Mailing address updates for per capita checks

The last day to get your mailing address updated in time for your per capita check to be mailed to a new address is **Friday, July 14, 2017**, by the end of the business day. Any address changes after that date will affect the mailing of the per capita check, causing a delay in receiving it.

Please see the information below about address changes and Missing Moccasins. For the full policy regarding per capita checks, please see the Tribal Member Distribution Ordinance on the tribal website – ctsi.nsn.us – under Government Listings > Tribal Ordinances.

One of the popular questions is “**How much is per capita going to be?**” That amount is calculated on July 1, taking in to account the amount to be distributed, the number of enrolled Tribal members alive on that day and postage costs.

On Monday, July 3, after 12 p.m., you will be able to call **541-444-8224** to hear an automated recording of the amount as well as going to the Tribal website, under the opening page of the member area login for the written announcement.

Where is my per capita check?

Per capita checks will be mailed on Monday, July 31, to the **current** address on file with the Enrollment Department.

- The Tribal Member Distribution Ordinance requires distribution of checks to be initially **mailed**; therefore it **cannot** be picked up at the Siletz Tribal office. Per capita checks **cannot** be direct deposited.
- Mail from Siletz takes as long as four days to get to an address in Portland, Salem and Eugene. Please allow for the “snail mail” time before calling to see where your per capita check is.
- If you are a Missing Moccasin as of Friday, July 14, your check will be held until a correct address is submitted. If you are a Missing Moccasin and update your address between Monday, July 17, and Monday, July 31, the per capita check will be **mailed** on Tuesday, Aug. 1, 2017. All other Missing Moccasins who update their address after Aug. 1, 2017, will have their checks mailed when the address update is received.
- The adult Missing Moccasin list is now on the Tribal website on the Enrollment page under Government Listing. Please check there to see if you know anyone who is listed.
- Policy states you must wait 15 business days (in the case of per capita checks until Aug. 21, 2017) from the

Tribal vocational rehabilitation program here to help

The Siletz Tribal Vocational Rehabilitation program (STVRP) is here to assist members of any federally recognized Tribe (living within the Siletz Tribe's service area) with overcoming impediments to employment. We work with a diverse population of individuals who have disabilities ranging from cognitive impairments to physical limitations.

If you have a documented disability that creates limitations or prevents you from doing the work you desire or are qualified for, we would like to assist you. We can help with obtaining and maintaining employment and developing skills.

We focus on motivation, identifying your abilities, skills that lead to successful employment and the development of self-advocacy.

You should have a strong desire to work and be willing to work collaboratively with STVRP staff to provide you with the services needed to overcome

your disability. Your personal goal should be self-sufficiency and to live a healthy sustainable lifestyle.

STVRP also assists transitioning students with disabilities. The ideal age for a student to start working with VR is two to three years before graduation and until age 22 or graduated from high school.

Our program can provide vocational guidance and counseling, assist with identifying employment goals, employment retention and advocacy within the academic environment.

Students with a documented disability or who are on an Individualized Education Plan – IEP or on a 504 Plan are encouraged to participate in STVRP.

Examples of services provided by STVRP include:

- Guidance and Counseling
- Referral to Services
- Employment Services

- Portfolio Building, Resume Writing, Interviewing Techniques, Job Coaching
- Culturally Relevant Individualized Services
- Evaluations and Assessments
- Training Placement Opportunities
- Adaptive Equipment

For more information about the STVRP, call 800-922-1399 or 541-444-2532. We also maintain resource and employment boards, so please stop by if you're interested. You can speak to VR staff in the following locations:

Gathering basket-making materials

Summer is coming and hazel sticks are ready to pick and peel.

Hazel stick gathering is a must for anyone interested in making traditional Siletz baskets. Spruce root can be dug all year round and is used for the weavers or weft of Siletz baskets.

Bear grass and maidenhair fern are used for overlay to make our traditional designs or marks in our baskets and both are picked in late summer.

Any Tribal members interested in gathering can call Bud Lane at 800-922-1399, ext. 1320, or 541-444-8320, or email budl@ctsi.nsn.us.

Just a reminder – basket materials must be gathered in a timely fashion. Due to our changing climate, these times may vary.

Here is a general breakdown of gathering times for different materials:

July

Fir sticks, spruce roots, bear grass, maidenhair fern

August

Fir sticks, spruce roots, bear grass, maidenhair fern, hazel sticks (limited), willow sticks

September

Bear grass, maidenhair fern, woodwardia fern, spruce roots

Help needed at the second Cut Wood for the Elders Day

The Tribal Natural Resources Committee and Natural Resources Department will sponsor the second Cut Wood for the Elders Day of the year on July 15.

The woodcut will be held on the Tribe's Logsdon Road property between the Tribal food distribution warehouse and the Tribal vehicle storage yard in Siletz.

We need lots of volunteers to help cut, split and deliver firewood for Tribal elders. Bring your chainsaws, hydraulic wood splitters, splitting mauls, axes and lots of energy.

Lunch, drinks and snacks will be provided. We will start at 8 a.m. and go until around 2 p.m.

The goal of this event will be to deliver firewood to as many elders as possible. The Elders Program maintains a list of elders who burn wood for their winter heat.

People willing to haul firewood to elders outside of the Siletz area should contact the Elders Program clerk at 800-922-1399, ext. 1261, or 541-444-8261 to be paired up with an elder in need. We especially need folks who can haul wood to the Eugene, Salem and Portland areas.

Elders in need of firewood also should contact the Elders Program clerk to get their name on the delivery list.

The first woodcut held in May was immensely successful. Let's see if we can repeat that success at this one.

Isaac Butler helps cut wood with 59 other people at this year's first elders woodcut on May 20.

If you have parents or grandparents who burn wood in the winter to stay warm, you need to help out at this event!

Be sure to mark your calendars for the final woodcut of the year that will be held Sept. 16.

Planning Department wants to know: Paper or digital?

The Planning Department is experimenting with new ways to administer Tribal member surveys.

In January, we developed a web-based Transportation Survey. This month we are trying out social media by creating a Facebook page!

When we send out a survey, we hope to get as many responses back as possible. We need to gather information and get feedback from you in order to make good decisions. But we also want to minimize the burden involved in filling out and returning a survey.

So if having a survey delivered to your email inbox is easier for you than getting a paper one in the mail, we'd like to know that. But if you prefer paper surveys, that's important for us to know as well.

In the future, we might also consider having a staff member call you to read the survey out loud and get your responses verbally. This is the most expensive option, however.

We welcome your opinions on the following questions:

1. Do you prefer paper surveys or web-based surveys?
2. Do you prefer to be contacted by mail, email, phone, text message?

You can let us know using one of the following ways:

- Contact Jen Martin, Planning data coordinator, by phone at 541-444-8271 or 800-922-1399, ext. 1271; or email at jmartin@ctsi.nsn.us
- Take our poll on Facebook! Search for "Confederated Tribes of Siletz Indians Planning Department"

Change in Siletz Clinic check-in times

How to view the 2017 solar eclipse safely

From eclipse2017.nasa.gov/safety

A solar eclipse occurs when the moon blocks any part of the sun. On Monday, Aug. 21, 2017, a solar eclipse will be visible (weather permitting) across all of North America.

The whole continent will experience a partial eclipse lasting 2-3 hours. Halfway through the event, anyone within a roughly 70-mile-wide path from Oregon to South Carolina (go.nasa.gov/2pC0lhe) will experience a brief total eclipse, when the moon completely blocks the sun's bright face for up to 2 minutes, 40 seconds, turning day into night and making visible the otherwise hidden solar corona — the sun's outer atmosphere — one of nature's most awesome sights. Bright stars and planets will become visible as well. (See graphic at top right of page.)

Looking directly at the sun is unsafe except during the brief total phase of a solar eclipse ("totality"), when the moon entirely blocks the sun's bright face, which will happen only within the narrow path of totality.

The only safe way to look directly at the uneclipsed or partially eclipsed sun is through special-purpose solar filters, such as "eclipse glasses" or hand-held solar viewers. Homemade filters or ordinary sunglasses, even very dark ones, are not safe for looking at the sun.

To date, four manufacturers have certified that their eclipse glasses and handheld solar viewers meet the ISO 12312-2 international standard for such products: Rainbow Symphony, American Paper Optics, Thousand Oaks Optical and TSE 17.

- Always inspect your solar filter before use; if scratched or damaged, discard it. Read and follow any instructions printed on or packaged with the filter. Always supervise children using solar filters.
- Stand still and cover your eyes with your eclipse glasses or solar viewer before looking up at the bright sun. After glancing at the sun, turn away and remove your filter — do not remove it while looking at the sun.
- Do not look at the uneclipsed or partially eclipsed sun through an unfiltered camera, telescope, binoculars or other optical device. Similarly, do not look at the sun through a camera, a telescope, binoculars or any other optical device while using your eclipse glasses or hand-held solar viewer — the concentrated solar rays will damage the filter and enter your eye(s), causing serious injury. Seek

expert advice from an astronomer before using a solar filter with a camera, a telescope, binoculars or any other optical device.

- If you are within the path of totality, remove your solar filter only when the moon completely covers the sun's bright face and it suddenly gets quite dark. Experience totality, then as soon as the bright sun begins to reappear, replace your solar viewer to glance at the remaining partial phases.

An alternative method for safe viewing of the partially eclipsed sun is pinhole projection. For example, cross the outstretched, slightly open fingers of one hand over the outstretched, slightly open fingers of the other. With your back to the sun, look at your hands' shadow on the ground. The little spaces between your fingers will project a grid of small images on the ground, showing the sun as a crescent during the partial phases of the eclipse.

A solar eclipse is one of nature's grandest spectacles. By following these simple rules, you can safely enjoy the view and be rewarded with memories to last a lifetime.

This document does not constitute medical advice. Readers with questions should contact a qualified eye-care professional.

Additional Safety Information

An eclipse is a rare and striking phenomenon you won't want to miss, but you must carefully follow safety procedures. Don't let the requisite warnings scare you away from witnessing this singular spectacle!

You can experience the eclipse safely, but it is vital that you protect your eyes at all times with the proper solar filters. No matter what recommended technique you use, do not stare continuously at the sun. Take breaks and give your eyes a rest!

Do not use sunglasses; they don't offer your eyes sufficient protection. One excellent resource for safe solar eclipse viewing is at nasa.gov/content/eye-safety-during-a-total-solar-eclipse.

Viewing with protection — Experts suggest that one widely available filter for safe solar viewing is No. 14 welder's glass. It is imperative that the welding hood houses a No.14 or darker filter. Do not view through any welding glass if you do not know or cannot discern its shade number. Be advised that arc welders typically use glass with a shade much less than the necessary No. 14. A welding glass that permits you to see the landscape is not safe. Inexpensive eclipse glasses have special safety filters that appear similar to sunglasses, but these do permit safe viewing.

Telescopes with solar filters — Eclipses are best viewed directly when magnified, which means a telescope with

a solar filter or solar telescopes. These will give you a magnified view that will clearly show the progress of an eclipse. Never look through a telescope without a solar filter on the large end of the scope. And never use small solar filters that attach to the eyepiece (as found in some older, cheaper telescopes).

Pinhole projectors — Pinhole projectors and other projection techniques are a safe, indirect viewing technique for observing an image of the sun. These provide a popular way for viewing solar eclipses.

Related projection methods — One viewing technique is to project an image of the sun onto a white surface with a projecting telescope. This is explained further at <http://astrosociety.org/education/publications/tnl/05/stars2.html>.

The Exploratorium demonstrates how to view a planet in transit or an eclipse safely by projecting the image with binoculars — exploratorium.edu/transit/how.html. There are commercially available projection telescopes as well.

POSTING #297

Per the Enrollment Ordinance §2.302 (c)(2), the Enrollment Committee, with the assistance of the Enrollment staff, shall post notice of final Enrollment actions taken by the Tribal Council under this ordinance in the same manner it posts notices of proposed actions.

On Friday, June 16, 2017, the Siletz Tribal Council by Tribal Resolution made the following 191 actions affecting the Tribal membership roll.

Contact the Enrollment Department for a copy of the Tribal Resolution. This notice has been published on the Tribal website under the Enrollment postings in the Tribal Member Area.

Enrollment Ordinance §2.304 (e)(6)

When the Tribal Council approves an application for enrollment, the applicant shall be notified by certified mail, shall be posted as required by Section 2.302(c) and the Enrollment Committee and Enrollment staff shall enter the name of the applicant on the official Tribal membership roll.

If the Tribal Council decides to reject an application for enrollment, the applicant shall be so notified by certified mail and advised of his or her right to appeal in accordance with §2.315 of this ordinance or to request reconsideration of the decision in accordance with §2.314 of this ordinance. Such Tribal Council decisions shall be enacted in the form of resolution.

If the Tribal Council rejects the recommendation of the Enrollment Committee either as to approval or rejection for enrollment, Enrollment staff shall post the council's action in a manner consistent with §2.302(c) and in the Tribal newspaper, so as to notify the Tribal membership of the council's action, and shall notify the applicant and any interested parties by certified mail of the council's action.

Any appeal period for Tribal members who do not receive notice directly by mail of Tribal Council action approving or rejecting an enrollment application shall commence 10 days after notice of such action pursuant to this section was received.

Siletz Tribal Court Rules and Procedures Ordinance §3.009(a) Time for Filing

Civil actions to review Tribal Council action, or other Tribal action, shall be presented to the court clerk in writing not more than 60 days after an action of the Tribal Council, or Tribal officials as specified in the Tribal code, is alleged to have violated the plaintiff's right or rights or not more than 60 days after the alleged harm first manifested itself if such harm was not apparent on the date of the Tribal Council's or other official's action.

- If your check is returned as "undeliverable" you must submit an address update in order to have your check re-mailed.

Missing Moccasins do not receive their per capita checks on time!

If someone does not have a good address and phone number on file with Enrollment, that person is considered a Missing Moccasin. Please check the list below for anyone you might know.

Missing Moccasins do not receive this newspaper, election mail, per capita checks, 1099 forms and other important mail from the Tribe. Are you a parent of a minor Tribal member who did not receive a statement of their Minor Trust account earlier this year? It could be that your child is a Missing Moccasin.

Help us find the Missing Moccasins! As of June 9, 2017, there were **106 adults** (see below) and **67 minors** (not published). We need them to contact the Enrollment Office to get their address updated as soon as possible. This list, or a more recent one, is now on the Tribal website on the Enrollment page under Government Listing.

Address changes

If you have recently moved, even if you have a forwarding address on file with the post office, please get your Address & Contact Information Update form in as soon as possible. You can get the form on the Tribal website, from any Tribal office or contact the Enrollment Department to have one mailed to you.

All address updates must be in writing to ensure that you have requested the address to be changed; this is for your own security.

As a note, "General Delivery" is **not** acceptable as a mailing address as it is only temporary and the post office will only hold the mail for a limited time for delivery.

We've had a large amount of General Delivery mail returned and this is not effective in getting mail to Tribal members when we need to. It is much better to rent a post office box if you are unable to use a permanent address somewhere else.

If this is a concern for you or someone on the Missing Moccasin list, call 800-922-1399, ext. 1258, or 541-444-8258 and we will work with them to figure out a permanent address solution.

Several children, joined by their adults, take advantage of a Summer Reading Challenge on June 9 at the Siletz Recreation Center. Education Specialist Alissa Lane (standing in back) coordinates several reading events throughout the year. Individuals participating in this one include (clockwise from bottom left) Elijah Markham-Pitts, Sarah Butler, Nehayla Cordova, Julian Cordova, Cruz Cordova and Papa Williams.

Apply now for Tribal Head Start's 2017-18 year

It's time to apply for your child to attend the Siletz Tribal Head Start program for our upcoming 2017-2018 school year.

We have classrooms in Siletz, Lincoln City, Portland and Salem.

If your child will be 3 or 4 years old as of Sept. 1, 2017 (or as of Sept. 10, 2017, for Salem-Keizer only), her/she is eligible to apply for the Siletz Tribal Head Start program.

Your child does not have to be American Indian to attend our program, but we do give a preference for enrollment to Native children. Call us at 800-922-1399 or 541-444-2532 and ask for Head Start to request an application.

There are new enrollment requirements that all Head Start programs must meet.

All of us are now required to conduct either a face-to-face or telephone interview with all applicants to verify the information on their child's application. When you return your application, we will call to verify the information with you.

This new requirement must be met before we can select your child for enrollment. If we cannot reach you, we will leave a detailed message asking you to call us back. Please call us back as soon as possible so we can finish processing your child's enrollment application.

This is a mandatory requirement we must meet and we are unable to enroll any child until we complete this new verification process.

STAHS presents year-end progress, details of museum to Tribal Council

The all-volunteer Siletz Tribal Arts and Heritage Society Board of Directors, led by Chairman Gloria Ingle, presented its 2016 year-end report to the Tribal Council on May 22.

STAHS' mission is to support and promote the practice, conservation and restoration of the Tribal cultures of the Confederated Tribes of Siletz Indians through sharing and education.

Ingle, accompanied by board members Shawna Gray and Teresa Simmons, laid out the accomplishments and activities of 2016 and the goals for the future.

The main topic and the primary goal of the STAHS board currently is the construction of the Siletz Tribal Cultural Center with a museum component on Government Hill in Siletz.

During the two-and-a-half-hour presentation, the architect's renderings showing the design of the proposed cultural center were presented by Pam Barlow Lind (Tribal planner), who as a member of the Tribe's Planning Department has, along with Tracy Bailey (construction manager engineer), provided an enormous amount of technical assistance toward this project. The design was reviewed at great length during the meeting.

The Siletz Tribal Cultural Center will be a 20,000-square-foot three-story building constructed on Government

Hill adjacent to the Siletz Tribal Community Center and across the street from the Veterans Memorial. The scale of the cultural center will match the scale of the community center.

A daylight basement will house the repository and archives. The museum/visitor space and a replica of the cedar plank dance house located by the Siletz River will be featured on the main floor with the dance house space being the first spot tour visitors will encounter at the entrance of the facility.

Classroom and research space will be housed in the attic or third level. Much consideration has been used in the landscape design and the cultural aspects of the building.

The six-member board – Chairman Gloria Ingle, Secretary Jerome Viles, Treasurer Sophie Kaady, Shawna Gray, Teresa Simmons and Kathy Kentta – collectively and individually worked throughout the year and continue to support cultural activities, collect archives and materials appropriate for our collections and reach out to the larger community regarding the culture and history of the Siletz Tribe.

Steady and deliberate progress has been made toward not only the main goal of the board to build the cultural center, but to the overall mission by which the board is bound.

STAHS greatly appreciates the support of the Siletz Tribal Council and the monetary contributions granted by the

Siletz Tribal Charitable Contribution Fund toward the building of the cultural center.

Attention Siletz Contract Health-eligible Tribal members!

If you receive Contract Health Services approval to see providers/facilities outside of a Tribal clinic, please be sure to inform them at your visit that you have Contract Health Services as a form of payment.

We have seen a number of patients billed for services from their medical/dental/optical providers because the patient did not inform the office that they have Contract Health Services. If you have primary insurance (through employment, Medicare, Medicaid, etc.), we would be secondary to the primary insurance.

If you fail to provide this information to your providers and they don't bill us in a timely manner, you could be liable for the charges. Please let your providers know that they can submit claims for payment to Siletz Contract Health, P.O. Box 320, Siletz, OR 97380.
