## MISCELLANEOUS INFORMATION.

---

### **Admission, Examination, Etc.**

Candidates for admission, if from another Institution, must satisfy the Faculty with respect to their honorable withdrawal from the same.

None will be admitted into the Freshman Class under fourteen years of age; nor into an advanced class without a corresponding age. Candidates will be examined on the studies previously pursued by the class which they propose to enter.

Public examinations of the classes are made at the close of the year, and no student who absents himself from the examination, or fails to master the studies of the session, will be permitted to proceed with his class.

### **Scientific Course.**

The full Collegiate Course above prescribed, is earnestly recommended as best for all, but if any prefer to omit the Ancient Languages, they can pursue the Scientific Course, embracing the remaining studies in the foregoing scheme.

### **Degrees.**

The degree of Bachelor of Science, Bachelor of Arts, and Master of Arts, are the regular degrees conferred by the College.

The first named is granted to those who complete, in a satisfactory manner, the Scientific course.

The degree of Bachelor of Arts is conferred on those, only, who pursue the full course, Classical and Scientific.

The degree of Master of Arts may be conferred, in course, on every Bachelor of Arts of three years' standing, or more, who has been engaged, since his graduation, in some literary occupation, and has sustained a good moral character. It will be conferred only on those who apply for it at least a week before commencement, and provide for the payment of the customary fee.

#### Female Department.

Young ladies will be admitted into all the College Classes, and will be entitled to the same honors and diplomas as are conferred upon young gentlemen.

In addition to the thorough mental discipline that this arrangement will give them, competent instructors will be secured for the departments of Music, Painting, Drawing, etc.

#### Location.

The College is located in Corvallis, Benton County, Oregon. To those who have once visited Corvallis, there is no need of mentioning that our city, in point of climate and natural scenery, is unsurpassed in the State. Corvallis is justly noted for the salubrity and healthfulness of its climate.

#### Sessions.

The School year is divided into two sessions of twenty weeks each. There is one vacation of twelve weeks.

Second Session ends June 20th, 1868.

#### **College Laws.**

Believing that the perfection of government consists in teaching others to govern themselves, the trustees publish the following rules, more to indicate the PRINCIPLES which students will be required to observe than to constitute a code of statutes :

1. Students will be required to abstain from all obscene and profane language.

2. They will be expected to maintain a gentlemanly deportment towards the teachers and one another.

3. No student shall play at cards or billiards, or frequent places of gambling or drinking, or buy, keep, or use in his room or elsewhere, any intoxicating liquors.

4. No one can remain a member of the Institution who is idle or vicious, or whose influence is considered detrimental to the discipline or reputation of the College.

5. Young ladies boarding in the village or vicinity, who are under the care of the Faculty, will not be permitted to receive the visits of young gentlemen, without the written consent of their parents, under such restrictions as the Faculty may require.

6. All students will be required to practice punctuality and diligence, and to yield prompt and cheerful obedience to such additional regulations as the Faculty may from time to time find it expedient to adopt.
