THE FIRST COMMENCE- MENTS

Corvallis College, the forerunner of Oregon State University, first granted degrees to a class of graduating seniors at its Commencement Exercises on Thursday, June 30, 1870. At that time the degree of Bachelor of Science was conferred upon two men and one woman: James K. P. Currin and Robert McC. Veatch of Cottage Grove and Alice E. Biddle (Moreland) of Corvallis.

In 1871 one man, Hugh McNary Finley of Corvallis—a nephew of Rev. William A. Finley, president of the college—received a Bachelor of Arts degree, and George Frederick Burkhart of Lebanon, James Davis Fountain of Jacksonville, and William Riley Privett, Mary Jane Harris (Whitby), and Frances Jane Kendall (Henkle) of Corvallis received B.S. degrees.

In 1872 Thomas C. Alexander and John B. Eglin of Benton County, Rosa Jacobs (Selling) and Alonzo J. Locke of Corvallis, and James Knox Weatherford of Albany received B.S. degrees. In 1873 the graduating class included Leander N. Liggett of Albany, Clara M. Thayer (Harding) of Corvallis, William Franklin Herrin of Jacksonville, and Oscar L. Ison of Baker City.

THE FIRST ADVANCED DEGREES

The first Master of Arts degree was conferred upon Franklin Cauthorn of Corvallis in 1876. In the next ten years additional A.M. degrees were granted to Ernest White of Albany, William E. Yates of Corvallis, William Y. Masters of Portland, and Herbert Kittredge of Monroe.

DISTINCTIVE DEGREES

From 1892 to 1900 nearly all degrees conferred had distinctive titles: Bachelor of Scientific Agriculture, Bachelor of Household Economy, Bachelor of Mechanical Engineering, Bachelor of Literary Commerce, and Bachelor of Electrical Engineering. After 1900 the B.S. degree was reinstated as the principal degree awarded.

GRADUATE PROGRAMS

Beginning in 1897, the college announced two-year programs of advanced study leading to the Master of Science, Master of Household Science, and Mechanical Engineer degrees. In 1906 Frank E. Edwards, Class of 1895, William Wicks, Class of 1904, and Mahesh Charan Sinha, a graduate of Allahabad University in India, received Master of Science degrees.

FIRST PROFESSIONAL DEGREES

Walter Eakin Wade completed the graduate course in engineering in 1907 and received the Mechanical Engineer degree (M.E.). Further professional engineering degrees were granted the next year to Joel Emily (Mechanical Engineer), Wilford Gardner (Civil Engineer), and Samuel Herman Graf (Electrical Engineer).

FIRST DOCTORATES

The first doctoral degrees were conferred in 1935 when Clarence Burnham of Brigham, Utah, Herbert L. Jones of Corvallis, Karl Klemm of Berkeley, California, and Alfred Taylor of Corvallis received the Doctor of Philosophy degree.

Awarding of the Doctor of Education degree began in 1943 with Myles Houston Ritchie of Vancouver, British Columbia, and continued in 1947 when George Samuel Eby of Stockton, California, William Cyril Osgood of Orissa, India, and Ralph John Wentworth-Rohr of New York, New York, received their Ed.D. degrees.

CENTENNIAL SUMMARY

In ninety-nine years, this institution, known at various times as Corvallis State Agricultural College, The State Agricultural College of the State of Oregon, Oregon Agricultural College, and Oregon State College before it became Oregon State University in 1961, has granted a total of 51,996 earned degrees, 59 honorary degrees, and 384 certificates of graduation. Bachelor's degrees totaled 43,181, master's degrees 7,499, professional degrees 70, and doctoral degrees 2,246. Those awarded at this Centennial Commencement will swell the total to more than 54,000.

HONORS AND DISTINCTIONS

University Honors Program

The University Honors Program provides greater breadth and depth of educational opportunity to students of superior scholastic ability. All of the facilities of the University are available to provide a wide variety of intellectual experience. Flexibility is stressed in an effort to fit the education to the needs of the individual.

All students enrolled in the program participate in freshman and sophomore honors colloquia, attend special lectures, and take basic courses outside their area of specialization to acquire breadth of experience. During their junior and senior years, special seminars and courses, guided reading programs, and independent study and research provide depth to their programs. Those students marked with an (*) in the Baccalaureate Degree list have successfully completed all requirements in the University Honors Program.

Phi Kappa Phi

Phi Kappa Phi, national scholastic honor society founded at the University of Maine in 1897, recognizes and promotes scholarship in all fields, the liberal arts and sciences as well as professional education.

GIFTS

Oregon State University gratefully acknowledges the receipt of many gifts to the institution. These gifts from individuals and organizations significantly benefit students, faculty, and programs. Student awards are described in the catalog and a partial list is recorded elsewhere in this commencement booklet.

Oregon State University Foundation

The Oregon State University Foundation, the non-profit corporation through which interested persons or organizations may make gifts and bequests to the institution or any of its divisions, has brought indirect as well as many direct benefits to Oregon State. The Foundation fills the need for a legally sound, inclusive, and permanent agency apart from, but working in close coordination with, the Administration. Its purpose is to aid and promote educational and charitable activities for the benefit of the public served by Oregon State University through education, research, and service.

Funds received from all sources into the Foundation for the calendar year 1968 \$541,746.02.

Oregon State University Library

Memorial Books

Each year, under a plan promoted by "Friends of the Library of Oregon State University," books are added to the Library as gifts of individuals and groups in memory of deceased friends and relatives, and particularly in memory of persons who have been closely associated with Oregon State University. Each of the books is appropriately marked with a special memorial bookplate recording the name of the person memorialized and the donor. During the last year 256 gift volumes memorializing 60 persons have been added to the Library. Since 1943, when the Memorial Book Plan began, 4,507 books have been placed in the Library. These books constitute constructive memorials of enduring worth.

Other gifts

Through the OSU Foundation, the Library benefitted from several sources.

There were many other gifts from individuals, groups, and commercial firms varying from single books to small collections.

The total estimated value of all gift collections, including memorial books, approximated \$7,181.

Memorial Union

The Memorial Union acknowledges the gracious cooperation and generous support of the many friends who have made its cultural and educational programs for the entire campus community possible.

Horner Museum

The Museum makes grateful acknowledgment of the many gifts and loans that have contributed so much to the expansion and quality of the displays. Hundreds of individuals have brought specimens, heirlooms, and personal treasures to all departments of the Museum so that they may be enjoyed by the public.

Academic Costume

ACADEMIC GOWNS represent a tradition which comes down from the universities of the Middle Ages. At that time they were a common form of dress and were retained by the clergy when the laity adopted more modern styles. The caps, originally round, later became square mortar boards. The hoods were originally cowls attached to the gown which could be slipped over the head for protection from the weather.

The significance of the costume is indicated especially by the sleeves and hoods. The bachelor's gown has pointed sleeves; the master's gown has long, closed sleeves; and the doctor's gown has bell-shaped sleeves and velvet trimmings.

The colored velvet border of the hood indicates the field of study to which the degree pertains. For example, Agriculture is maize; Arts and Humanities, white; Business, drab; Education, light blue; Engineering, orange; Forestry, russet; Home Economics, maroon; Music, pink; Pharmacy, olive green; Philosophy, dark blue; Physical Education, sage green; Science, golden yellow; Veterinary Science, gray.

The colorful lining of the hood indicates the institution from which the wearer received his or her degree. The lining of the Harvard University hood, for example, is crimson; Yale, blue; Wisconsin, bright red; Minnesota, old gold and maroon; California, gold; Washington, purple above gold; Oregon, lemon yellow and dark green; Stanford, cardinal; Michigan State, green; Iowa State, gold above cardinal; Oregon State, burnt orange.

Alma Mater

Within a vale of western mountains,
There's a college we hold dear.
Her shady slopes and fountains
Oft to me appear.
I love to wander on the pathway
Down to the Trysting Tree,
For there again I see in fancy,
Old friends dear to me.

(Chorus)

Carry me back to OSU,
Back to her vine-clad halls;
Thus fondly ever in my mem'ry
Alma Mater calls.
