FOREWORD

This little volume is published to serve a double purpose. It is offered to help those of you who are entering O. A. C. for the first time to become better acquainted with your new home and to inform you of the opportunities offered here that you may quickly take advantage of them.

For you who are not strangers on the campus it will prove to be a compilation of essential information about your college. Included in its pages you will find the newly-revised constitution of the Associated Students, athletic schedules, as well as much information that will be of use all during the coming school year.

Freshmen will carry this book with them at all times. Others should also get the habit. Fill out the identification blank, and keep this as a student encyclopedia and diary.

THE PRESIDENT'S GREETING

With an ardent desire that you may find your life at the College both the incentive to purposeful study and the congenial companionships that make for refinement of character, I welcome you to all the opportunities that the institution affords—to its stimulating resources for mastering the industries and professions of life, to its liberal facilities for self-discipline and self-government, and to its opportunities for Christian service.

May you be to the institution, both during your stay here and thereafter, a source of congratulation; and to the State that provides you with these advantages, an unfailing source of efficiency, integrity, and truth.

WILLIAM JASPER KERR,
President.

WELCOME, CLASS OF 1927

The Associated Students of the Oregon Agricultural College extends to each of you a most cordial greeting and friendly welcome.

From the first day of registration until graduation you are privileged to unite with us in working, not alone for personal advancement, but for a greater Oregon Agricultural College, a greater Oregon, and a greater nation.

We are proud of our democratic college spirit and traditions. Every true "Beaver" will strive to cherish and perpetuate these ideals while the highbrow and snob will soon find that they have no place among us.

Know your fellow students and your College. Ever keep your purpose in mind. Make every effort count. Be ever mindful of that old saying, "All things worth doing are worth doing well." You have an obligation to fulfill to the citizens of our great state and nation who have so unselfishly provided you with an opportunity for greater service.

We sincerely hope that your college days will be happy ones, crowned by glorious success, and that your class will be the greatest one in the history of our alma mater.

PERCY P. LOCEY,

President Associated Students of O. A. C.

A WORD FROM THE BEAVER KNIGHTS

The Beaver Knights is a self-perpetuating organization, authorized by the constitution of the Associated Students and sanctioned by the administration, and is responsible to them for its actions.

The object of the society is to instruct the Freshmen in college traditions and history and to instil in them the true Beaver spirit.

All Freshmen are asked to carry this Rook Bible at all times. Be sure your schedule is

properly filled out, and that you receive proper credit for all work you put in.

TRADITIONS

Oregon Agricultural College is a college of ideals—ideals of character, honesty, courage and fair play. Upon these principles are the traditions of this institution built. No college is stronger than its ideals; and all colleges are revered and loved because of the tradition based upon high ideals.

Conduct Traditions

Pride in the campus has made it a tradition that there shall be no crossing lawns nor smoking on the campus.

Every Beaver is expected out to all athletic events, but there shall be no "fussing"—that is, he shall not accompany a young lady to the games.

Rooks must wear their green hats at all times, and rookesses their green ribbons on the scheduled days.

After athletic games, freshmen always stay until the event is finished.

All students remove their hats in buildings.

THE CLASS GIFTS

The custom for each departing class to leave a gift that would enrich the campus started with the class of 1901.

The large cottonwood tree between the administration building and science hall was used as a gathering place for students. The class of 1901 decided to place a large stone under the tree to hallow the surrounding ground so that only seniors could tread the grass under the old sentinel.

A large granite stone was placed under the tree and now the tree is always alluded to as the trysting tree.

The class of 1902 left the Iron Lady on the front entrance to the campus. The Iron Lady was removed by the students of another institution and it was found in Portland. It was returned to the College and securely placed in position and each year is carefully guarded during Home Coming week by the students.

Objective

The Young Men's Christian Association of the Oregon Agricultural College is a spiritual campus movement of students and faculty for the following purposes:

1. To lead students to faith in God through Jesus Christ.
2. To lead students into membership and service in the Christian church.
3. To promote their growth in Christian faith and character, especially through the study of the Bible.
4. To promote a positive moral and religious college spirit and a fellowship of service and good-will on the campus.
5. To challenge students to devote themselves in united effort with all Christians to make the will of Christ effective in human society and to extend the kingdom of God throughout the world.

Membership in the association is based upon the acceptance of these purposes.

Organization

It is an organization of students for students by students. The four officers are elected each year from the upper classmen. The work is done under the five departments of

Administration
Campus Service
Religious Education
Community Service
Life Work

The heads of these departments, together with the elected officers, constitute, with the general secretary, the student cabinet.

An Advisory Board consisting of representatives from the faculty, the Corvallis churches, the alumni and student's councils with the student cabinet on questions relating to the welfare of the association and gives permanency to the campus Christian work.

Activities

The "Y" Hut, located on the campus, is the headquarters of the association. Here are the offices of the two paid secretaries; an auditorium and several committee rooms always at the service of the students; the reading room, with its fireplace, the latest magazines, and papers and games; mail and telephone service.

Church Cooperation is one of the primary functions of the campus association, to promote loyalty among students to the local church of their choice and to furnish a campus agency through which the interests of the various churches may be promoted by organized student initiative. Church preference lists of all registered students are prepared and furnished each pastor. Student Bible classes, the young people's service, go-to-church days, a day of prayer for students, are promoted in connection with the local churches.

Bible Classes and Bible Discussion Groups are conducted in several units on the campus at stated times during the school year. This has proved a most delightful phase of the work. Ten such groups met for an hour's discussion each week during the second term of last year.

Gospel and Deputation Teams constitute another enthusiastic feature of the work. Last year 60 services were held by these teams and

3000 people were addressed. One pastor in speaking to his congregation recently, after a meeting held with 100 of his young people by a gospel team from O. A. C., said, "I consider the meeting last night one of the most wonderful ever held in this church."

Part Time Employment secured for the men is one of the large features of the campus service. Last year 715 men were listed for work, 2500 jobs were listed and filled, 143 students secured steady positions. A conservative estimate values this work at \$50,000 for the men.

Religious Meetings are promoted on the campus. A weekly devotional meeting is held for the Christian workers. Outstanding speakers of good reputation and with a positive spiritual message are brought to the campus. Last year Dr. Harold L. Bowman, of Portland, and Dr. J. Stitt Wilson, of Berkeley, have spent three days each on the campus, giving a series of stirring addresses and holding many personal interviews with students.

Other Forms of Activities are:

Special work with new students.

Special work with foreign students.

Promotion of Seabeck student conference.

Promotion of student volunteer movement.

Promotion of fellowship for life service.

The secretaries' consultations with students.

Approved motion pictures at cost.

Wholesome social activities.

Assistance in securing rooms and board.

Sick visitation.

Finances

A budget of \$5000 is required to finance this work. This is raised by voluntary contributions from students, faculty, alumni, parents and friends of Christian work on the campus.

YOUNG WOMEN'S CHRISTIAN ASSOCIATION

The Y. W. C. A., through its spirit of cordial friendliness and loyal service, purposes to bring the influence of genuine Christian ideals to every phase of campus activity and life endeavor.

In Shepard hall, which is just back of the library, are cozy corners, writing tables, and a large comfortable fireplace. It is available for social use for men and women as well as for meetings of all sorts. Miss Gladys Taylor, general secretary, is in the office there ready to help every girl in every way.

Women students seeking work should register with her, as the association maintains a free employment bureau.

A broad program of fellowship, discussion, study, and service carried on under the various officers and department chairmen:

Lily Nordgren	President
Marie Tonseth	Vice-president
Helen J. Smith	Secretary
Velma Hylton	Treasurer
Helen O. E. Ogden	Undergraduate representative
Alice McCool	Membership
Mildred Forest	Religious education
Virginia Wilson	World fellowship
LaVelle Yantis	Social
Wanda Pope	Community service
Ann McPherson	Finance
Catherine Jones	Publicity

The officers and department chairmen from the first cabinet or executive body; the vice-president is chairman of the second cabinet forced from the chairmen of divisions under the departments. Special organization of freshmen women gives underclassmen opportunity for active participation. An advisory board of faculty and town women works with the cabinets giving continuity and graduate view point.

"HIGHBROW" OUT OF LUCK

The "highbrow" is not in congenial environment at O. A. C. His veneer is not proof against the penetrating good fellowship and hearty fellowship that prevails at the "College on the Hill." He either loses his veneer and becomes himself a good fellow, or he seeks a more rarefied college atmosphere.

The O. A. C. swimming pool, 50x100 feet in size is one of the best on the Pacific coast.

HINTS FOR FRESHMEN

You are an O. A. C. man now—always boost for your college and strive to be a credit to it.

Be a loyal Freshman—play the game and do what is expected of you.

Always rise when the Alma Mater is sung.

Take your part in the student activities.

Attend all athletic contests.

Get posted on the rules for “fussing.”

Go to all your class meetings.

Don't begin cutting classes. It doesn't pay.

Make it a habit to attend convocation.

Learn the songs and yells in the Hand Book, and attend all rallies.

Make some activity your objective; stick to it.

Last, but not least, write home often. Do not forget the folks at home.

CONFIDENTIAL

The truly successful college course gives a man good health, one or two friends, intellectual and moral standards by which to discriminate between the worthy and the unworthy, and some practice in the exercise of his future profession.

FIVE IDEALS

Work—Begin your work promptly. More than half the Freshmen who fail, fail because they waste the first six weeks. Watch them.

Ideals of Work—Aim to excel in at least one study; and do well in all. A lower ideal than this is unworthy of a college man.

Help and Advice—Get into touch with some adviser, your instructor, or some other responsible official to whom you may turn when in need of advice about your college work. Do not run the risk of failure through ignorance of the rules.

Friends—Make friends by being one yourself. It is a tragedy to live an isolated life. There are important sides of your nature that cannot be developed except by healthy contact with your fellow-students.

Character—Do not sacrifice or compromise the essentials of character, whatever your changes of belief or opinion. Remember that you are here to make “Character more efficient through knowledge.”—F. W. Roe.

FRATERNITIES

Don't be too hasty, Friend Rook, in accepting the pledge pin of a fraternity. Do you realize that this will be one of the most important acts of your college career? Have you considered that this house will be your home for four years of college life, and that after graduation you will be known by your fraternity affiliation at O. A. C.?

Take your time. Think the proposition over, and be cautious. Do not be drawn into a hasty decision, and if necessary spar for time in which to investigate. Be free to consult your adviser about the financial and general standing of the organization. Certainly the matter of what it will cost you to live in a house is of importance and you have a right to know before you are pledged.

The best etiquette of Greek letter organizations is silence. The fraternity always seeks the man, not the man the fraternity.

This college is proud of its fraternity organizations. Because O. A. C. has a fine dormitory for both men and women, and because living accommodations are limited in fraternities, only a small proportion of freshmen are invited to join. If you happen to be one of those not solicited, do not become offended. Many of the finest students this college has produced has been from the ranks of the independent men. Not only this, but the independent men organize, stage their own social events and participate in athletics and other competitions.

But look wisely before you leap into a fraternity.

GO TO CHURCH

History records man as a being who worships. The desire to worship is universal. Among every people of whom we have record, signs of worship have been discovered.

Today, while attending the College, we are thrust upon our own resources, away from our parents, yet the deep wish in the heart of every father and mother is that we remain true to the teachings of our youth. By home training and by tradition we have some knowledge of the purposes and claims of religion.

In every man there is a conflict between the forces which pull him up or down and in the Bible man finds a standard whereby to guide his life. Religion in its broadest sense is life lived in all its relationships. Religion is the ballast which steadies man's life. Religion is friendship with God.

The Christian associations of the College wish to co-operate with the churches of Corvallis. We recommend to new students the following churches, with the special hope that the church-going habit learned at home may not be lost at O. A. C.

Corvallis Churches

Baptist—Ninth and Monroe; Daniel Bryant, pastor.

Christian—Sixth and Madison; Clarence W. Reynolds, pastor.

Catholic—Fourth and Adams; Francis P. Leipzig, pastor.

Congregational—Eighth and Madison; Herbert Livingston, pastor.

Christian Scientist—323 South Fourteenth.

Episcopal—Seventh and Jefferson; E. T. Simpson, rector.

Methodist—Fourth and Madison; Irven Brackett Wood, pastor.

Presbyterian—Eighth and Monroe; Monroe G. Everett, student pastor, M. W. K. Heicher, pastor.

Evangelical—1055 Monroe; A. P. Layton, pastor.

South Methodist—Fifth and Madison, Edward J. Harper, pastor.

Lutheran—Sixteenth and Monroe; Ernest J. A. Probst, pastor.

SKETCH OF O. A. C.

In 1862 Congress appropriated 90,000 acres of land to the State of Oregon, on condition that they have a college in operation by 1867.

The destiny of O. A. C. might have been changed had it not been for the generosity of the South Methodists in donating their church building as the first "Temple of Learning."

This simple old structure served as the entire college for many years, for in 1867 there were but twenty students registered.

O. A. C. was founded as a National and State institution in 1885.

In 1887 Benton county gave thirty-five acres of land to secure a permanent college at Corvallis, and in this same year the citizens of Benton county laid the corner-stone for the present Administration Building.

At this time only four courses were taught, they being Agriculture, General Science, Mechanical Arts, and Household Science.

In 1899 only a limited number of students could take advantage of gratuitous education there being but one chosen from each Senatorial and Representative district.

By way of comparison, the College has grown from four main courses with five instructors and twenty students in 1867, to more than thirty-five main courses, two hundred fifty instructors, and more than four thousand students in 1919. O. A. C. boasts of having representatives from every county in Oregon, from thirty-two other states, and from eight territories and foreign countries.

In accommodations O. A. C. has developed from one building and thirty-five acres of land in 1885 to twenty-eight substantial buildings and three hundred forty-nine acres of land in 1919.

Perhaps the most important factor in the wonderful development of "Our O. A. C." is the fact that there have been but very few changes in the Presidential chair, President Kerr having been with us since 1907.

THE COLLEGE

The resident instruction is but a part of the college's work. The other two divisions include the experiment station and the extension service.

Board of Regents

The general government of the college is vested primarily in the board of regents, and, under their control, in four other administrative bodies: The administrative council, the college council, the faculty, and the staffs of the experiment station and extension service. The administrative council determines questions of policy and administration; the college council considers all matters pertaining to educational work, including courses, requirements for admission and graduation; the college faculty considers questions of methods and discipline.

Ex-Officio Members: Hon. W. M. Pierce, governor, Salem; Hon. Sam A. Kozer, secretary of state, Salem; Hon. J. A. Churchill, superintendent of public instruction, Salem; Hon. Charles E. Spence, master of state grange, Oregon City.

Appointed by the Governor: Hon. Harry Bailey, Lakeview; Hon. Geo. M. Cornwall, Portland; Hon. B. F. Irvine, Portland; Hon. Jefferson Myers, Portland; Hon. J. K. Weatherford, Albany; Hon. C. L. Hawley, McCoy;

Hon. M. S. Woodcock, Corvallis; Hon. T. H. Crawford, La Grande; Hon. E. B. Aldrich, Pendleton.

Alumni Association

The necessity for a strong alumni association was evidenced in the Spring of 1920 during the millage tax campaign. It was found that the existing organization of graduates had not grown in proportion to the College, and steps were taken to perfect it. Plans were worked out whereby a permanent secretary might head the work, branch organizations were formed in all sections of the state, and the interest of the incoming graduates was enlisted. That efficient cooperation was secured is well proved by the effective way in which the Alumni responded in the successful passage of the millage bill.

Success in any line cannot be gained without financial support. Every graduate is given the opportunity to become a part of the organization in one of three ways: By paid up life membership, life membership to be paid by installments, or by payment of yearly dues. In return is given the right of active participation in the organization, a subscription to "The Alumnus," published quarterly, and admission to the Alumni luncheon and dance held each year during Commencement Week on the campus.

The Alumni Association is the medium by which O. A. C. men and women may keep in touch with their Alma Mater.

THE ASSOCIATED STUDENTS

This is an organization of the entire student body working under a constitution and by-laws approved by the faculty and having general authority over all student body enterprises. Officers are elected annually, nominations and elections being conducted in a manner similar to that of the state electorate. The officers consist of a president and secretary chosen from the senior class, and three vice-presidents, chosen one each from senior, junior and sophomore classes. These five officers, as a whole, constitute the executive committee of the student body and have general supervision of all affairs of interest to the student body.

Associated Student Officers

Student Assembly—Percy Locey, president; Howard Lewis, first vice-president; LaVelle Yantis, second vice-president; Chris Wilde, third vice-president; Florence Gradon, secretary; Brady Montgomery, yell leader; Elvin Hoy, editor of the Daily Barometer.

Greater O. A. C. Committee—William North, chairman; Gertrude Dowsett, Mrs. Ruth Wilson.

The Board of Control

The Board of Control consists of three faculty members appointed by the president of the College, one alumnus chosen by the Alumni association, and five students who are the executive committee of the student body. The student body constitution vests in this Board of Control authority to supervise all student body interests entailing the expenditure of student body funds. They exercise functions in the main by the approval of budgets and schedules. The immediate supervision is exercised through a general manager appointed by the Board of Control.

The Student Affairs Committee

The Student Affairs Committee, composed of members of the faculty and students, appointed each year by the president, is designated to look after those interests of the students which are not strictly academic in character. It assists in working out student social problems. It helps to maintain a wholesome relationship between clubs and fraternities and the College. It is prepared to assist student organizations in all their financial dealings. In short, the committee strives to bring about those conditions which will make the student's college life of the greatest profit to him.

Make the "Y" Your Headquarters

If you can visit the "Y" every day, it will be worth your time. It is the rallying point for young people of the institution. The sooner you become active in the "Y" work the sooner do you increase your circle of friends and boosters.

STUDENT PUBLICATIONS

The O. A. C. Daily Barometer

ELVIN HOY Editor
 DWIGHT McCAW Manager

The O. A. C. Daily Barometer is the official organ of the student body. It is published daily, except Sunday and Monday, during the college year by the Associated Students of O. A. C. The yearly increase in the size of the student body finally necessitated the change from a bi-weekly paper to a daily, which was first brought about last year.

By action of the board of regents, resulting from a unanimous recommendation of the student body, a portion of the regular term student fee is devoted to the Barometer, and every student regularly receives the paper.

A staff of 60 members is required to gather and get the news ready for the press. Any student, having taken a course in journalism, is eligible to try out for the staff.

CAMPUS ORGANIZATIONS

National Collegiate Players

This club was organized for the purpose of offering special training in dramatic art. A tryout is held at the beginning of the college year in which all students except freshmen may participate. If elected by the club's judges they become eligible to tryout for college plays. Successful participation in a college production entitles them to active membership in the club. Platform exhibitions are given and standard plays presented during the college year.

Shakopean Society

The society is organized to promote public speaking and debate. Oratorical contests and discussions on live current topics are the main features of the meetings. Members are chosen semi-annually by tryouts. The society is one of the oldest on the campus.

Forensic Association

This is a new organization with the purpose of bringing together for cooperative activity all campus organizations and individuals interested in any phase of forensics. The society through its members has charge of all business pertaining to competitive work in oratory and debate and cooperates in the promotion of forensics and dramatics at the college.

Varsity "O" Association

The function of the association is to promote the athletic ideals of the College and to serve in an advisory capacity to the Athletic Board of Control. The membership includes all men of the College who have been officially awarded the orange "O" in recognition of service on intercollegiate athletic teams of the College.

Beaver Knights

The society is a self-perpetuating organization of the sophomore class. It is authorized by the constitution of the Associated Students of the Oregon Agricultural College and sanctioned by the administration of the college and is responsible to them for its actions. The object of the committee is to instruct the Freshmen in college traditions and history and to instill in them the true Beaver spirit.

Inter-Fraternity Council

The purpose of the council is to foster harmony of action and closer cooperation to further the interests of fraternity men. Membership consist of one member from each fraternity on the campus.

Pan-Hellenic Council

The council is an inter-sorority organization each sorority being represented by the president and one member. The purpose of the group is similar to that of the inter-fraternity council, that is to create a closer bond between the respective organizations.

Women's League

The purpose of the organization is to promote high social standards, a spirit of democracy, and to foster high scholarship among women students. All women students on the campus are members of the league, formed in 1916.

Lyceum Club

The membership is composed of students trained in music, reading, and lecturing. Programs are given for town organizations and in outside communities. Regular lyceum programs are presented.

Lincolnian Society

The society has for its purpose improvement in elocution, debate, oratory, expression, and parliamentary usage. The membership is limited in order that each member may get as much as possible from the work.

Glee Club

Membership in the club is determined by the director after personal examination of the voices of candidates from all classes in the college. Regular rehearsals are required. The club participates in many public campus functions and annually tours the state. The programs presented are composed of the best classical and popular music for men's voices, the preparation of which is a valuable experience in voice culture and interpretation.

Madrigal Club

This is a singing organization for young women open to talented singers of the student body. Concerts by the Madrigal club include the most beautiful arrangements for women's voices as well as the so-called popular music. Frequently the Glee club and the Madrigal give joint concerts.

College Chorus

The chorus consist of about 250 mixed voices. The chorus serves as a source of material for both the Glee club and the Madrigal club. The group is under the leadership of W. F. Gaskins, director of the School of Music.

College Band

To become a member of the band a student must satisfactorily pass an examination in the elements of music and the ability to perform on his instrument. Attendance at rehearsals and individual practice are required. Members furnish their own instruments except basses, baritones, altos, and drum, which are furnished by the College. Instruments must be in low pitch.

Orchestra

Membership in the College orchestra is on a basis of standards of musical attainment determined by the conductor of the orchestra. The training afforded by membership in the orchestra is of great educational and cultural value to the student.

Mandolin Club

This organization fills a place in student life for those enjoying playing stringed instruments in combination. Membership is open to all qualified students and numbers some of the most gifted student musicians.

Women's Athletics

The Women's Athletic association was formed in the spring of 1916 and includes all women in college as members. It was established to cooperate with the department of physical education for women in creating interest in sports and athletics.

In the spring of 1922 the point system of winning sweaters was adopted. Varsity teams were done away with and inter-class inter-col-

legiate games were substituted. This was to enable more girls to compete in sports. Under the point system each girl is awarded a definite number of points according to national standards.

(For points given in the various sports towards winning a sweater, see Women's Athletic section of the constitution.)

HONOR SOCIETIES

Various societies having as their chief purpose the promotion and recognition of scholarship, elect annually, from among the student body, limited numbers of those who have shown superior scholastic attainment, qualities of leadership, and personal character. The fact that most of these societies are national in scope, with chapters in the leading colleges and universities and with uniformly high standards for membership, makes election to one of the honor societies a distinction greatly prized. The following list includes the honor societies at present represented at O. A. C.:

AGGIE SONGS

"Carry Me Back to O. A. C." is the song which we always rise to sing. To the old grad it brings back happy memories of his pleasant years at the "college on the hill." And to the undergraduate, it brings pride in his college, love of its traditions and its ideals.

Alma Mater

Within a vale of western mountains,
There's a College we hold dear.
Her shady slopes and fountains
Oft to me appear.
I love to wander 'long the pathway
Down to the trysting tree,
For there again I see in fancy,
Old friends dear to me.

(Chorus)

Carry me back to O. A. C.
Back to her vine-clad halls;
Thus fondly ever in my mem'ry
Alma Mater calls.
By the noble Lincoln planned.
Her son's and daughters' knowledge
Tills and guards the land.
So honored be her name forever;
Sing praise to O. A. C.
Ah, naught in all the world can sever
Friends once dear to thee.

Fight On, Old O. A. C.

Fight on, old O. A. C.,
Our hearts are all with thee,
You'll bring us victory.
Let our watchword always be,
"The pep that others lack
Is found in the Orange and Black,"
So sing out your songs of joy;
Fight on, boys; fight on, boys,
For Old O. A. C.

Smear Oregon

O stands for Oregon
S stands for State
A stands for Aggie men, who never hesitate
C stands for college the college on the hill
And we stand for O. A. C.
SMEAR OREGON — We WILL!

O. A. C. Medley

Who am I, sir? An O. A. C. man am I;
An O. A. C. man, sir, and will be till I die,
ki yi;

We're up to snuff, we never bluff, we're in for
any fuss—

There isn't a bunch of college men can beat us
in a muss.

So we'll fill our lungs with lusty air and shout
into the sky,

We'll fight for dear old O. A. C.

For an O. A. C. man am I.

O. A. C., O. A. C., zip-boom, zip-boom, zip-
boom-bee,

O. A., O. A., O. A. C.

O. A. C., O. A. C.

Smash 'em, bust 'em,

That's our custom;

O. A. C.

For I'm a Beaver born and a Beaver bred

And when I die I'll be a Beaver dead.

For it's Rah, Rah, for O. A. C.

Rah, Rah, for O. A. C.

Rah, Rah, for O. A. C.

Here's to the men we know and love,

Beavers tried and true;

Here's to the men of the Orange line

Wiping the ground with you.

Up with the glass and pledge them, lads,

Flashing its amber gleam,

While deep in our hearts the toast shall be:

Here's to Old O. A. C.

Beaver Fight

Cheer for the Beavers, ever

The heroes of my song

We will desert them never

Ready to back

Orange and black

All day long—rah!

Mighty with bold endeavor,

They fight for you and me,

They are the lunging, plunging,

wonderful team

They are the men of O. A. C.

What Do You Think of Our Team?

O. A. C., O. A. C., fighting all the while
 Beaver born and Beaver bred;
 And see that Beaver smile!
 Beaver hopes are beating high,
 And hearts are filled with glee.
 Beaver warriors fighting mad
 And a Beaver victory. So—

(Chorus)

What do you think of our team, boys?
 What do you think of our team?
 Eleven husky fighting men
 Chuck full of pep and steam;
 We're right behind them all the time
 To smash the Lemon and Green.
 So, Oh boy! Oh joy!
 What do you think of our team?

Hail to Old O. A. C.

Here we come with a toast and song
 To the College upon the hill.
 We love its shady slopes and trees,
 Each memory cheers and thrills.
 But the fondest thoughts when the years have
 run
 Will be of teams and victories won;
 Each man a loyal son,
 Hail to old O. A. C.

(Chorus)

O. A. C., our hats are off to you.
 Beavers, Beavers, fighters through and through.
 We'll cheer for every man;
 We'll root for every stand
 That' made for old O. A. C.
 Rah, Rah, Rah,
 Watch our team go tearing down the field
 Men of iron their strength will never yield
 Hail, hail, hail, hail.
 Hail to old O. A. C.

We'll root hard for the baseball fan
 Who can knock out a long home run,
 Or cheer the man who kicks the goal
 That means the game is won.
 But memories best in the hall of fame
 Will be for those who are always game.
 Win, lose, fights just the same.
 All for old O. A. C.

Football is on a scientific basis at O. A. C. with training going on the year round. This year is expected to be a big year in football history for the College with the greater part of last years squad back in suits. R. B. Rutherford, head coach, instituted spring football and has worked the men faithfully all the past year. The Aggies will make a trip to Honolulu over the Christmas holidays to play two games with the Island teams.

The Beavers are going to "Smear Oregon" this year by registering a decisive victory over the Lemon and Green warriors from Eugene.

BASKETBALL

R. H. HAGER, Coach

O. A. C. basketball teams rank high in conference competition, twice within the last two years coming within striking distance of the championship. Last year the team finished third and the year before second in the race for the Pacific coast and Northwest honors.

R. H. Hager, basketball mentor, advocates the five man defense system and its success was attested by the manner in which the squad held the strongest teams on the coast almost scoreless for the entire first quarter. "Mush" Hjelte, the Aggie star center, will be missed this season, but the coach expects to develop a good man to take his place.

Basketball Schedule

 Idaho University at Moscow, January 19.
 W. S. C. at Pullman, January 21.

WRESTLING

D. O. FERRELL, Coach

The wrestling team at O. A. C. has won the Northwest championship for the past three years. Last year two of the meets were taken by overwhelming scores, the Beaver matmen not allowing the opposing athletes a single match. The addition of Robin Reed, former national champion at 135 pounds, strengthened the team considerably. In one meet last year Reed won in two classes, and in every meet of the season he took every match allowing no ties and always winning by straight falls.

Wrestling Schedule

Oregon at Corvallis, February 9.
 Washington at Corvallis, February 23.
 W. S. C. at Pullman, March 1.
 Oregon at Eugene, March 8.

TRACK

M. H. BUTLER, Coach

Track is one of the sports in which the Aggies are consistently among the first. Last year O. A. C. took third place at the conference meet, in competition with California, Washington, Oregon, and Idaho. The Beaver collection of distance men is the strongest on the coast. The four mile relay team composed of Walker, Graves, Connett, and Booth, established a coast record for the long race of 18:20, at the Seattle relays. The two mile team made

up of Dodge, Sims, Stone, and Hollinger, took third place at the Drake relays. This year's schedule is the heaviest the local team has ever had and a big year is anticipated.

Old men back this year are Dodge, Walker, Graves, Gerhart, Bennett, and Booth. Prospects for a winning team are brighter than in many years.

Track Schedule

Penn or Drake relays, April 28.

Seattle relays, Seattle, May 3—tentative.

Stanford, Palo Alto, May 10.

Oregon, Corvallis, May 17.

Washington, Seattle, May 24.

Conference meet, Eugene, May 31.

BASEBALL

R. O. COLEMAN, Coach

Baseball is one of the most popular games at O. A. C. and a strong nine is usually turned out. Last year the squad won eight out of 14 games, taking all four games from the Oregon tossers. R. O. Coleman, coach, is a regular player on the Portland team and is making good as a coach. Only six men will be lost by graduation, so the coach is confident that he will have a strong combination next year.

Heavy hitting is one of the Beavers strong points, the local boys generally poling out a couple of long ones in every game. "Red" Ridings made his debut into varsity baseball this year and gives promise of being a big league star.

Baseball Schedule

Whitman at Corvallis, April 21 and 22.

Washington at Corvallis, April 25 and 26.

University of Oregon at Eugene, May 1 and 2.

University of Idaho at Corvallis, May 5 and 6.

Washington State college at Corvallis, May 7 and 8.

University of Oregon at Corvallis, May 16 and 17.

Whitman at Walla Walla, May 22.

University of Washington at Seattle, May 23 and 24.

Washington State college at Pullman, May 26 and 27.

University of Idaho at Moscow, May 28 and 29.

MINOR SPORTS

Cross Country

The Aggie cross country team has beaten Oregon in the annual meet for the last four years and last year won the conference meet held at Eugene. Five veterans will be back next year and a winning team is expected.

Tennis

Tennis is a popular sport at O. A. C., the courts being full at all times during the good weather. The local team took second place at the Pacific coast and Northwest meets last year. The coast conference meet will be held at Eugene next year May 31.

Eligibility Rules

The conference eligibility rules are as follows: To be eligible to play on any Varsity team, a man must have resided a year in the institution in which he participates in sports, and must have made 36 term hours. He must have made two-thirds of hours carried the term preceding his participation.

His standing must be strictly amateur.

Only three years' participation in major sports is permitted.

A man must be in good standing at all times in the institution which he is attending.

Men are eligible to Freshman teams when they are entering an educational institution for the first time, and are only eligible for such sports as they have had no opportunity to participate in at any other institution of like rating.

Intramural Athletics

Our slogan, "Every man at O. A. C. in athletics" is being actually fulfilled.

Ninety-five percent of all the men of the institution physically fit are engaged in some form of intercollegiate or intramural athletic work.

In intramural basketball forty-five teams com-

peted for the intramural championship. Over five hundred men took part in these contests each week. Three hundred men took part each week in the interclass championship contests.

Seven hundred men competed in the preliminaries for the intramural cross country last fall.

The new compulsory swimming rule insures that every man who graduates from O. A. C. hereafter will be able to swim and to put into practice the elements of life-saving from drowning.

The intramural relays starting next spring will enlist six or seven hundred men.

It is not uncommon to see fifty wrestlers competing on the mats in the wrestling rooms, and one hundred boxers busy in the boxing rooms.

The one-hundred-foot tank is alive with swimmers any afternoon, keeping busy until the coach's whistle clears the pool for the special candidates for the inter-collegiate swimming team.

WORK BY PROGRAM

The best students plan their work—they go by schedule. Careful planning of your work at the first of the term will save you much sleep and worry at final examination time. In keeping a notebook have a special place for everything and keep the material in its proper place. Don't study all night and sleep all day—in classes.

The Library Is to Study

The library is used to study and to borrow books from. In the past, misguided ones have used it as a meeting ground—a habit which is frowned upon by not only good custom but by authorities.

Class Meetings Important

Your class expects you to attend its meetings, and to take an interest in its activities. Show your willingness to take on a part of any undertaking by your class.

(4) All selections shall be made previous to the closing of the college, for the year following.

(c) The honor committee shall formulate its own rules of procedure and shall select from its own membership, a secretary who shall keep a permanent record of all proceedings.

(d) The chairman and any five members of the committee shall constitute a quorum for trial of cases. The committee shall meet at the call of the chairman within 96 hours of the report of the violation.

Sec. 6. Punishment of Offenders: Penalty for violation of the honor system shall be not less than the loss of 15 college credits, nor more than expulsion from the institution. Students individually shall at all times promote the honor spirit in every way possible.

Sec. 10. Complaints: Realizing that the final success of any honor system depends largely on

the removal of causes of dishonesty, the honor committee shall meet once each quarter in the week following mid-term examinations for the consideration of all complaints of students or faculty regarding practices of instructors or conditions within the institution which are thought to be a menace to the honor spirit, and advise with the dean or head of independent department concerned.

Sec. 11. **For Purposes of Continuity:** The president of the college shall designate one faculty member to familiarize himself with proceedings to whom the honor committee may go for counsel.

Methods of the Board of Control in Supervising Student Activities

All funds belonging to the Associated Students are kept in the business office of the college. They can be drawn from the business office by the business manager only on requisition approved by the president of the board of control.

The board of control, at the beginning of each year, approves a budget for each student activity. The general manager makes purchases according to these budgets. Any deviation from these budgets in purchases must be approved by the board of control. The general manager only, or his approved agent, may make purchases to be charged to the student body.

All equipment and supplies belonging to the student body are under the direct care of the departments concerned. The general manager keeps a yearly inventory of these goods and the departments are held responsible for them.

All schedules and trips of all student activities chargeable to the student body fund must be approved by the board of control prior to the trip. All employees of the student body are employed by the president and board of regents on recommendation of the board of control.
