WELCOME, CLASS OF 1932

The standing of an educational institution is determined largely by the type of graduates produced. Four years constitute a college generation. The

freshman class in 1928 will furnish the graduates in 1932. These are reasons why the officials of an institution of higher learning are always interested in freshmen. It is the policy at Oregon State to give special attention to new students. Freshman

week is a part of this policy and the program is designed to acquaint the freshman with those features of college life which are essential in making a good start and which are indicative of success. No week in the four-year college program is more important than freshman week and no term is more important than the first. It may be safely predicted that the freshman who does a high grade of work during the fall term of 1928 will be in the front rank of the graduating class of 1932.

E. B. LEMON, Registrar.

The library is a place to study and borrow books. It is for your convenience. In the past, misguided ones have used it as a meeting place—a habit which is frowned upon by the college authorities.

TO THE CLASS OF 1932

Once in a lifetime a person is given the opportunity to start his college career—only once. As he enters into the work earnestly and intelligently, or only half-heartedly and inefficiently, his career will be a success or a failure.

As a member of the Associated Students you must bear your share of the responsibility accruing to every student: that of maintaining and improving the high standards of student activity and scholastic achievement set by the preceding classes. It is a responsibility that cannot be shirked; but it should be squarely met.

Respect traditions! We have as our most cherished tradition student self-government. This is built upon the Honor Spirit. The class of '32 will be expected to cherish and strengthen it.

Once you are in our midst you will become filled with the Oregon State spirit, which is back of all our activities. We cannot give it to you. No one can explain it to you. You must find it through conscientious sacrifice and endeavor.

GRANT McMILLAN,
President of Associated Students.

A WORD FROM THE BEAVER KNIGHTS

Harold Boone, Duke

The Beaver Knight chapter of Intercollegiate Knights is an under-classmen's honorary service organization which acts as a "pep and tradition" committee for the college. The order is authorized by the constitution of the Associated Students and sanctioned by the college administration.

The object of the organization is to instruct the freshmen in songs, yells, and traditions of the college; to receive and entertain visiting teams, to help with campus traffic; and to function at all college events such as athletic contests, convocations, etc.

The student council, backed by the administration, is absolutely behind work done by the Beaver Knights. The method of instruction of traditions and the method of punishment of offenders may at times seem harsh and unnecessary, but it is the sort of discipline that experience has justified.

You are required to carry this "Rook Bible" at all times. The schedule in the back must be filled in completely in ink. Be sure that you receive credit for all work done, duties fulfilled, rook dances attended, and elections you vote in.

You are required to memorize the following information and be ready to recite when called upon by any Beaver Knight:

SPURS

Rosalie Jones, President

Spurs is a sophomore women's national honorary society whose purpose is to promote all activities in which the student body takes part and to uphold all college traditions. New members are

pledged and initiated at the close of the spring quarter by the retiring Spurs. A member is recognized by the gold spur pin and the badge, which is an orange spur on a black felt background.

The Spur rules are:

1. All rookesses shall attend convocation, student body assembly, class meetings, women's league, and Y. W. C. A. meetings.
2. Every Wednesday all rookesses shall wear the customary green ribbon, which is to be put on before breakfast and not to be taken off until bed time. If a rookess wears a hat, the ribbon must be worn on the hat.
3. Rookesses shall show proper respect to all sophomores and other upperclassmen and extend them the usual courtesies.
4. Rookesses shall not walk on the campus grass.
5. Rookesses shall speak to all members of the faculty and be congenial with all students.
6. There shall be no fussing at athletic events.
7. Rookesses must know all college songs.
8. Rookesses shall not have library or mid-week dates.
9. Rookesses shall be familiar with all college rules and traditions.
10. Violations of all rules are tried by Spurs and punished accordingly.

HINTS FOR FRESHMEN

You are an Oregon State man now—always boost for your college and strive to be a credit to it.

Be a loyal freshman—play the game and do what is expected of you.

Always rise when the Alma Mater is sung.

Attend all athletic contests.

Get posted on rules for "fussing."

Go to all your class meetings.

Don't begin cutting classes. It doesn't pay.

Make it a habit to attend convocation.

Learn the songs and yells in the Hand Book, and attend all rallies.

Make some activity your objective; stick to it.

Last, but not least, write home often. Do not forget the folks at home.

THE HONOR CODE

The honor of Oregon State rests squarely upon the honor code. It is a part of our system of student self-government of which we are proud. By doing your utmost personally to support it and to help others to understand and obey it, you are being instrumental in making a success of student self-government.

Our honor code is different from that of any high school—more comprehensive, more thorough. It embraces all phases of academic work. The following examples will illustrate what constitutes a violation of the code:

1. Copying or using notes or notebooks on which academic credit is awarded;
2. Giving or receiving information during laboratory work, recitations, quizzes, or examinations, whether written or oral.
3. Writing up fictitious records of laboratory or other work never actually performed.
4. Gaining academic credit in any other way than by personal effort and original work.

G. W. SIGURDSON,
Chairman of the Honor Council.

TRADITIONS

Oregon State is a college of ideals—ideals of character, honesty, courage, and fair play. Upon these principles are the traditions of the institution built. No college is stronger than its ideals; and all colleges are revered and loved because of traditions based upon high ideals.

Conduct Traditions

Pride in the campus has made it a tradition that there shall be no crossing of lawns.

Smoking on the campus is prohibited by one of the oldest, most rigorously observed traditions.

Every student is expected to attend athletic events, but there shall be no "fussing," that is, he shall not accompany a young lady to the games.

Rooks must wear their green hats at all times, and rookesses their green ribbons on the scheduled days.

At athletic contests all students always stay until the event is finished.

All men students remove their hats in buildings.

TRADITIONAL COLLEGE EVENTS

The O. S. C. Educational Exposition, held for the first time the latter part of February, 1924, has been established as an annual event at the college. The agricultural fair, the engineering show, and many of the displays and exhibitions of the different schools of the campus are combined in the Educational Exposition. At this time high school students, faculty members, and visitors are entertained by the college.

Homecoming Week-end occurs in the fall of each year at the time of one of the big conference football games. It is a time when alumni are especially urged to return for a visit to their Alma Mater.

The annual inspection day occurs on a regular military drill day, usually some time in the third term. At this time the R. O. T. C. is reviewed by military and civil authorities.

The annual Military Tournament and Sham Battle is an event held usually the latter part of the spring term.

Campus Week-end, which replaces the Junior Week-end of former years, is a time when the scholarship prizes and awards of honor are made before a convocation of the student body.

THE JUNIOR CERTIFICATE

The junior certificate is awarded to students who have completed all work required in their courses for the freshman and sophomore years. It is required of all students before they can register as juniors. Forget about the elective courses until you are a junior, if you are registered in a degree course, and enroll in the courses required in the degree curriculum.

Grade points, as well as college credits, are required for graduation. The higher grades carry a premium in grade points, while mere passing grades do not carry points, and failures result in deductions. It is important, therefore, that freshmen give attention to grades from the beginning in order not to place a serious obstacle in the road to graduation.

THE CLASS GIFTS

The custom for each departing class to leave a gift that would enrich the campus started with the class of 1901.

The large silver maple tree, between the administration building and science hall was used as a gathering place for students. The class of 1901 placed a large granite stone under the tree to hallow the surrounding ground so that only seniors could tread the grass under the old sentinel, now known as the trysting tree.

The class of 1902 left the lady of the fountain at the eastern entrance to the campus. The lady was stolen by the students of another institution, but later found in Portland. It was returned to the college and securely placed in position and each year is carefully guarded during Homecoming week by the students.

O. S. C. STUDENT CO-OP.

The Co-op book store is owned and controlled by the students of the Oregon State college and operated under the supervision of a board of directors consisting of seven students and two faculty members.

The board meets at the discretion of the president and transacts all business pertaining to the efficient operation of the store. A manager is chosen, under the articles of association, whose duty is to operate the store on a business basis under the direction of the board.

Any vacancy caused by the withdrawal of a member is filled by the board, six of whom constitute a quorum. The term of office is one school year. The officers for the school year of 1928-29 are:

Edgar Wolfe, Leslie Anderson, and Marjorie Kirby, senior members; Alex Cruickshank and Ralph Reichle, junior members; Weldon Kirk and Morris Little, sophomore members; and Dean G. W. Peavy, faculty, executive committee.

Every student and faculty member of the college who desires may become a member of the Co-op book store. A membership fee of 50 cents entitles the holder to a special trade or cash dividend on his purchases. This dividend is declared at the end of the school year by the board of directors and in the past has averaged 11 per cent in trade or six per cent in cash.

A close cooperation is maintained with the faculty in order that the store may be able to furnish the student with the exact materials his work demands. Attention is given to special order business for supplies in any field pertaining to college activities.

Every student is invited to bring suggestions for improved service or complaints of any sort directly to the management. Every effort is being made to give prompt, courteous, and efficient service to every student of the college. The Co-op book store belongs to the students and deserves their loyalty and cooperation. Work with it and share its benefits.

The college health service is just south of the administration building. Medical attention is free to students.

ATTEND YOUR GYM CLASSES

All students are required to attend classes in physical education during their first two years. Unfortunately many first year students do not realize the importance of having no "flunks" recorded against them. One of the easiest things you can do in college, freshmen, is to get a flunk in gym. But when you reach your junior and senior years, that flunk may keep you out of the coveted honor society or otherwise prove a stumbling block. Now is the time to fortify yourself against this evil by making a perfect record in your gym work.

YOUNG MEN'S CHRISTIAN ASSN.

The Y. M. C. A. is an organization of students which exists to serve all men on the campus. It maintains a special building, Shepard hall, in which there is a comfortable reading and study room, a quiet rest and lunch room where hot drinks may be prepared, a shower room, a mail service, and a free employment bureau. Forty per cent of the men in Oregon State are helped through college by work obtained through this employment service.

The association takes into membership all men who subscribe to its objectives. No membership fee is required.

In addition to these services the Y. M. C. A., in cooperation with the Y. W. C. A. and the student societies of the churches, brings to the campus nationally known speakers with messages dealing with every type of problem facing the youth of today. The Y. M. C. A. and the Y. W. C. A. conduct discussion groups in the fraternities, sororities, and independent clubs under capable leadership.

The work is carried on by a student cabinet under the leadership of Dr. E. W. Warrington, general secretary. Mrs. Lula Howard is in charge of the housing and employment service for all students.

Y. M. C. A. officers for this year are: Jens Svinth, president; George Boomer, vice-president; Maurice Buchanan, secretary; and Walter Stokesbary, treasurer.

THE YOUNG WOMEN'S CHRISTIAN ASSOCIATION

The Y. W. C. A. is an international movement of women. The students are aiming toward more real values in life. Friendships are made, barriers are broken down, and leaderships developed through such interests as world fellowship, music, annual waffle breakfast, bazaar, and teas.

A freshman who shows ability and interest as a committee member is eligible for a chairmanship. Those who prove themselves especially valuable may serve on either the council or the cabinet.

Council members for the year 1928-29 are: Martha Fisher, president; Edith Jacobson, vice-president; Elizabeth Sick, treasurer; Eloise Wright, secretary; Bernice Olson, religious education; Echo Pardee, freshman committee; Verna Noble, big sister committee; Hollis Swingle, publicity committee; Margaret Smith, meetings; Mildred Bucknum, membership; Carol Chase, world fellowship; Irene Hazlett, finance committee; and Lan Chen Kung, inter-church committee.

GO TO CHURCH

History records man as a being who worships. The desire to worship is universal. Among every people of whom we have record, signs of worship have been discovered.

Today, while attending college, we are thrust upon our own resources, away from our parents, yet the deep wish in the heart of every father and mother is that we remain true to the teachings of our youth. By home training and tradition we have some knowledge of the purposes and claims of religion.

In every man there is a conflict between the forces which pull him up or down and in the Bible man finds a standard whereby to guide his life. Religion in its broadest sense is life lived in all its relationships. Religion is the ballast which steadies man's life. Religion is friendship with God.

The Christian associations of the college wish to cooperate with the churches of Corvallis.

We recommend to new students the following churches, with the special hope that the church-going habit learned at home may not be lost at Oregon State.

Baptist—Ninth and Monroe; Daniel Bryant, pastor.

Christian—Sixth and Madison; Clarence W. Reynolds, pastor.

Catholic—Fourth and Adams; Francis P. Leipzig, pastor.

Congregational—Eighth and Madison; Fred R. Morrow, pastor.

Christian Science—323 South Fourteenth.

Episcopal—Seventh and Jefferson; D. Vincent Gray, vicar.

Methodist—Eleventh and Monroe; James E. Millegan, pastor.

Presbyterian—Eighth and Monroe; Angus B. MacLeod, pastor.

Evangelical—1055 Monroe; G. F. Leining, jr., pastor.

Madison Street Methodist—Fifth and Madison; Edward J. Harper, pastor.

Lutheran—Sixteenth and Monroe; Ernest J. A. Probst, pastor.

FRATERNITIES

Don't be too hasty, friend rook, in accepting the pledge pin of a fraternity. Do you realize that this will be one of the most important acts of your college career? Have you considered that this house will be your home for four years of college life, and that after graduation you will be known by your fraternity affiliation at Oregon State?

Take your time. Think the proposition over, and be cautious. Do not be drawn into a hasty decision and, if necessary, demand time in which to investigate. Be free to consult your adviser about the financial and general standing of the organization. Certainly the matter of what it will cost you to live in a house is of importance and you have a right to know before you are pledged.

The best etiquette of Greek letter organizations is silence. The fraternity always seeks the man, not the man the fraternity.

ROSSWOOD INDEPENDENT MEN'S ASSOCIATION

Membership in the Rosswood Independent Men's association is open to all men not members or pledges of fraternities, or men who live in the men's dormitory.

The purpose of this association is to establish an organization which will aid and provide an incentive for personal improvement and to develop initiative and leadership. It is to establish bonds of mutual interest through which cooperation may be obtained which will insure participation in all student activities—athletics, student government, and social life. It is to provide a means of gaining acquaintances out of which will grow life-long friendships, and to strive for a greater and better Oregon State.

The association is the controlling organization of the four independent downtown clubs—Orion, Alpee, Tri-V, and Hesperian—each of which have their own officers and sponsor their own club social and athletic affairs. The association supplements the club activities by a major social event each term and association meetings.

Membership requirements to the independent downtown clubs are the same as those of the association and the district in which a man lives determines the club of which he will be a member. The club districts are as follows; Orion club, all men living north of Monroe and Arnold Way and west of Fourteenth street; Alpee club, all men living north of Monroe and east of Fourteenth; Tri-V club, all men living south of Monroe and east of Thirteenth; and Hesperian club, all men living south of Monroe and Arnold Way and west of Thirteenth.

HONOR SOCIETIES

Any student receiving the distinction of election to any honorary society is looked upon with approving eyes by college authorities and students who are working toward that same goal. Election to honoraries is based on excellence in scholarship, leadership, personality, and efficiency in a particular subject. Only a limited number of the student body is chosen yearly for membership. The fact that most of these societies are national in scope, with chapters in the leading colleges and universities and with uniformly high standards for membership, makes election to one a distinction highly prized. It is important that each new incoming student realize the importance and significance of honoraries from the beginning of the college year—freshman week. To “make an honorary,” a few don’ts may be helpful.

Don’t be afraid to study.

Don’t put off until the week end what is to be studied today.

Don’t be a know-all, but rather cultivate a pleasing personality.

Don’t be a high-brow, cultivate the “hello” spirit.

Don’t wait for some one else to go ahead.

Don’t give up.

SKETCH OF OREGON STATE

In 1862 congress appropriated 90,000 acres of land to the state of Oregon, on condition that a state college should be in operation by 1867.

The destiny of Oregon State might have been changed had it not been for the generosity of the South Methodists in donating their church building as the first "Temple of Learning."

This simple old structure served as the entire college for many years, for in 1867 there were but 20 students registered.

In 1868 "Corvallis College" was designated as the State Agricultural college by the state legislature which definitely confirmed it as a national and state institution in 1885.

In 1887 Benton county gave 35 acres of land to insure the permanent location of the college at Corvallis, and in this same year the citizens of Benton county laid the cornerstone for the present administration building.

At this time only four courses were taught, agriculture, general science, mechanical arts, and household science.

In 1899 only a limited number of students could take advantage of gratuitous education, only one being chosen from each senatorial and representative district.

By way of comparison, the college has grown

from four main courses with five instructors and 20 students in 1867, to 10 degree-granting schools including more than 60 departments, approximately 400 instructors and over 5000 students. Oregon State includes in its enrollment representatives from every county in Oregon, from 18 states, and from nine territories and foreign countries.

In accommodations the college has developed from one building and 35 acres of land in 1885, to 43 substantial buildings and 499 acres of land in 1928.

Perhaps the most important factor in the wonderful development of Oregon State is the fact that there have been but very few changes in the presidential chair. President Kerr has been with us since 1907.

Alumni Association

About 1920 the alumni association was re-organized. Plans were worked out whereby a permanent secretary might head the work. Branch organizations were formed in all sections of the state, and the interest of the incoming graduates was enlisted. That efficient cooperation was secured is well proved by the effective way in which the alumni responded in the successful passage of the bill and in support of the Memorial Union fund.

Success in any line cannot be gained without financial support. Every graduate is given the opportunity to become a part of the organization in one of three ways: By paid up life membership, life membership to be paid by installments, or by payment of yearly dues. In return he is given the right to active participation in the organization, a subscription to "The Alumnus," published monthly, and admission to the alumni luncheon and dance held each year during the Commencement week on the campus.

The alumni association is the medium by which Oregon State men and women keep in touch with their Alma Mater. E. C. Allworth is the secretary.

THE MEMORIAL UNION

"The Memorial Union, dedicated to the service and inspiration of the living and to the memory of our immortal dead."

The Memorial Union is a student service building that houses the various undergraduate activity groups, the alumni organization, supplies banquet and cafeteria rooms and fountain service, offers facilities for student body dances, has a stage for plays, houses the co-op store, has lounging rooms for faculty and students with special rooms for men and for women, has trophy rooms and in general serves as a center for student life.

The Union has been made possible through contributions made by students, alumni, faculty, and other friends of the college. Costing more than a half million dollars, it stands as an example of classic magnificence in architecture, a silent tribute to our soldier dead, and a lasting inspiration to the living generation on the campus.

The idea for a memorial was first formed by a few students, who following the world war, sought some means by which the college could honor its war dead. The student union building was resolved on as more fitting than some such memorial as a monument, since it would through its service inspire and aid as well as remind.

Enthusiasm for the plan was immediately evinced by students and alumni alike. Enthusiastic drives following the perfection of the architectural plans, drawn by an Oregon State alumnus, netted enough pledges to start construction. The site for the union was dedicated in 1926 and ground was broken for construction in the spring of 1927. The cornerstone was laid Alumni day, June 2, 1928.

The ground floor includes the ball room which has a stage at one end, so that the great room may be converted into a showhouse. It may also be used as a banquet hall for large assemblages. The kitchens, cafeteria, and fountain are all located on the ground floor.

The next is a mezzanine floor with a beauty parlor, checking, and rest rooms at the west end.

The east end contains the co-op store, a barber shop, and ticket office.

Above the mezzanine is the first or main floor which contains the main concourse, the central lounge room, with a smaller separate lounge for men students at the east end and the one for women students at the west end. Various student, alumni, and building offices are also on this floor.

The second floor has office rooms for various campus organizations and trophy rooms. A balcony runs around three sides of the main lounge. At the west end is the women faculty lounge room and at the east end the men faculty room.

Honor fraternities, publications, among which are the Daily Barometer, the Beaver, the Alumnus, and the Directory, graduate manager's department, various clubs, athletic news bureau, Associated Women students, and alumni association are among the groups housed in the Union.

Executive control of the Memorial Union is vested in two boards. The board of governors has charge of finances and construction and is composed of four alumni, one regent, and two student members. The board of directors has charge of the building's activities. It is composed of four student members, one faculty, and one alumni member and the graduate manager.

A general manager is appointed by the board of governors. He is responsible for all financial affairs of the Memorial Union, for the orderly conduct of the building, and has charge of all employees.

The officers consist of a president and secretary chosen from the senior class, and three vice-presidents, chosen one each from senior, junior, and sophomore classes. The president, first vice-president, secretary, senior and junior members of the board of control, constitute the executive committee of the student body and have general supervision of all affairs of interest to the student body.

The Board of Control

The board of control consists of three faculty members appointed by the president of the college, one alumnus chosen by the alumni association, and five students who are the executive committee of the student body. The student body constitution vests in this board of control authority to supervise all student body interests entailing the expenditure of student body funds. They exercise functions in the main by the approval of budgets and schedules. The immediate supervision is exercised through a general manager appointed by the board of control.

The Student Interests Committee

The student interests committee is composed of the president of the Associated Students, editor of the Barometer, president of the Independent Student Council, president of the Interfraternity Council, president of Pan-Hellenic Coun-

cil, president of the Associated Women Students, the dean of women, the dean of men, chairman of the scholastic committee, chairman of the housing committee, and the director of physical education. This committee is designated to look after those interests of the students which are not strictly academic in character. It assists in working out student social problems. It helps to maintain a wholesome relationship between clubs and fraternities and the college. It is prepared to assist student organizations in all their financial dealings. In short the committee strives to bring about those conditions which will make the student's college life of the greatest profit to him.

ASSOCIATED WOMEN STUDENTS OF OREGON STATE

This organization includes in its membership all women in the college. Organized in 1916, its purpose is to foster unity and cooperation among the women and to promote a spirit of democracy.

All campus organizations of which women are members are a part of the association and are represented on its governing body. The association aims to coordinate the work of these various organizations giving each a definite duty to perform, thus preventing duplication of effort.

Officers for this year are: Clara Park, president; Nancy McNaught, vice-president; Mildred Cramer, secretary; Grace Colbone, sergeant-at-arms.

It publishes the news of the college and is of general public importance as representing the interests, character, and accomplishments of the

student body at the college. By action of the board of regents, resulting from a unanimous recommendation of the student body, a portion of the regular student body fee is devoted to the "Barometer," and every student regularly receives the paper.

LOAN FUNDS

Student Loan Fund. Through the liberality of friends of the Oregon State college and through the accumulation of interest on loans, an irreducible student loan fund aggregating \$33,566.81 (November 1, 1926) has been established. The purpose, as expressed by one of the donors, is "not to induce students to attend school by providing money that can be easily obtained, but rather to aid those who have determined to secure an education and are paying the cost wholly or in part from their own earnings."

The J. T. Apperson Agricultural College Educational Fund. By the will of Hon. J. T. Apperson, regent of the college since its foundation, a fund amounting to between \$55,000 and \$75,000 is to be a perpetual endowment, administered by the state land board of Oregon, for the assistance of worthy young men and women, "who are actual bona fide residents of the state of Oregon, and who would otherwise be unable to bear the expense of a college course at the Oregon Agricultural college." The income from this estate is to be loaned to students at a low rate of interest. Applicants for the loan must be recommended to the state land board by the president of the college and the state superintendent of public instruction. Application is made through the office of the student loan fund.

The Masonic Educational Funds. The Grand Lodge of the state of Oregon has assigned \$2000 to a fund which may be used by needy sons and daughters of Master Masons. Loans from this fund are made at the discretion of the trustees of the Grand Lodge, upon recommendation of the president of the college and the approval of the master and wardens of the lodge at Corvallis. Loans to any one student may not exceed \$300 in a school year, subject to repayment in full or in installments at the borrowing student's earliest convenience.

The Grand Chapter of Royal Arch Masons of Oregon has established a loan fund of \$2500 jointly between Oregon State college and the University of Oregon for the sons or daughters of Royal Arch Masons of Oregon. Loans from this fund are obtained as described in the paragraph preceding.

The Knights Templar have a national fund available for the aid of students in their junior and senior years. The student applying need not necessarily have Masonic affiliations as a prerequisite. Loans from this fund are obtained in the manner above described.

The Eastern Star Educational Fund. Loans are now available to students who are members or daughters of members of the Order of Eastern Star. Loans are made in amounts of not more than \$300 in a school year. Notes are for

one year and renewable at the pleasure of the worthy matron, and draw 4% interest. Loans are made upon honor, no security being asked, and will be made by the trustees of the grand lodge on the recommendation of the president of the institution the student is attending and the approval of the worthy matron and worthy patron of the chapter of the Order of the Eastern Star located in the same place as the institution of learning.

The Harmon Foundation Fund. This corporation of New York City, founded for the sake of assisting worthy self-supporting students in the last two years of their courses, assigned \$3000 yearly to the Oregon State college. This money is loaned under conditions novel to the foundation, perfectly protecting the principal, yet requiring no security from the student. Loans made under this fund must be repaid by regular payments begun not later than 12 months after graduation or the leaving of school.

The Simon Benson Fund. Simon Benson of Portland has placed \$2000 on deposit with the loan committee for the assistance of needy and worthy students. These funds are administered in the same manner employed of the other money of the regular student loan fund.

Bernard Daly Educational Fund. Under the terms of the will of the late Dr. Bernard Daly of Lakeview, Oregon, worthy self-supporting young men and women of Lake county, may receive a part or all of their necessary college expenses. The terms of the will provide that the income from this fund be used to pay the college expenses of at least 15 students each year. The fund is administered by a board of trustees who select candidates annually from a list of applicants recommended by the county judge and county school superintendent.

The Arthur Palmer Tift Memorial Loan Fund. By the will of Mrs. Joan C. Palmer Tift, practically her entire estate, estimated at from \$20,000 to \$30,000, is left as a permanent loan fund for deserving young men needing financial assistance while attending the Oregon State college. This fund is left as a memorial to her son, Arthur Palmer Tift, an attorney in Portland until the time of his death January 14, 1919. The

fund is irreducible and all interest accruing therefrom is added to the foundation.

The Oregon State Pharmaceutical Association Educational Fund. The O. S. P. A. educational fund, established by the Oregon State Pharmaceutical association at its thirty-sixth convention held in Corvallis during July 1925, is a fund to be used primarily in making loans to needy and deserving students of the Oregon State college school of pharmacy. It may be used also, at the discretion of the trustees of the corporation, for endowing a pharmaceutical library or a chair of research or instruction in the school. The O. S. P. A. educational fund is maintained through subscriptions from Oregon druggists and other sources. On an average subscriptions are for \$100 each, payable in ten annual installments. John F. Allen, '95, of Corvallis, initiated the movement for the fund by making an initial contribution of \$1000. The fund now comprises nearly \$6500. An effort is being made by the O. S. P. A., through subscription contributions extending over a period of 10 years, to raise an aggregate fund of \$100,000.

FIVE IDEALS

Work. Begin your work promptly. More than half the freshmen who fail, fail because they waste the first six weeks. Watch them closely.

Ideals of Work. Aim to excel in at least one study. A lower ideal than this is unworthy of a college man.

Help and Advice. Get in touch with some adviser, your instructor, or some other responsible official to whom you may turn when in need of advice about your work. Do not run the risk of failure through ignorance of the rules.

Friends. Make friends by being one yourself. It is a tragedy to live an isolated life. There are important sides of your nature that cannot be developed except by healthy contact with your fellow students.

Character. Do not sacrifice or compromise the essentials of real character, whatever your change of belief or opinion. Remember that you are here to make "Character more efficient through knowledge."—F. W. Roe.

ARTICLE XIV

The Point System

Section 1. A limit shall be placed upon the number of student activities carried by any student. This is to insure to every activity the necessary time and attention of the student who is responsible, either by his own choice or by election, for carrying it on, and to prevent a student from burdening himself with activities to the detriment of his scholarship.

Sec. 2. Student activities as here used shall refer to all offices, teams, societies, and organizations fully recognized by the student affairs committee or the executive committee of the Associated Students.

Sec. 3. Points shall be allotted to each activity. These points shall be based upon the time involved and work required. The executive committee shall allot the points, shall submit the first list for publication in the Barometer at least once during the first month of the fall term, and shall keep the list on file at all times in the student assembly office. After publication of the first list a four-fifths vote of the executive committee shall be necessary to change the allotment of points.

Sec. 4. An officer, known as the point system chairman, shall be selected from the senior class by the executive committee, with the approval of the student interests committee, to enforce the provisions of this article. He shall serve concurrently with the executive committee that appoints him. A unanimous vote of the executive committee, approved by the student interests committee, shall be required to remove him.

Sec. 5 Each student participating in any student activity shall within 10 days of the date of entering the activity report the following information to the point chairman: Name, class, address, telephone number, course carried in college, number of credits, and activity. If he fails to report within 10 days after date of entering activity he will forfeit all right to participate in the activity. Vacations shall not be construed as time elapsed.

Sec. 6. The point system chairman may appoint assistants. He shall be provided with a desk in the student assembly office. Appeals may be taken from his decisions to the executive committee, but must receive four-fifths vote to be reversed or modified. Further appeals may be taken from the decision of the executive committee to the student interests committee, whose decision will be final.

Sec. 8. The secretaries of all organizations shall submit to the point system committee a complete list of all offices and officers of their respective organizations, or any change in officers or offices within 10 days after installation of said officers or change in officers.

Sec. 9. Failure to comply with section 8 shall result in a fine of \$5.00 to be paid by the organization for each offense committed.

Sec. 10. It shall be held contrary to regulation for any student to acquire more than 100 points in any one year, with the following exceptions:

(a) President and first vice-president of the Associated Students and editor of the Barometer who shall be permitted to act on committees required by the constitution.

(b) Members of athletic teams who earn over the allowed number of points by participation in athletic events.

(c) Students whose appeals to the student interests committee are sustained by that committee.

ARTICLE XV

The Honor System

Section 1. Name: This system shall be known as the Oregon State Honor System.

Sec. 2. Purpose: The purpose of the system shall be to foster and maintain a high standard of honor among all students throughout the college.

Sec. 3. Administration: Subject to the approval of the president of the college, the honor system shall be under exclusive student administration.

Sec. 4. Scope: The honor system shall apply to every duly registered student and shall prevail in the administration of all academic student affairs, including examinations, class work, and

written assignments, with one exception of entering classificatory examinations.

Sec. 5. Organization: A student chairman and nine student members, to be selected as hereinafter provided, are constituted an honor committee vested with complete executive and judicial powers for the administration of the honor system.

(a) The chairman of the honor committee shall be a senior, elected by the Associated Students at the regular annual election from nominations submitted by the retiring committee. He shall take office at the time of the installation of the other student officers and shall serve concurrently with them.

(b) Five men and four women shall compose the other members of the committee, to be selected as follows:

(1) Two men and one woman appointed by the executive committee of the senior class.

(2) Two men and two women appointed by the executive committee of the junior class.

(3) One man and one woman elected by the interhonorary fraternity council.

(4) All selections shall be made previous to the closing of the college, for the year following.

(c) The honor committee shall formulate its own rules of procedure and shall select from its own membership a secretary who shall keep a permanent record of all proceedings.

(d) The chairman and any five members of the committee shall constitute a quorum for trial of cases. The committee shall meet at the call of the chairman within 96 hours of the report of the violation.

Sec. 6. Punishment of Offenders: Penalty for violation of the honor system shall be not less than the loss of five college credits, nor more than expulsion from the institution. Publication of the name of the offender in the summary of the evidence and penalty, may be imposed by the committee and shall be final, subject only to approval by the president of the college.

(a) The accused shall be notified in each case to appear before the committee and enter a plea, but in case he fails to appear, or to submit acceptable explanation, he is automatically suspended from the institution.

Sec. 7. Reporting Violations: Where the force of the honor system fails to restrain a student from violating the provisions of the honor system (see section 8), enforcement shall be instituted by the following means:

(a) Students observing or having knowledge of any violation of the honor system are in honor bound to report such violation to the chairman of the honor committee, such reports to be made on printed forms provided. Accusations shall preferably be brought by at least two students.

(b) The provisions of this constitution shall not be construed as in any way relieving faculty members from the duty of reporting any apparent violations of the honor system found in written work, to the chairman of the honor committee.

(c) Students observing practices in the course of an examination that appear to be a violation of the honor system, but who are not certain of such violation, may tap audibly on the desk as a warning, but such warning shall not be deemed necessary before reporting obvious violations.

(d) The above are not to be construed as preventing any one or more students who observe any other student or students cheating from taking direct and immediate public measures to stop the dishonest action at once.

Sec. 8. Conduct of Examinations: In no case shall the instructor act as a proctor. When conducting an examination or a quiz he should make it manifest that he fully believes in the honor of his section individually and collectively, preferably by withdrawing from the room.

(a) To protect the individual and thus promote the honor system alternate or spaced seating or alternate sets of questions are recognized as desirable.

(b) The honor committee shall issue at the beginning of each college year a detailed statement setting forth specifically what is considered an infraction of the honor system.

Sec. 9. Education: The chairman of the honor committee shall be responsible for seeing that the honor spirit among the students is fostered and upheld in every way possible by keeping the ideals of the honor spirit before the public and by such means as a printed statement on all

blue books, speakers to student groups—especially incoming classes; publicity on the campus, through campus publications, and appropriate propaganda in the high schools. Students individually shall at all times promote the honor spirit in every way possible.

Sec. 10. Complaints: Realizing that the final success of any honor system depends largely on the removal of causes of dishonesty, the honor committee shall meet once each quarter in the week following mid-term examinations for the consideration of all complaints of students or faculty regarding practices of instructors or conditions within the institution which are thought to be a menace to the honor spirit, and advise with the dean or head of independent department concerned.

Sec. 11. For Purpose of Continuity: The president of the college shall designate one faculty member to familiarize himself with proceedings to whom the honor committee may go for counsel.

ARTICLE XVI

Amendments and Miscellaneous

Section 1. Any article or section of this constitution or by-laws may be amended by a majority vote of the members (active) of the Associated Students at any meeting; provided, that the proposed amendment shall have been presented to the executive council for approval, shall have been approved by such committee, and shall have been presented by it at a meeting at least 10 days prior to the time at which it is to be voted upon. Should the executive committee fail to present the proposed amendment, as above provided, within 30 days of its receipt of such proposed amendment, then such proposed amendment may, by a written petition of one-third of the members of the Associated Students, be presented for adoption at any meeting; provided, that the final vote upon such proposed amendment be not taken earlier than at the next regular meeting after the presentation. In no case shall an amendment become operative until sanctioned by the president of the college.

Sec. 2. The Associated Students shall observe Robert's Rules of Order in the conduct of meetings.

Student Manager System

Sec. 3. For each of the major sports there is a senior manager who holds office for one year. This man is selected on the basis of elimination after service of two years in the capacity of assistant during his sophomore and junior years. The number of sophomore and junior assistants will be determined by the graduate manager in accordance with the needs of the sport. From the juniors there is one senior elected to manage that particular sport. His duties vary according to the requirements of his activity, but in general he is responsible for the general progress of the sport. He is to assign duties to the assistant managers, whom he is to supervise at all times.

The junior assistant managers and the senior manager are selected by a committee consisting of the coach, graduate manager, director of physical education, and incoming and outgoing captains. Appointments are subject to approval by the board of control.

Any sophomore is eligible for the position of managerial candidate. The method of applying is merely by filing application with the senior manager of the respective sport.

An appropriately designed insignia is granted the senior manager at the close of his term of office upon recommendation of the appointing committee and the acceptance of the recommendation by the board of control.

BY-LAWS

Section 1. The use of tobacco in any form is prohibited on the campus.

Sec. 2. The use of intoxicating liquors is prohibited.

Sec. 3. Distinctive class insignia or wearing apparel of any class shall not be worn by members of another class.

Sec. 4. Hazing is prohibited.

Sec. 5. Freshmen shall be required to wear the green cap from the beginning of the fall term until Campus week-end with the exception of the time between Thanksgiving and the beginning of the second term.

Sec. 6. The enforcement of freshman regulations shall be vested in a duly authorized com-

mittee of the sophomore class, responsible for their actions to the student council. The method of enforcing these regulations shall be according to the policy outlined by the student council.

Sec. 7. A breach of the methods outlined for the regulation of freshmen by the council, or the application of additional requirements not herein specified, shall be considered hazing, and violation of this ruling shall, if deemed necessary, result in expulsion from the institution.

Method of the Board of Control in Supervising Student Activities

All funds belonging to the Associated Students are kept in the business office of the college. They can be drawn from the business office by the business manager only on requisition approved by the president of the board of control.

The board of control, at the beginning of each year, approves a budget for each student activity. The general manager makes purchases according to these budgets. Any deviation from these budgets in purchases must be approved by the board of control. The general manager only, or his approved agent, may make purchases to be charged to the student body.

All equipment and supplies belonging to the student body are under the direct care of the departments concerned. The general manager keeps a yearly inventory of these goods and the departments are held responsible for them.

All schedules and trips of all student activities chargeable to the student body must be approved by the board of control prior to the trip. All employees of the student body are employed by the president and board of regents on recommendation of the board of control.

Beaver rooters are sportsmen in the true sense of the word. Courtesy to their opponents is a practice of many years standing.

Freshmen will consult with their major professor concerning matters pertaining to class schedules. Many unfortunate mistakes will be avoided by so doing.

OREGON STATE SONGS

"Carry Me Back to O. S. C.," is the song which we always rise to sing. To the old grad it brings back happy memories of his pleasant years at the "college on the hill." To the undergraduate it brings pride in his college, love of its traditions and its ideals.

Alma Mater

Within a vale of western mountains,
 There's a college we hold dear.
 Her shady slopes and fountains
 Oft to me appear.
 I love to wander on the pathway
 Down to the trysting tree,
 For there again I see in fancy,
 Old friends dear to me.

Chorus:

Carry me back to O. S. C.,
 Back to her vine-clad halls;
 Thus fondly ever in my mem'ry
 Alma Mater calls.

O. S. C. Medley

Who am I, sir? An O. S. C. man am I;
 An O. S. C. man, sir, and will be till I die,
 Ki Yi;
 We're up to snuff, we never bluff, we're in for
 any fuss—
 There isn't a bunch of college men can beat us
 in a muss,
 So we'll fill our lungs with lusty air and shout
 it to the sky,
 We'll fight for dear old O. S. C.
 For an O. S. C. man am I.
 O. S. C., O. S. C., zip-boom, zip-boom, zip-
 boom-bee,
 O. S., O. S., O. S. C.,
 O. S. C., O. S. C.,
 Smash 'em, bust 'em—that's our custom;
 O. S. C.
 For I'm a Beaver born and a Beaver bred,
 And when I die, I'll be a Beaver dead.
 For it's Rah, Rah, for O. S. C.!
 Rah, Rah, for O. S. C.!
 Rah, Rah, for O. S. C.!
 Here's to the men we know and love,
 Beavers tried and true;

Here's to the men of the Orange line
 Fighting for me and you,
 Up with the glass and pledge them, lads,
 Flashing its amber gleam,
 While deep in our hearts the toast shall be:
 Here's to the grand old team!

Hail to Old O. S. C.

Here we come with a toast and song
 To the college upon the hill,
 We love its shady slopes and trees,
 Each memory cheers and thrills.
 But the fondest tho'ts when the years have run,
 Will be of teams and victories won;
 Each man a loyal son,
 Hail to old O. S. C.

Chorus:

O. S. C., our hats are off to you,
 Beavers, Beavers, fighters through and through.
 We'll cheer for every man,
 We'll root for every stand
 That's made for old O. S. C.
 Rah, Rah, Rah,
 Watch our team go tearing down the field,
 Men of iron, their strength will never yield;
 Hail, hail, hail, hail,
 Hail to old O. S. C.

Beaver Pep

Cheer for the Beavers ever,
 The heroes of my song,
 We will desert them never!
 We're ready to back the Orange and Black
 All day long—Rah!
 Mighty in bold endeavor,
 They fight for you and me,
 They are the lunging, plunging, wonderful team,
 They are the men of O. S. C.

MINOR SPORTS

Tennis

Lack of sufficient tennis courts on which to practice has been a handicap to tennis aspirants at O. S. C., as only a limited amount of practice can be obtained. Despite this disadvantage the sport has shown steady improvement and increased popularity. Careful adherence to training rules and the faithful participation in practice has been responsible for the recent development.

Cross Country

The intramural cross-country races at O. S. C. serve as early season training for the long-distance runners. An annual turkey run, open to all college men, the closing event of the intramural season, is the elimination race that decides who shall meet the University of Oregon in the dual meet. The 20 men placing first in this run compose the varsity team.

Swimming

In the past three years of intercollegiate competition, the O. S. C. swimming team has won every contest. The Multnomah Amateur Athletic club team, ranking among the best in the country, has been the only squad to defeat the Beaver team. An increased schedule is being planned for next year.

Polo—Special Military Sport

When polo at Oregon State was recognized as a special military sport, added impetus was given to the activity on the campus. Letters, a large block "O" with a polo mallet intersecting it, are awarded.

Eligibility Rules

The conference eligibility rules are as follows: To be eligible to play on any varsity team, a man must have resided a year in the institution in which he participates in sports, and must have made 36 term hours. He must have made two-thirds of hours carried the term preceding his participation.

His standing must be strictly amateur.

Only three years' participation in major sports is permitted.

A man must be in good standing at all times in the institution which he is attending.

Men are eligible to freshman teams when they are entering an educational institution for the first time, and are only eligible for such sports as they have had an opportunity to participate in at any other institution of like rating.

INTRAMURAL ATHLETICS

"Every man at Oregon State in athletics," is a slogan that is actually being fulfilled each year. Ninety-five per cent of all the men of the institution that are physically fit are engaged in some form of intercollegiate or intramural athletic work. Each intramural sport is played in its season. The program for intramural sports extends from the beginning of the fall term until the close of the spring term.

More than 400 men competed in the basketball tourney last season and 136 games were played. Three games were played at a time on the courts of the men's gymnasium, thus allowing time for 45 teams to compete each week.

The intramural relays enlist more than 40 teams who compete for the coveted trophy. The cross country sport affords competition for more than 500 men, many of whom develop into varsity distance men.

Representatives of more than 45 organizations enter the track and field meets each spring. Many new records are set each year by the time the all-school track and field meet is decided. An annual Thanksgiving week turkey run is sponsored by the business men of Corvallis who give turkeys as prizes to the winners.

The 100-foot tank is open to all and is the scene of many contests. Forty teams competed in the 200-yard swimming relays for all-college title and plaque. Besides the relays an all-college swimming meet is given in every event of the sport. The compulsory swimming rule insures that every graduate from O. S. C. is proficient in swimming.

Last spring 45 teams played at least five games each in intramural baseball. Baseball is a popular sport because it affords activity for almost every college man who wishes to represent his organization. All-school titles are also determined in horseshoes, handball, and tennis.
