institution who have an average of 90 per cent are practically assured of financial aid to the extent of \$600 and in most cases college expenses, according to Dr. F. E. Rowland, professor of industrial chemistry.

Dr. Rowland encourages students to qualify for these positions as O. S. C. men and women are represented in practically every institution in the United States.

Graduates Successful
Some of the Oregon State graduates who have taken advantage of these opportunities are Robert Fulton, '25 at Stanford; Stanley Ford, '26 at University of Illinois; Milton Harris, '26 is receiving \$1700 while attending Yale; and E. Salstrom, '23 is working for his doctor's degree at the University of California after receiving a master's degree at the University of Washington last year.

Thomas Hawley, '25 received a doctor's degree at Yale last June. Maurice Kinsey, '27 and Fred Diwooky, '27 are candidates for doctor's degrees at the University of Wisconsin. Perry Mayer, '28 and L. Vernon, '28 are at the same university. Fred

AIRPLANE PICTURES SHOWN AT MEETING

Charles Eliot Club Entertained
With Illustrated Lecture
Of French Scenes

"French Chateaus," an illustrated lecture by R. M. Lynn, of Lynn's photo shop, was given last night before the Charles Eliot club in agriculture 329. Mr. Lynn showed airplane views, taken by himself, of Chateaus of the Touraine district near Paris, France, which he took while serving as aerial observer for the United States government. He spent 14 months in France obtaining these views, mostly from districts near Paris. Among the pictures was a view of the circular staircase of "Blois."

This was the first time the pictures have been shown in America. The French estates even went so far as to have "fussing" benches in the gardens.

New members taken into the Charles Eliot club were Arthur Hinckley, Herbert Judson, Paul Dutcher and Dale Altman, sophomores in agriculture.

HONORARY PLEDGES WILL BE INITIATED

Miss A. Grace Johnson to Speak
At Phi Chi Theta Meeting
In Union Building

Pledges to Phi Chi Theta, national honorary fraternity in commerce for women, will be initiated Sunday, January 20, in the Phi Chi Theta room it was decided last night at a meeting of members and pledges.

A breakfast in the Memorial Union building at 8 o'clock will follow the initiation. Miss A. Grace Johnson, professor of household administration, will speak.

Pledges to be initiated are Jeanette Dowsett, Geraldine Houser, Clea Raynor, Leleta Broders, Opal Smith, Mildred Williams, seniors; and Elaine Searing, junior.

CAMPUS SPEAKERS LEAD DISCUSSIONS

Timely and Universal Topics
Used for Living Groups

After-dinner discussions are being conducted in 18 fraternities, sororities and independent clubs this week by speakers from the campus and Corvallis under the auspices of the Christian associations.

Captain H. L. Barrett led the discussion on the universal draft question at the Prokyon club. He spoke on the same topic last night in Weatherford hall.

Discussions at other organizations last night were as follows:

"Thinking—its Influence on Personality," at Sigma Phi Epsilon, led by Dr. J. R. Jewell, dean of the school of vocational education; "The Romance of Motherhood," at Margaret Snell hall, by Mrs. Daniel Bryant of Corvallis; "What is Expected of a College Graduate Morally, Physically and Mentally," at Theta Delta Nu, by E. B. Lemon, registrar; "Growth of Moral and Religious Education in Oregon," at the Bachelor's club, by J. B. Horner, professor of history; "Thinking—its Influence on Personality," at Alpha club, by O. D. Adams, associate professor of industrial education; "Present Day Moral Standards Among College Students," at Delta Sigma Phi, by Dr. E. H. Moore, professor of sociology; and "What is Expected of a College Graduate Morally, Physically and Mentally," at Cauthorn hall, by Dr. E. V. Vaughn, associate professor of history.

(Continued on page 3)

BETA ALPHA PSI CHECKS FRESHMEN ACCOUNTANTS

A list of outstanding freshmen in accounting last year was turned in at the meeting of Beta Alpha Psi in the Golden Pheasant restaurant. Each year a cup is given to the most outstanding freshman.

Harry Roberts, '28 graduate in commerce and junior Certified Public Accountant in this territory, gave a short address. The progress of the accounting system for fraternities which new members are devising was reported.

MEANS OUTLINES COMPANY'S PLANS

Opportunities Offered Seniors
By General Electric for
Engineering Study

INTERVIEWS CONTINUE

Selected Students Will Test
Machines for Practice

By P. D. SMITH
Senior electrical and mechanical engineering students have been on their toes since yesterday at 2 o'clock when L. H. Means, General Electric company representative, began selecting men to take the G. E. test course. This is considered one of the best opportunities offered students in these two departments and only six or seven students will be taken.

After speaking to the whole group at 1 o'clock, Means held personal conferences, seeing two students every fifteen minutes. His selections which will not be made public until all those desiring conferences have been seen, will be made on the basis of scholarship, leadership, activities and personality.

Caveers Undecided
"Most men just graduated from college do not know definitely what they want to do," said Means in speaking to the group and "for this reason, we put everyone on a test course first so that they may be able to choose some particular field to follow."

The student test course, as outlined by the representative, is not of definite length. Students begin at any time as helpers are given all the responsibility they can handle and promote as fast as their work will warrant. Each man helps conduct a test on each of the many different types of machinery and apparatus and as soon as he is familiar with the characteristics of one type he is assigned to another. The average time taken to

(Continued on page 4)

ROOKESSES ORGANIZE INFORMATION BUREAU

Freshmen Women Will Give
Students Time and Place
Of Campus Meetings

A new order of rookesses, called Associated Women students rookesses, will begin duties soon in the Memorial Union building at the office of the Associated Women students on the second floor. These women will be on duty from 9 to 12 o'clock in the morning and from 1 to 5 o'clock in the afternoon every day except Saturday. They will be a general source of information as to the time and place of any meeting scheduled on the campus.

Application has been made to the point committee for the same points for this activity as for the Associated Rookesses in the student body office.

One freshman girl from each house and hall has been appointed as follows: Alpha Chi Omega, Billie Cupper; Alpha Delta Phi, Winifred Woodruff; Alpha Gamma Delta, Helen Rugg; Alpha Xi Delta, Katherine Stolz; Alpha Omicron Pi, Marjorie Tuttle; Beta Phi Alpha, Irene Austin; Chi Omega, Katherine Kreitzer; Delta Zeta, Esther Veatch; Delta Delta Delta, Marjorie Gabriel; Gamma Phi Beta, Mildred Morrison; Kappa Alpha Theta, Jane Mercer; Kappa Kappa Gamma, Peggy Pond; Kappa Delta, Oliver March; Sigma Kappa, Grace Oliver; Pi Beta Phi, Pauline Campbell; Zeta Tau Alpha, Forrest Balles; Kappa Kappa Gamma, Gwendolyn Heintz; Snell hall, Lois Terpenning; and Waldo hall, Inez Young.

COLLEGE HERD INSPECTED

C. M. Robinson, western field man for the Guernsey Cattle club, was a campus visitor yesterday inspecting the college dairy herd. Mr. Robinson talked before the dairy herd management class on breed associations, and the development and work of the Guernsey Cattle club.

WAFFLE BREAKFAST SET FOR FEBRUARY

Music and Features Arranged
By Groups Entertaining
At Benefit Affair

The date for the annual waffle breakfast has been set for Saturday, February 2, according to Margaret Jenkinson, general chairman. Breakfast will be served from 9 to 11 o'clock.

The living group selling the largest percentage of tickets to the waffle breakfast will be given an electric waffle iron. The tickets will sell for 35 cents.

Living groups where waffle breakfasts will be given are Pi Beta Phi, assisted by Kappa Delta, Delta Delta Delta and Sigma Kappa; Alpha Chi Omega, with the help of Delta Zeta and Alpha Delta Pi; Kappa Alpha Theta will be assisted by Alpha Gamma Delta and Gamma Phi Beta; Kappa Omicron Pi and Chi Omega; Alpha Xi Delta, assisted by Zeta Tau Alpha and Beta Phi Alpha. Music and a special feature will be provided at each house.

Committee chairmen are Marjorie Kirby, food; Josephine Hoffman, music and entertainment; Mary Kinley, hostess and waitresses; Ada Camp, waffle irons; Margaret Eckleman, silver; Irene Griggs, linen; Genevieve Kruse, clean-up; Elizabeth Howland, publicity; and Lucille Van Loan, tickets.

DR. BARSS REPORTS RECENT TRIP EAST

American Science Association
Meeting Attended in N. Y.

Dr. H. P. Barss, professor of plant pathology and botany, spoke before a group of faculty and students last night on his trip to the meeting of the American Association for the Advancement of Science, at Columbia university in New York December 27 to January 2.

Dr. Barss is president of the American Phytopathological society which is a branch of the association. As president he delivered a paper on biological abstracts and the needs of plant pathology. The main topic discussed by the society was the needs and faults of the international, national and state quarantine of diseased plants.

This was the first lecture in a series of five to be given by the faculty men who attended the meeting. The next lecture will be given January 23 by Dr. N. Fasten, professor of zoology.

MINORS HONOR MEMBERS OF PHYSICAL ED STAFF

Physical education minors of Margaret Snell hall gave a dinner at the ball in honor of the members of the physical education staff last night. Decorations consisted of daifodils as a center piece. Plates were laid for 23.

Guests of the evening were Miss Ruth Glassow, director of physical education, Miss Mildred Greenberg, Miss Helen Jamieson, Miss Elsie Jacobson, Miss Elizabeth Thompson, Miss Madge Burt, Miss Josephine Garvin and Miss Laura C. McAllister, members of the physical education staff. Hostesses were Mrs. Katharine B. Haight, Snell hall preceptress, Evelyn Jacobs, Roberta O'Rourke, Martha Jane Pocklington, Elizabeth Hubbard, Eleanor Tonsing, Katherine Tonsing, Ruth Rydell, Dorothy Hall, Lucille Coan, Ione Nelson, Margaret Bell, Alice Fish, Evelyn Christensen and Florence Kauffman.

GRAD CONTINUES WORK

Homer Bray, '28 graduate in dairy husbandry, is working at Kansas State college, Manhattan, Kan. Mr. Bray is doing graduate work on the Jersey Cattle club scholarship he won at the national dairy show in 1927 for being high man in judging Jersey cattle.

FRATERNITY PLEDGES

Beta Theta Pi announces the pledging of Bill Paul of San Bernardino, Cal., freshman in commerce, George Patterson, sophomore in commerce, and Don Edwards, junior in commerce, both of Portland.

DINING SERVICE PROVES SUCCESS

Improved Banquet Facilities
Offered to Organizations
By Memorial Union

NOON LUNCH POPULAR

Tea Room Assigned Location
In West Wing of Building

Accommodations to serve from one to 1200 persons have been completed by the Memorial Union dining service with the transfer of the tea room from the home economics building to the west wing of the union building January 7. The service offers facilities for banquets to all campus organizations and individual service at noon hours. It is proving a decided success according to E. C. Allworth, manager of the Memorial Union.

Accommodations Adequate
Three small banquet halls accommodating 30 to 40 persons and two larger rooms with accommodations for a banquet of 50 to 60 guests are located on the main floor of the building. The three small banquet rooms and the larger hall at the north end of the west wing can be opened into one room with a capacity of 160 persons. The large hall, used as men's dormitory dining room, has accommodations for at least 1,200 persons.

"Nearly every noon hour the three small dining rooms are reserved by some campus organization," says Allworth. "We have facilities to handle banquets of any size and to serve almost any menu desired. We feel that the installation of this service will materially add to the value of the Memorial Union as a student center."

Three campus organizations and Clair V. Langton, director of men's physical education, held banquets in

(Continued on page 4)

COTILLION TICKETS ON SALE SATURDAY

George Campbell Issues Call
For Volunteers to Help
In Decorating Work

Tickets for the sophomore cotillion January 26 will go on sale for the first time Saturday at 1 o'clock in the Memorial Union box office.

A call for volunteers to aid in decorating the Memorial Union ballroom next week end was made by George Campbell, general chairman of the event. The decorations will be unlike any ever used on this campus, according to the committee.

Cotillion committees will meet frequently during the last 10 days of preparation in order to make this first major event of the class an innovation in elaborate formal balls.

MANAGER APPOINTS MEN TO VACANT BAND PLACES

Successful candidates for vacant band chairs were announced by Raymond Coopey, manager of the Oregon State military cadet band. They are Raymond Mays, trumpet; Harry Evely, clarinet; "Chick" Hoffman, clarinet; Howard Doughton, baritone; and John Caldwell, drums.

Vacating members are Robert Hoffman, saxophone; Harold Spence, drums; Robert Witherell, clarinet; Leonard Carroll, clarinet, and Wade Simms, trumpet. The complete roster now includes 71 chairs. Many instruments not previously found in the band are to be heard, producing exceptionally good balance in the opinion of C. H. Woodcock, acting director.

GRAD ACCEPTS POSITION

Oscar Anderson, ex-'23 in commerce, has resigned his position as cashier and director of the First National Bank of Linton to become the special representative of the Mutual Life Insurance Company of New York. He will assume his duties about the middle of this month.

Last Year's Suggestion

Recently comments, both pro and con, have been heard over the campus directed at the honor council and the results being attained from the present method of attack. Yesterday's issue of the Barometer carried two comments on the workings of this student group, making a total of four such letters to the editor in as many days. The question is, what is the cause of this sudden influx of treatises on the honor system?

The task of the system is to bring wayward students on the campus to the judgment they deserve. It also falls to the task of this group to determine the penalty that shall be meted out to the unfortunate. Yet in this particular field the council seems to be falling from grace.

Over a year ago the council decided to publish the names of offenders as a punishment—at its discretion. Either the word discretion means nothing to the administrators or cases have been decidedly lacking. The latter is not the case, admittedly, hence the other must be taken as the excuse for the lapse of faith. The student body is demanding some manner of action on the part of the council in the cases it handles.

Additional credits have proved to be unsatisfactory and expulsion is not practical for the same reasons. There is but one of two courses left, either publish the names of the offenders as was once agreed upon, or eventually being forced to admit failing in the attempt to correct a wrong known to exist on the campus.—D. H. B.

Eighty-five to One

Day before yesterday forty-seven forty-eighths of this country stepped into the realms of martyrdom, while the remaining section, namely Wisconsin, strayed from the pathway of the esthetic and henceforth will be looked down upon from the pedestal the other states are now perched on.

The peace pact was brought to a vote before the governing body and passed with a majority of 85 to one, with John James Blaine holding down the minor position.

For six months the Kellogg treaty has been the principal topic of discussion from hotel to mansion. After 64 nations had signed it in a spirit willing to cooperate to outlaw war the success of the enterprise remained with the senate of this country. Had it been voted down the future of the world would have been something of a conjecture—it may be listed in that category yet, but with less degree of anxiety on the part of members of the group who are elected to suffer when war is declared.

The ratification was not determined in a manner bordering on the simple, even though the vote indicates such a happenstance. Up to the last moment before the vote was called, struggle was eminent and with dissent flaming in the minds of several members of the senate, the issue was decided at the final moment by the human dynamo from Idaho.

The question is settled—for the time being—and although the question of the cruiser bill is still to be determined, the country at large will rest immeasurably easier in the future.—D. H. B.

Student Editorial

"Smudge" Starts Something There was more truth than poetry in part of yesterday's "Smudge From the Pot." What a far cry from the heights of democracy is the existence on this campus of women's social

CALENDAR

- 5:00—Temenids, room 104, library.
5:00—Sophomore Cotillion decoration committee.
7:15—Kappa Kappa Alpha, 305 agricultural building.
7:00—Sigma Tau, mines building.

groups who designate from what classes of the opposite sex their members may "rush."

There are some six local fraternities at this college whose members, plus those of the many independent groups, contain men no different in any respect whatsoever from those in national fraternities. This is supposed to be one of the most democratic schools in the United States, yet this pseudo-caste distinction is present and most of the students are very much aware of it. What sense is there in trying to force inferiority complexes on the men not in the national societies?

The same conditions apply in an inverted manner. Most fraternities favor "sorority dates" for their members. What is to become of the great majority of women students who live in the halls? Are they supposed to sit at home and twiddle their thumbs? They don't, and they won't. The practice does little harm except to those who follow it. Yet this state of affairs may grow into more serious rivalry eventually leading to the abolishment of all Greek letter societies taking with them their many worthy assets which should blush at the existence of a hypocrite so foul within their midst.—B. B. B.

Student Recitals Professor and Mrs. Paul Petri are giving their fourth program for the benefit of the student loan fund Monday evening in the college tea room. This is another of the many worthy functions sponsored by the College Folk club on the campus.

Professor and Mrs. Petri have been on the campus since 1924 and have succeeded in establishing a department of music that holds a leading position in the west. Under Professor Petri's supervision the Madrigal and Glee clubs have presented many successful operettas and concerts, doing much in the way of putting Oregon State on the map.

The Petri recital has become an annual event, looked forward to by music lovers of the campus and town. Being given as a benefit for the student loan fund, it should be of much interest to students who are benefiting from this fund. It has been through such efforts as these that the fund has increased from its modest start in 1911 to the \$40,000 that it now includes. It is surprising to know how many students make use of this means to finance their education. To give one's hearty support to this function would mean the possibility of an education to many.—L. W. B.

STUDENT COMMENT

To the Editor of the Barometer: Years ago, Faraday discovered that when a wire was passed through a magnetic field an electric current was set up in it. Later when he read a paper describing the phenomenon before a learned body of scientists, he was asked of what practical use or value his experiment was. "The day will come," Faraday answered, "when the results of this phenomenon will be taxed." Our modern electrical age attests to the value of this so-called "impractical experiment." In 1888, Hanrich Hertz discovered

PRETTIEST GIRL IN ART SCHOOL

Appreciation of beauty is the cardinal teaching of Kidd-Key college, a fine arts school at Sherman, Texas, and the students proved they learned their lessons well when they decided by ballot that Margaret Walker is the most beautiful girl among them.

that when a spark was allowed to jump a circuit, a similar spark jumped a gap in a similarly timed circuit placed some distance away, although there was no electrical connection between the two. From this seemingly valueless experiment has grown our whole system of radio broadcasting, and communications with ships at sea.

Now, two months ago when a group of surgeons succeeded in keeping a dog's head alive for a period of time after it had been removed from the body, a certain editorial writer, D. H. B., takes it upon himself to make this statement in the Barometer: "The experiment has no direct bearing on society's problems as they concern the average member of the group. When this aim is overlooked, any experiment no matter how successful, is more than useless." Further he states, "The Work of the Russians still remains listed as so much wasted time, as will all other experiments of a similar nature that fail to take the needs of society into consideration before trailing off into the fields of the impractical."

History is replete with instances of experiments which were originally branded as valueless, later becoming the basis of discoveries of great value to society. The attitude of the Barometer writer is archaic and properly belongs to the dark ages. It is the attitude of the French revolutionists who sent Lavoisier, the great chemist, to the guillotine, saying, "What need has France of scientists?" It is the attitude of the Salem judges who sentenced innocent people to be burned to death at the stake as witches.

Upon experimentation as such, is based our whole structure of modern social and industrial life. Pure science is the backbone of and the foundation of all that has been accomplished in raising the common people from serfhood to the status they enjoy today. Who hampers or retards the course of scientific investigation, no matter how impractical it seems, at first, retards the advances of civilization and furthers the crushing of society into the bogs of ignorance.—L. S.

To the Editor of the Barometer:

Both C. L. R. and B. B. B. say cheating is more prevalent under the honor system than under the proctor system. What authority do they quote? It is not likely that they were attending this institution seven years ago—the last year of the proctor system. Where do they get their comparison?

I feel justified in positively contradicting their assumption. There is less cheating being done now at O. S. C. than there was seven and eight years ago when proctors conducted examinations. I have learned this fact from the only people, who, in my opinion, are able to judge—alumni who were here then and who have been intimately associated with campus affairs ever since, and faculty members whose service extends back that far. Of all the persons belonging to these two groups that I have questioned, NOT ONE has claimed greater efficiency for the proctor system.

The next point of C. L. R.'s argument that I question is that of the percentage of cheaters reported. He thinks that only one per cent is reported; this is absurd. No one knows what per cent of the students actually cheat, but the records show that 34 were reported last year. Taking this as representative and assuming that a student has four years in which to be reported, the total is brought to 136. There are approximately 4000 in the student body and 136 is 3.4 per cent of 4000. In other words, 3.4 per cent of all students are reported. Now, assuming that ten per cent of the students are cheaters, then 34 per cent of the cheaters are reported. This is a rather different figure than one per cent.

The next point taken up by C. L. R. is the practicability of the honor system. He positively states that it is not practical. If C. L. R. will come to my office, I will be very happy to show him letters from 15 or 20 colleges and universities claiming that their honor systems are very successful.

It seems to me that B. B. B. and C. L. R. are either ill-versed in the subject upon which they speak or else they have misinterpreted whatever information they may have. However, I have due respect for the courage which they exhibit by making their stand and coming out in the open. It

shows an interest in the subject which is very commendable.—G. W. S.

ANNOUNCEMENTS

Alpha Zeta pledges will be initiated at 5 o'clock in room 140 agricultural building, followed by a banquet in the Memorial Union building.

The Beaver pep committee will meet today at 11:50 o'clock in front of the commerce building for Beaver pictures.

Sigma Tau will meet at 7 o'clock tonight in the mines building.

The advanced social dancing class will meet at the Memorial Union building today at 5 o'clock instead of at the former women's gymnasium. Students interested in enrolling in a 4 o'clock class on Thursday may sign in the main office at the women's building.

The Charles Eliot club will meet today at 12:40 o'clock in front of the commerce building for Beaver pictures.

A skating party will be given by the "Seekers," tomorrow night. Trucks will leave the church at 7:30 o'clock. Everyone is invited.

Kappa Kappa Alpha will meet tonight at 7:15 o'clock in room 305 agricultural building. Members and pledges are asked to be present.

Sophomore Cotillion decoration committee will meet today in the lounge room of the Memorial Union building at 5 o'clock.

All members of Temenids are asked to meet in library 104 today at 5 o'clock.

All juniors registered in the school of agriculture interested in interclass basketball report at the men's gymnasium at 6 o'clock tonight for a practice game.

Commerce sophomores interested in interclass basketball will meet in the men's gymnasium at 6 o'clock tonight.

The regular meeting of Theta Sigma Phi will be postponed until next Thursday. Members will be guests of Dean Kate W. Jameson tomorrow noon at luncheon in the tea room in honor of Jeanette Cramer.

Physical education class will meet in the women's building Friday morning at 9 o'clock.

The natural dancing class open hour is on Tuesdays and Thursdays at 5 o'clock. Women's Athletic association points will be awarded to members of the class for attendance at practices and creative work accomplished by the members. The general

Have you done your house work?

DEAR

Dear little girl with your eyes so brown And your sealskin coat that's the talk of the town Dear little girl.

Dear little girl, how charming your lips That close over English imported cork tips Dear little girl.

But I lack the price of the curl in your hair, And a three room flat is my castle on air

If I have a wife I'll never quite dare Say "Dear little girl."

Now go on to your classes, and if all the Sigma Nu's stay sober over the week end so that we'll have something to talk about Monday we'll tell you all about Dip Rhinehart's new girl.

JOE COLLEGE'S DIARY

Up and sleepy at noon, and the house wreaking with odors of ye liver and onions, methinks a fine dish for dogs, and so to the electric. Anon sundial did show lateness of the hour, and so home and dressing for social brawl. To dancing and did smile heartily at first trade, a fine girl but an amazon and cursing under her breath to punch bowl. Albet did drink 20 glasses and cranking lizzie to home

whereat did lost 40 pence playing blackjack, an unworthy game, and; so to bed.—M. B.

COUGARS PREPARE TO MEET BEAVERS

Washington State Dropped Six Out of First Seven Games; Mastered Grizzlies

By Henry MacLeod
Sports Editor, Washington State Evergreen

WASHINGTON STATE COLLEGE, Pullman, Jan. 16.—(Special to the Barometer)—With their first conference game tucked safely away in the win column, Washington State's Cougar basketball team will entertain Oregon State here Saturday night in another conference fray.

With a new coach, Jack Friel, at the helm, the Staters started out dismally this season and dropped six out of their first seven games. Prospects were anything but rosy when the club entrained for Missoula, but the addition to the lineup of Teddy Rohwer, two-year veteran and football star, and Gene Endslo, elongated center, gave the Cougars the necessary spark. With the two new players leading the attack, the Friel-men set the Grizzlies back by a 44 to 23 score.

Only six of Coach Friel's traveling squad are lettermen, while the rest are either sophomores or juniors. The starting lineup against Montana saw Rohwer and Archie Buckley paired at the forward posts. Gene Endslo held down the pivot job and Jimmie Gilleland and Bob Van Tuyl, sophomore flash, were opposite each other in the back court. Van Tuyl, a star on last year's yearling aggregation, has developed into one of Coach Friel's most dependable hoopers and has clinched a first string job. Eddie McDowell, leader of the Cougar pack last winter, has been slow in getting into shape for the 1929 campaign, but has seen action in all the pre-season tilts and should have a big year ahead.

Two days after the Orangemen invade Pullman, the Palousers run into another tough opponent when Oregon plays here. The Eugene boys are rated highly this year, although they did take one on the chin from Gonzaga a few days ago. Following the Oregon battle comes a two-game series with Gonzaga and then the Staters meet Idaho and Washington in conference tilts.

The starting lineup against Oregon State will probably consist of Rohwer and Buckley, forwards; Endslo, center; and Bob Van Tuyl and either McDowell or Gilleland, guards. Other State loopers who are likely to see action against Coach "Slats" Gill's five are Ted Cragin, letterman forward, Leonard Mitchell, letterman center, and Phil Pesco and Earl Mitchell, sophomore guards.

CLUB WILL PAIR OFF FOURSOME PARTNERS

Golf Association Plans Meet To Avoid Unfair Matches By Classing Players

Partners for the mixed two ball foursome, the feature of the Oregon State golf club's program this term, will be paired off next Wednesday. At the same meeting, all freshmen interested in making the "rook" team will draw for opponents.

Tournaments will be held this year for all classes of players, thus eliminating too stiff competition for the less experienced. In these tournaments there will be matches between the beginning students, mediocre class and matches for the advanced golfers who are ready for varsity competition.

Immediate action with regard to joining the golf club and starting early practice is urged all freshmen as Salem and several Portland high schools have already bid for early matches. The large turnout at the meeting last night gives promise of a successful season.

Reduced rates and special privileges are given to members of the Oregon State golf club on the local course. The club was organized for those interested in golf as a school sport and promotes varsity and freshmen meets as well as student tournaments. The organization is open to all those students wishing to play golf in varsity competition or for personal recreation. Walter Manville, president of the club, will gladly furnish any information regarding the club and its activities.

FORMER STUDENTS MARRY

Leslie M. Oliver, '27 graduate in vocational education, and Ruth Laird, '25 graduate in home economics, were married at Syracuse, N. Y. Mr. Oliver took graduate work last year at Harvard and is now instructor in English at the Syracuse university. He was assistant in the English department while on the campus and a member of Sigma Gamma social fraternity.

WASHINGTON CO-EDS PLAY IN SNOW

When week ends are dull the university students of Seattle tie themselves to Mount Rainier where toboggans furnish thrills and spills.

COMPETITION CLOSE FOR INTRAMURAL CUP

Omega Upsilon Leads Sigma Pi By Slender Margin

Omega Upsilon is leading all organizations on the campus in the race for the silver loving cup offered each year to the group amassing the most points in intramural athletic competition. The leaders top the list of 44 groups by a slight margin of two points. Sigma Pi and the Phi Sig's are pushing the Omega Upsilon with 28 and 25 points in second and third places respectively.

Alphee club heads the independent group with 24 points and places fourth in the all-school trophy race. Weatherford, second highest in this league, is in eighth place with 18 counters.

The Kappa Psi, Psi Chi, Delta Upsilon trio is in a three-way tie for lowest score with a single point each. Handball, swimming, tennis, baseball, track and horsehoe competition remain on the intramural schedule for the winter and spring terms.

The standing to date for the trophy is as follows:

1. Omega Upsilon	30
2. Sigma Pi	28
3. Phi Sigma Kappa	25
4. Alphee	24
5. Theta Chi	21
6. Tau Delta	19 1/2
7. Sigma Phi Sigma	19
8. Weatherford	18
9. Cauthorn	18
10. Alpha Gamma Rho	18
11. Poling	17
12. Orion	16
13. Hawley	14
14. Pi Kappa Phi	14
15. Delta Sigma Phi	13
16. Beta Kappa	13
17. Sigma Chi	11
18. Buxton	11
19. Tau Kappa Epsilon	10 1/2
20. Alpha Sigma Chi	9 1/2
21. Kappa Delta Rho	9
22. Sigma Phi Epsilon	7 1/2
23. Phi Gamma Delta	7
24. Sigma Gamma	5 1/2
25. Alpha Tau Omega	5
26. Lambda Chi Alpha	5
27. Acacia	4
28. Beta Theta Pi	4
29. Phi Delta Theta	4
30. Theta Xi	4
31. Tri-V	4
32. Sigma Alpha Epsilon	3 1/2
33. Delta Kappa	3 1/2
34. Theta Delta Nu	3 1/2
35. Kappa Sigma	3
36. Pi Kappa Alpha	3
37. Hesperian	3
38. Alpha Chi Rho	2
39. Kappa Delta Sigma	2
40. Phi Kappa Tau	1 1/2
41. Sigma Nu	1 1/2
42. Delta Upsilon	1
43. Kappa Psi	1
44. Psi Chi	1

CHAMPION TO COACH VARSITY SWIMMERS

Tentative Meets With Oregon And Multnomah Splashed Scheduled by Lodell

John C. Kenney of Stanford university, selected as swimming coach and instructor by the department of physical education, arrived here yesterday.

Kenney was graduated from Stanford with the class of '28 and was a member of the swimming and water polo teams for three years. He holds titles for both high and spring-board diving events. Acting as assistant coach of Stanford for the last three years he has been successful and is highly recommended by Brandsten, Stanford head coach.

Tentative dates for meets with the

MERMAIDS SIGN UP FOR AQUATIC EVENT

Contestants Have Opportunity To Test Endurance Power In Ten-mile Swim

Forty-five "mermaids" have signed up for the swimming meet to be held in March. The events for the meet will include a 25-yard freestyle, 50-yard freestyle, 100-yard freestyle, 25-yard racing back, 50-yard racing back, 25-yard breast stroke, diving, crawl, raising back and breast-stroke for form and medley relay. A preliminary meet will be held soon after mid-terms.

Forty-three women have entered the advanced swimming classes. Qualifications for these classes are the ability to swim 25 lengths, tread water for one minute, dive from 6-foot deck, straight front dive from board, crawl stroke and ability to recover washer from deepest end of pool which is 9 feet, 8 inches.

A 10-mile swim is planned for this term. Time allowed for completing the required 10 miles is six weeks. Anyone may enter and any stroke may be used. One must swim 18 lengths each night, the equivalent to one-quarter mile. Each swimmer is asked to bring her own timer. Time is taken of the actual amount of swimming, added up, and the person doing the 10 miles in the shortest period wins the contest. Points are awarded and added to team points earned in the meet.

All girls interested are requested to sign up immediately and come out at 5 o'clock Mondays and Wednesdays. Ten practices will be required for the first meet.

University of Oregon have been arranged by Carl Lodell, graduate manager. The dates arranged are a varsity meet at Eugene, February 9, a rook-fresh meet here February 16, and a final varsity meet here March 2. Two meets with the Multnomah Athletic club of Portland are to be arranged.

Swimmers have been practicing every evening under temporary supervision of Lee Hoyer and Reg Flood, seniors in vocational education.

ENGINEERS IN DEMAND

Students graduating this year in electrical, civil and mechanical engineering are in great demand for flood control work on the Mississippi, according to word received by Lieutenant R. G. Lovett, from the United States district engineer at Vicksburg, Miss. The project involves work on floating plants, dredges, levee construction and other control problems. Opportunities for advancement are good. Those interested, see Lieutenant Lovett, room 18, armory.

HANDBALL GAMES SLOW LAST NIGHT

Five Fraternities Win Frays In Second Series Matches Of Intramural Play

Games of the second series of the intramural handball tournament played last night were not as fast as those played Tuesday night. The best game last night was played by Theta Delta Nu and Omega Upsilon. Although the Theta Delta Nu won by a good margin, there was some lively playing by both teams.

In the first game Hoyt and Carter of Kappa Delta Rho proved too much for Erickson and Smith of Lambda Chi Alpha taking two games straight by the score of 21 to 1 and 21 to 10. Alpha Sigma Phi won their game from Acacia by the decisive scores of 21 to 2 and 21 to 3. The Alpha Sig's took the lead early and showed superior playing throughout the two games. Tousey and Quirk played for Alpha Sigma Phi and Jellum and Warg for Acacia.

Kappa Delta Sigma failed to appear, thereby forfeiting their game to Sigma Gamma 21 to 0. Theta Delta Nu, represented by Sternweis and Williamson, showed superior team work in a fast game, winning from Omega Upsilon by the scores of 21 to 11 and 21 to 3. Galloway and Essman played for Omega Upsilon. Psi Chi forfeited to Tau Delta thereby losing the game 21 to 0.

A mistake was made in the Wednesday's Barometer concerning the

DEAN ADDRESSES GIRLS

Dr. Kate W. Jameson, dean of women, spoke before high school girls in Salem yesterday.

handball games. Schell and Nicholson of Alpha Tau Omega won from Pennel and Murray of Phi Kappa Tau instead of losing as stated.

The schedule for today's games are as follows:

Independent league A, 6 o'clock—Orion vs. Alphee; Tri-V vs. Hesperian.

Independent league B, 7 o'clock—Weatherby vs. Buxton; Poling vs. Hawley; Cauthorn—by.

complete the course is 14 months and on completion two thirds of the students remain with the company.

Student courses are given at General Electric plant in Fort Wayne, Ind.; Schenectady, N. Y.; Erie, Pa.; Philadelphia, Pa.; Pittsfield, Pa.; and Lynn, Mass. Those taking work at Lynn plant are given the opportunity of getting a M. S. degree at the Massachusetts Institute of Technology on the company's time.

A country club boasting of one of the best golf courses in the state of New York is maintained for the students, a charge of \$17.50 per year being made to first year men. A boat house and several clubs are also used by students for recreational purposes.

The General Electric company in the six plants employ 75,000 people. The Schenectady plant alone has 5,000 names on its payroll. The manufacturing plants are situated in the east, though sales offices are maintained in all western cities.

SENIORS ASSURED FINANCIAL HELP

(Continued from page 1)

Ehrman, '26 received his master's degree at the University of Minnesota last year and is this year taking advantage of a scholarship given him last year along with an award of \$20,000 for outstanding work in the field of chemistry.

Any senior interested in advanced work in his field is advised to first consult the men in his department with reference to the best college or university for him to attend, and then see Dr. Rowland personally for details relative to the procedure in securing a position. All application blanks will be in the hands of the school concerned before March 1.

AT THE THEATERS

Whiteside
For action, mystery, melodrama and appealing romance, "The First Kiss" presented at the Whiteside today, is said to be unequalled.

The picture, taken from the original short story "Four Sons" by Teistrup Tupper, centers around the love of a poor young man for a girl who is rich. His three brothers are lazy, but having family pride the brother, who is Gary Cooper, forces them to choose professions and he sends them to school. How he finances them and how he finally wins the girl he loves make a dramatic and thrilling story.

Richard Dix, that fighting go-getter, is coming to the Whiteside Saturday in "Warming Up."

Majestic
A mother who steals her daughter's lovers to save her from money-mad marriage is Irene Rich in "The Silver Slave" now playing at the Majestic. Miss Rich goes through the picture with an evident enjoyment, a verve, and gaiety, which carries the idea of its highest point. As a girl, she had been married to a man of wealth and such her senior. When he died he left her with a small daughter and a fortune which was at her disposal until she should decide to marry again.

SECOND TEST GIVEN BY SIGMA DELTA PSI

Sixteen Participants Qualify For Handspring and Stand In Athletic Feats

Aspirants to Sigma Delta Psi, national athletic honorary fraternity, showed increasing interest at the second, tryout yesterday afternoon. Twenty-four men signed as participants, and 16 of these passed in one or more of the scheduled events.

The events scheduled yesterday were fence vault, handspring and handstand. A. Frederick was the only man to qualify in all three events. Men qualifying in fence vault and handspring include Lester Wilson, Don Darrows, Ronald Johnson, Charles Bockman, Herbert Disbrow, Lee Hunt and H. F. Wolfe. Others qualifying in events are Winston Williams, fence vault; William Burr, handstand; Carl Gilmore, fence vault; Rayne Revoley, fence vault; John Essman, fence vault and handstand; Robert Main, handstand; Ned McMasters and Earl Hardy, handspring and handstand.

Another tryout will be held in the men's gymnasium next Wednesday afternoon at 4 o'clock.

STUDENT EXPLAINS BANKING PROBLEMS

Y's Rooks and Y's Sophomores Make Initial Attempt At Combined Action

"Big business and religion can go hand in hand," said Kenneth Hickok, special in commerce, in his speech, "Banker's Religion," before the assembled group of Y's rooks and Y's sophomores in the club room of Shepherd hall last night.

Hickok is on leave of absence from the Bank of California in Portland. He enumerated the experiences and trials that confront a banker, and explained how to cope with them.

The meeting was the first attempt of the Y's rooks and Y's sophomores to combine. Roland Ferguson, president of the Y's sophomores, acted as chairman for the group.

SPEAKER DISCUSSES FRANKLIN'S METHODS

Advertisements in Papers Read Before Alpha Delta Sigma; Journalist Honored

The life of Benjamin Franklin in its relation to advertising was discussed by A. W. Lawrence of the Corvallis Printing company at a meeting of Alpha Delta Sigma, national honorary fraternity in advertising, yesterday in the Memorial Union building, to celebrate the birthday anniversary of the journalist.

Advertisements which appeared in Franklin's publications were read during the discussion. Mr. Lawrence pointed out that many principles of these advertisements were still used.

Leslie Anderson, senior in commerce and president of the local chapter, announced plans for a meeting of students interested in advertising.

MISS BARNES SELECTS PLAY FOR DRAMA CLASS

The annual community drama production to be given March 1 has been chosen by Miss Elizabeth Barnes, associate professor of public speaking. It is to be "The Queen's Husband," written by Robert E. Sherwood, author of "The Road to Rome."

Copies of the play have been ordered and casting will start as soon as they arrive. Any student who has had the course in community drama, or is taking it now, may try out.

FORMER DAY EDITOR WRITES FOR DAILIES

Lulu Earnhart Aids in Home Service Syndicate Work Of Western Papers

Lulu Earnhart, '27 graduate in vocational education, is doing home service syndicate work for newspapers of western Washington including newspapers in and around Seattle.

"We haven't very many lines of service yet, but things are getting better," writes Miss Earnhart. "We are responsible to The Barbara West Livable Home service for weekly newspapers, the Elizabeth Lee Home Making service for large dailies and Sally Lane's Household Scrapbook for smaller dailies."

Miss Earnhart was formerly day editor of the Barometer and is a member of Theta Sigma Phi, national journalistic fraternity for women, member of Cap and Gown, senior women's honorary society and Phi Kappa Phi, all-school honor society.

A. A. U. W. BRIDGE BENEFIT TO HAVE MUSIC PROGRAM

Miss Dorothea Cordley, daughter of Dr. A. B. Cordley, dean of the school of agriculture, will give a vocal solo as a feature number of the program for the bridge benefit which is to be given on Saturday, January 19, in the ballroom of the Memorial Union building by the Corvallis branch of the American Association of University Women.

A whistling solo by Ruth Hudson, sophomore in home economics, readings by Elizabeth Wade, freshman in home economics, vocal solo by Helen Bell, junior in home economics, cello by Rosemary Dwyer, and violin by Lucelia Bates, constitutes the rest of the program. Faculty, students and townspeople are invited to attend. Reservations for tables may be obtained by calling Miss Esther McKinney, college 107.

CANNING INSTRUCTION WILL BE SHORT COURSE

Two short courses will be offered in the horticultural products department January 28 to February 16. The first course, dealing with the double seaming of cans, is designed to instruct canners in the care, adjustment and operation of all Caneco machines.

The second course pertains to the canning of fruits and vegetables as a commercial industry. Forty-five students were enrolled last year representing four states. Letters received by E. H. Wiegand, professor of horticultural products, indicate a general interest in these subjects and a larger enrollment this year.

NEW WORK IN TEXTILE DESIGN CLASS POPULAR

"The textile design classes are more popular this term than ever before," says Gladys Johnson, instructor in clothing and related arts. "We are doing some new work that has never been done here before in weaving. The girls are going to weave dress and coat lengths on the big looms."

The girls are doing embroidery work of all kinds. Some are making needle-point bags, footstools and chair seats, while others are making silk quilted robes, bedspreads and pillow tops, and others are making hand woven colonial designed rugs on the large looms, and hooked rugs.

The class is required to do problems in block printing, weaving, embroidery, and two problems from choice.

RUTH BENNETT HONORED
Ruth Bennett, '28 graduate in vocational education, was elected secretary of the dean's division of the Oregon State Teachers' Association which met in Portland. Miss Bennett is dean of girls at West Linn high school.
