VOL. XXX

OREGON AGRICULTURAL COLLEGE, TUESDAY, APRIL 24, 1923

NO. 128

AGGIE-IDAHO GAME OPENS CONFERENCE

Practice Season Meets Called Off Last Week-end on Account of Rain

VANDALS' POWER UNKNOWN

Coach to Train on Team Work and Weak Places in Line-up Before Series

The conference season opens for the Aggies tomorrow when the University of Idaho Vandals play here in the first of a two game series. The local team is "pointing" toward these games, as they have the idea that while a strong finish counts much, a strong beginning is not to be despised.

Two games were scheduled for the varsity last week-end, one against Mt. Angel college and the other with Pacific university. Both contests were called off because of the rain and wet grounds. The team thus lost an opportunity to finish its practice season with games against outside aggregations.

Dope Is Unavailable
The strength of the Vandals is not known, but that they are not unbeatable is shown by the fact that the University of Washington handed them a double defeat last week. This gives but little "dope" on them, however, as several factors might have been the cause of their drubbings. They were playing their first game of the season away from home and against a team that has been regarded as doubly strong on their home grounds.

How the Beavers will stack up in actual competition is a question that is worrying many local fans. While they have played several practice games, these contests have been against teams that are not regarded as strong as those representing the institutions in the conference. Even in the practice affairs, the Aggies have bobbed badly at times.

Stronger Lineup Expected
With good weather the remainder of the week, Coach Ralph O. Coleman will be able to work off the rough spots in the teamwork and strengthen the weak places in the line-up. The experimental stage in the make-up of the team has been passed and the development of unity of action will call for most of the time from now until the first game is called.

NEW W. A. A. HANDBOOK DEFINES GOOD SPORT

Book on Sale at Women's Gym and Will Also Be Distributed to Association Members

"A good 'sport' never quits, gives an alibi, gloats over winning, takes an unfair advantage, asks odds that she is unwilling to give, is a poor sport or underestimates an opponent. She always respects the game she plays, for she who plays the game straight and hard wins even though she loses."

That is the code of a good sport as given in the new Women's Athletic association handbook just printed. The little green-covered books are on sale at the women's gymnasium and will be distributed through sorority and hall members of W. A. A. They are 40 cents apiece and may be purchased by anyone interested in women's athletics.

Training and health suggestions; descriptions of the various sports; the constitution and by-laws of women's Athletic association; names of officers, sport managers, and wearers of the Orange "O," is other valuable information in the booklet. Words of all the college songs are given at the back.

NATIONAL CHAPTERIAN HERE

Miss Sarah Blue, national chapterian of Kappa Delta, national sorority, was a guest of Phi Gamma over the week-end. Miss Blue, whose home is in Union Springs, Alabama, was charmed over the Willamette valley, and particularly over the O. A. C. campus. She expressed admiration for the type of architecture of the college buildings, and the general similarity in style.

CO-EDS PLAY FIRST ROUNDS

Class Teams Chosen From Winners of Tennis Tournaments

Co-eds taking part in the tennis tournament will be given until April 25 to play off the first round. Last week rainy weather hindered practice and delayed games. The winner reports the score to Miss Ruth Thayer or Edith Weed in writing, at the end of each match.

Winners of the tournament will be chosen by elimination and class teams picked from them. Inter-class games will then be held to decide the college championship. Matches will be played with the University of Oregon, May 26 at Eugene.

HONOR SYSTEM IS READ AT MEETING

SPECIAL STUDENT BODY IS CALLED MONDAY NOON

Committee Welcomes Discussion on Plan; Time for Changes in Draft Is Now Past

Another step towards the adoption of an honor system at O. A. C. was taken yesterday when a special student body meeting was called at the request of Forum at which time the proposed amendment to the student body constitution was given its first reading. The noon whistle was blown ten minutes early, and for fifteen minutes the students gathered around the bandstand where the meeting was held.

Jack Alexander explained the system as it had been drawn up by the Forum committee, consisting of Edna Readen and John Burtner. It embodied parts of honor systems as used in many colleges throughout the United States, and also many new points which were necessary to adapt it to the needs of the campus.

Following the reading by the secretary, George Studer spoke of certain phases of the honor system to which he objected. Just before the meeting adjourned, John Burtner announced that free discussion was welcome, but that the time for changing this amendment was past since there can be no alteration between the first and second reading. The committee has received many suggestions since the first draft was published in the Barometer, some of which have been included in the plan as presented.

All students attending the meeting were given a copy of the proposed system. Any who wish may obtain copies from the Barometer desk in the library. Voting on the honor system will take place May 2 and will be done by ballot.

DENTISTRY BY RADIO IS PROGRAM FEATURE

Mrs. Sarah Prentiss Gives Pointers to Parents of the Northwest About Children's Diet

Parents throughout the northwest were given some pointers on caring for children's teeth last night via the college radio by Mrs. Sarah W. Prentiss, instructor in household administration. Mrs. Prentiss' lectures are a new feature in broadcasting, designed to help parents plan the child's diet so that many physical defects in children will be prevented. The large audience reached by the college radio has led Mrs. Prentiss to believe that such talks will be helpful to many.

"How to treat and plant potatoes," was the subject of a talk to farmers and gardeners of the state by G. R. Hyslop, professor of farm crops. An announcement of Junior week-end was made by William North, chairman of Junior week-end committee.

ALPHA PI DELTA WINNER

Alpha Pi Delta proved to be the winner in an attendance contest with Sigma Phi Epsilon in the Methodist Sunday school last Sunday. The final score was 35 to 32. The challenge was given a week ago, and both houses turned out in full yesterday.

TODAY'S CALENDAR
1:00—Engineering lecture, 100 library.
7:30—Independent men's association, "Y" hut.

FACULTY CONTAIN AUTHORS OF NOTE

Library Has Listed Over Fifty Books and Pamphlets as Written by Staff

DISTRIBUTION WIDESPREAD

Publications Vary From Works on Cultural Topics to Technical Ones

Many deans, professors, and others on the O. A. C. faculty are authors as well as instructors. Nearly 50 books and pamphlets are listed by the college library by members of the faculty. These publications range from books and bulletins of a strictly technical subjects to those of a more cultural nature, such as Oregon history.

Some of the books are used as texts in college classes. Thousands of bulletins are distributed throughout Oregon and other states.

Authors Are Listed

Authors of books on history, economics, government, and miscellaneous subjects include: Frederick Berchtold, professor of English language and literature, "Work of the Oregon Agricultural College;" Dr. U. G. Dubach, professor of government and business law, "Government of Oregon;" John Fulton, professor of chemistry, "Chemistry;" J. B. Horner, professor of history, "History of Oregon;" Miss A. Grace Johnson, professor of household administration, and Miss Ava B. Milam, dean of home economics, "Camp Cookery;" President W. J. Kerr, "Some Land Grant College Problems;" Dr. Hector Macpherson, professor of economics and sociology, "Practical Problems in Rural Economics;" E. B. Mittleman, instructor in economics and sociology, with others, "History of Labor;" Dr. Frank A. Magruder, associate professor of government and business law, "American Government;" Winfield C. Scott, assistant professor of military science and tactics, "Memoirs of General Winfield Scott;" J. F. Page, instructor in economics and sociology, "Socializing for the New Order."

Agriculture Is Subject

Many different phases of agricultural problems are covered in books and pamphlets as follows: Alfred G. Lunn, professor of poultry husbandry, and James Dryden, former professor of poultry husbandry, books on poultry; Marion B. McKay, assistant plant pathologist, "Potato Diseases in Oregon;" John R. Veivius, "Pruning Investigations;" A. E. Murneek, assistant professor of horticulture.

(Continued on page four)

'MUSH' TO TEACH IN HONOLULU SCHOOL

HJELTE WILL BE DIRECTOR OF PHYSICAL EDUCATION

Former Aggie Star to Take Up Work in Plant Pathology to Fit Him for New Duties

"Mush" Hjelte, famous and elongated Aggie basketball center, has accepted a position as director of physical education at Punahou prep school at Honolulu, according to a letter received by Mrs. Beatrice Stout of the registrar's office. Punahou is a private school for the instruction of the children of white residents of Honolulu.

"Besides the regular work, I will have the opportunity of conducting a summer camp for boys on the island who are interested in agriculture," said Hjelte.

"Mush" together with Mrs. Hjelte, formerly Miss Laurel Canning of the college library, will leave August 22. During the coming summer the Beaver basketball star plans to take extra work in plant pathology at the University of California to fit him for his new duties.

While in college Hjelte was prominent in athletic circles, winning letters in varsity football and basketball. He was all-star Pacific coast basketball center in the last two years and also played center on the 1922 Aggie football squad.

SNAPPY PROGRAMS FEATURE COTILLION

Upperclassmen Can Get Tickets Today in Library and Commerce Building

NEW SYSTEM TO BE USED

Gymnasium Will Be Converted Into Outdoor Scene With Large Paintings

A sophomore cotillion Saturday night with more new features than dances is the promise of the cotillion committee. Tickets sold by individual members of the class up to this time number two-thirds of the total allowed for the event. Tickets will be on sale to all upperclassmen from 1 to 5 today in the lobby of the library and in the commerce building.

Programs will be exchanged for tickets already bought in the lobby of the library from 1 to 5 today. The programs, promised for a long time as being a revelation to the campus, may be seen at this time. They consist of miniature fringed felt pillows in the class colors, purple and gray, padded on one side and flat on the other. The pillow opens in the middle, and the order of dances, patrons and patronesses, and other information appears on diamond-shaped sheets with an outdoor scene in black silhouette.

Decorating Begins Saturday

Decorating will not begin until Saturday on account of the rook dance in the gymnasium Friday night. The outdoor scene will be carried out in the artist's scheme even to the fragrant scent of pine boughs, which will be festooned about the walls. The draperies are being brought from Portland by the same company which decorated for the Junior prom. Twenty large paintings of woodland scenes, and two truckloads of other paraphernalia will be used.

Punch will be served in both ends of the hall, instead of only one end, as has been the custom at other dances. A new checking system and a novel feature, together with the addition of another player to the already famous "Midnight Sons" of Eugene, complete the preparations for the big second year event.

CLUB WILL SEND MEN

Two Teams Will Represent O. A. C. at National Convention in East

The O. A. C. Dairy club is planning to take part in the National Dairy show in Syracuse next year. The club is determined to send at least one team, and hopes to send two—one team from the production side and the other from the manufacturing side.

Last year the team took first place in the stock judging contest and ranked well in several others. It is estimated that the trip will cost \$200 for each man and \$1200 for the two teams. The Oregon Breeders and Buttermaker's association gave \$200 toward the expenses of the team last year. This year the team has not outside help. The profit made on the sale of ice cream in front of the dairy building will go to defray the cost of the trip.

TENNIS GAME POSTPONED

Will Play Reed College in Portland; Coach Has Not Picked Team

The tennis game between O. A. C. and Albany college, scheduled for last Saturday morning, was postponed indefinitely on account of rain.

Reed college will be played Saturday at Portland. As the tennis men have had little opportunity to practice, due to wet weather, Dr. B. T. Simms, coach, has not had a chance to pick a team.

MUSIC TO BE BROADCAST

Music furnished by the Sigma Phi Epsilon orchestra will be broadcast from the college station, KFDJ, at Apperson hall this evening at 7:30. The orchestra is composed of Homer Roberts, violin, Lindsey Spight, saxophone, Donald Bogie, drums, Uel Marr, piano. Names of selections have not been announced.

INDEPENDENT MEN TO MEET

Nominations for Next Year's Officers Will Be Made Tonight in "Y" Hut

Nominations for next year's officers for the Independent men's association will be made tonight at 7:30 in the "Y" hut. "The future of the Independent men's association depends to a large extent on the action taken at the meeting this evening," says Cecil V. Redden, president of the association. "Every independent man should be highly interested in this meeting and should come with some good man in mind who would make an efficient officer."

Several boxing matches are on the program and refreshments will be served.

BEAVER ANNUAL TO COME OUT ON TIME

COPY WILL BE READY FOR BINDERS BY NEXT WEEK

Manager Rosenstiel Announces Book Financially Solid and Has More for Sale

The Beaver annual will come out Junior week-end, announces "Hod" Lewis, editor. All of the Corvallis work is finished and the last of the copy has been sent to James, Kerns & Abbott, publishers. The printing work is two-thirds done and the publishers expect to get it ready for the bindery by May 1.

Regular office hours at Shepard hall will be discontinued after April 21. All those wishing to buy a Beaver are asked to leave their names and addresses under the office door and a representative will be sent to them.

"The financial end of the books is coming along fine," says "Jim" Rosenstiel, manager. "However, it is necessary for all organizations to pay for their pages in the annual as soon as possible so that we can meet the bills attending the completion of printing and engraving."

More Beavers are yet for sale and every loyal Aggie who has not yet done so is urged to support the institution to the extent of purchasing the 1924 volume now on sale.

"I think I can say that the book will be worth the money put into it," "Hod" Lewis vouchsafed with editorial modesty, when asked concerning the quality of the yearbook. According to opinions of various members of former annual staffs the present volume will be up to the mark and over.

LECTURE POSTPONED

Ira N. Gabrielson, prominent Portland biologist, was scheduled to give a lecture at the college tomorrow night. Serious illness of Mr. Gabrielson has caused the postponement of this lecture until a later date.

The faculty biology club was sponsor of the movement to bring Mr. Gabrielson to the college at this time. The club had made extensive arrangements to present the lecture.

Mistaken Identity Of Negro Children Proves Perplexing

They were gathered at the entrance of a Piggly Wiggly store in Salem—two big-eyed, towsey-headed negro babies and no less a person than Miss Sybilla Hadwen, professor of institutional management and director of women's dormitories. She was accompanied by another instructor. In an idle moment they had stopped to look at the store and had encountered the youngsters.

"Cute little tads, aren't they?" joked Miss Hadwen with a chuckle.

A fair-skinned, inquisitive two-year-old, happening on the scene, was puzzled by the striking difference in racial characteristics between prominent members of the group.

Looking from the big lady to the black children and back she said, "Lady, are those really yours?"

SAILING FROM LIVERPOOL

Howard Stoddard, a former O. A. C. student, is sailing this week from Liverpool, England, with the intention of being on the campus Junior week-end. Mr. Stoddard has been doing missionary work in England for the last 2½ years. He may be back on the campus next year and register as a junior, although he has not definitely decided. Stoddard is from La Grande and a member of Phi Delta Theta fraternity.

AGGIE RELAY TEAM ENROUTE FOR EAST

Finals Will Be Held Saturday at Drake University; No Preparation Heat

WORLD RECORD EXPECTED

O. A. C. String Sent to Seattle Demoralized by Loss of Track Squad Stars

The fast Aggie two mile relay team is now on its way to the Drake relays, Des Moines, Iowa.

The team left Corvallis at 5:05 o'clock Monday for Portland. Leaving Portland at 9:10 this morning they will go straight through to Omaha, Neb., arriving at 8:45 Thursday evening. A stop of 5 hours and 55 minutes will be made there. Leaving at 2:40 Friday morning on the last leg of the trip, the squad will arrive at Des Moines at 6:55 Friday morning.

Men making the trip are Ray Dodge, Pacific coast half mile champion, Harold Stone, veteran middle distance letter man, Lee Sims, holder of the coast record in 1921, "Mert" Hollinger, track captain, Darwin Connett, letter man in the half, and M. H. "Dad" Butler, track coach.

Conditioning Hike Planned

Little opportunity will be had for exercise during the trip, the only stop over being at night, when "Dad" says he will take his boys for a hike to loosen them up.

No qualifying heat as originally announced will be held, the team going directly into the finals on Saturday, according to a telegram received by the coach Sunday. This will give the men an extra day to get in condition and become acclimated. The men are on edge for the coming test, reports Butler, and if they stand the trip well should give the Hawkeyes an example of running seldom seen so far east.

The athletes say they will be satisfied with little short of a world's record. The question is not whether the Aggies will win but how many seconds they will clip from the present record, says "Dad" Butler. The present college record, 7:52.3, was established at the Drake relays by Ames two years ago.

Michigan Rates High

The coach picks Michigan as furnishing the strongest combination and expects a fight all the way. Other schools in the "big ten" will furnish high class competition and the Beavers will be in fast company at all times.

The loss of these stars, the cream of the squad, demoralizes the O. A. C. string so a full team will not be sent to Seattle. The four mile relay team and two pentathlon men will probably

(Continued on page four)

POETRY BY STUDENTS MAY HAVE PUBLICATION

College Anthology to Give Prizes for Most Acceptable Material Sent in by Contributors

Contributions of poetry by students are ready to be received for the 1923 College Anthology, according to a notice sent to President W. J. Kerr by the Stratford publishing company. All contributions of a date not later than May 15 will be considered for publication.

Poems passing the company's examination will be published. Every student having published matter will receive a reward.

Students taking part in the contest are asked to send contributions directly to the Stratford company, Publishers, 234-240 Boylston street, Boston Mass. No material will be accepted after May 15.

A special invitation is extended to all college students to send in material, according to F. Berchtold, professor of English, who has been given charge of informing the students of the contest.

COMMERCE STUDENT ILL

Marjorie Adamson, freshman in commerce, is confined to her room with a severe cold. Miss Adamson is a Sigma Kappa pledge.

LIBRARY CLOCK PHILOSOPHY

A clock that fails to run is about as unlovely and useless a specimen of machinery as one can imagine—especially when that clock is in a college library where it is frequently consulted. But even such a lifeless thing has been known to invoke the editorial muse of a college editor, as evidenced by the following from the Oberlin Review:

"We noticed a clock in the library the other day. This particular clock was not running. It appeared to be an efficient clock; it had the inner mechanism; it had a compact and practical-looking exterior. Nothing seemed to be lacking, and yet the clock was not performing its function.

"So it is with some students. They possess the mental mechanism, their appearance and bearing promises much, and yet they fail to perform their functions. Just as the clock is patiently awaiting the time when someone will set in motion its inner mechanism, transforming it from a useless decoration into an uncertain timepiece, so are they waiting for someone to force activity upon them, to feed them with pre-assimilated knowledge, and transform them from complacent idlers into reluctant students."

THEY JUST WENT

They went away in silence. . . They just went.

No cheering students escorted them to the station—the five track men and their coach who started to Des Moines yesterday to compete against cinder artists famed throughout the country.

The enthusiasm displayed by students on the departure of the squad would indicate the men were setting off for an afternoon's shopping tour in Albany instead of going back to the Drake relays with splendid chances of smashing the world's record in the two mile event.

The smattering of students who happened to be at the station when the men started east ill expresses the spirit of a student body whose members gladly dipped down in the flattened wallet when the call went around Saturday night. "If every student will give 25 cents O. A. C.

has a chance to break the world's record."

The heavy silence which took the place of confident cheers when the train rolled out tells little of the interest with which students have been asking during the last week, "Will our team go east?"

There is something incongruous with a spirit like that on the campus and the fact that no rally preceded the men's leaving.

Do the men sense that the lack of a rally was in no way indicative of the spirit of the students? Or are they feeling as they speed east this morning that O. A. C. little cares whether her representatives break the world's record or not?

Fortunately it is not too late to get the matter straight in their minds. When Morse invented the telegraph he must have had in mind the fact that student bodies would sometimes need a speedy way of giving vent to long distance pep.

If every fraternity, sorority, club and hall sends a message to the five men and the coach Friday night, one definite step will have been taken toward sending the men into Saturday's meet ready to race not only for the world's record but for their alma mater.

The honor system got a flying start at the open air student body meeting yesterday. It is hoped that from now until the system is voted upon there will be more student discussion. One thing we should not lose sight of—that O. A. C. needs an honor system and must have it. If changes should be made, let's not be afraid to get right up in meeting and show why.

Another of the Barometer's heartfelt appeals has taken effect. The student affairs publications committee is really going to put a stop to all "wildcat" publications. This includes everything—from pamphlets and programs to newspapers. Unless an organization can show that a proposed publication fills a real need on the campus it will be forbidden. Corvallis merchants ought to stage a celebration over this news.

Know Your College

The staff of the college experiment station includes 65 trained experts devoting their time to scientific research in the interest of Oregon agriculture.

The O. A. C. practice house was formerly the home of James Withycombe, a governor of Oregon.

Students in the regular degree courses of the school of pharmacy are given credit for practical drug store experience because of the thoroughly practical nature of its laboratory courses.

Thirty-one and a fourth tons of paper go into college bulletins each year.

The industrial arts department of the college is the oldest and best equipped school on the Pacific coast for training students for the industrial arts degree.

Eight members of the college council have given more than 25 years of service to the college. They are G. A. Covell and A. B. Cordley, deans; and Frederick Berchtold, M. Clyde Phillips, John Fulton, J. B. Horner, Mrs. Ida B. Callahan, and G. V. Skelton, professors.

Mark M. Clayton, junior in chemical engineering, received the highest grade in the class taking civil service examinations for senior grade laboratory assistants in chemical engineering, given in Portland last week.

THE COLLEGE WORLD

—The University of Minnesota is to have a new library. Two kitchens and four elevators are some of the features planned.

—Co-eds learn horseback riding from the cavalry officers at the University of Iowa.

—Seniors at the University of Iowa wear a traditional gray vest.

—Vespers are compulsory at the University of Nebraska.

—Co-eds spend an hour and a half a day combing their hair and "priming" according to figures compiled at the University of Iowa.

—Inter-collegiate golf will begin April 28 at the University of Oregon. Tentative games are with Reed college and the University of Washington.

WILLIAMS ANNOUNCE BIRTH

Mr. and Mrs. Dwight Williams of Long Beach, Calif., are being congratulated on the arrival of a baby boy. Both Mr. and Mrs. Williams were students at O. A. C. Mrs. Williams, formerly Miss Betha Bonar, was a pledge of Pi Beta Phi in the fall of 1921 and Mrs. Williams is a member of Sigma Chi.

ALUMNI ARE GUESTS

Henry Fish, '21, and Robert Conklin were alumni guests at the Alpha Tau Omega house over the week-end.

THE HORNET'S GUEST

Mac: "I see we have a new dishwasher at the house."
Jack: "I hadn't heard about it."
Mac: "Neither have I, but I can see different finger prints on these plates."

A girl is like a photographer. She may say "no" at first, but she knows how to retouch her negatives.

—(Headline). Probably just a Kant Kut Klass notice from the dean.

The bust of idle idyls hasn't stopped. Just look what we found in today's mailbox.

THE LOST WORD

Seated one day at my typewriter
I was writing along with ease,
And I let my mind go wandering
As I pounded the noisy keys.
I do not know what I was thinking
Or what I was dreaming then,
But suddenly I struck a combination
That made me start and gasp, Amen!

I've tried, but I try it vainly
To decipher that word,
Which came from the keys of my typewriter
Which I could have massacred.
It may be some day I'll know it
My mind is at peace again!
But I'm off the typewriter forever
Henceforth, I write with a pen.
—Noah.

Shaving Cream

TILLIE, THE TOILER

As a Boss, Mac Would Make a Good Blacksmith

By "Russ" Westover

Copyright 1923 by King Features Syndicate, Inc.

Society

The days of sunshine have accentuated the gaiety and brilliance of social events during the last week-end. Unhappily the junior lottery dance which promised to be a unique affair was postponed because the home economics field trip had taken many junior women to Portland. The sophomores will give their annual cotillion in the men's gymnasium next Saturday night. Decorators are already at work on plans for the dance and it is expected that it will be one of the most elaborate cotillions ever given on the campus.

House Formals Staged

Phi Sigma Kappa entertained with a formal dance Saturday evening at the Odd Fellow hall. Various colored lights were flashed upon lattice work intertwined with apple blossoms. Pink and white streamers adorned the walls.

Patrons and patronesses were Mr. and Mrs. Oran M. Nelson, Mr. and Mrs. H. P. Leaf, Mr. and Mrs. N. R. Moore, Mr. and Mrs. W. B. Steele, Mr. L. H. Mardis, and Miss Betty Ruby. Other guests were the Misses Kathleen Bitney, Bessie Payne, Clara Mielke, Gertrude Dowsett, Mary Harmon, Marie Waggoner, Helen McIntyre, Esther Miller, Janet Newman, Lois Scroggin, LaVerne Scroggin, Wesleya Bressler, Mildred Saunders, Bernice Orser, Margaret Gould, Anne Reid, Edna Beckett, Ruth Mays, Hazel Philippi, Jean Tuttle, and Helen Bacon.

Gamma Nu entertained with a formal dance at the Woman's club Saturday evening. Miss Verena Shute was well received in a feature toe dance. Refreshments were served and favors presented in the latter part of the evening. Professor and Mrs. D. C. Livingston, Mr. and Mrs. J. T. Jardine, and Mr. and Mrs. D. R. Smith were patrons and patronesses.

Other guests were: Mrs. Harry Rands, Mrs. Charles Calbreath, and the Misses Marie Kittredge, Frances Morris, Georgia Jacobs, Leona Pooler, Hazel Soden, Hope Rondeau, Hazel Calbreath, Vivian Cramer, Verena Shute, Wilma Miller, Ruth Gilmore, Alice Clarke, Florence Coleman, Rose Shepherd, Lena Southworth, Tressa Phillips, Eunice Rydman, Arline Kennedy, Anne Murray, Rose West, Beth Deiwert, Russell May Varney, Rosalia Daus, Gladys Reynolds, Arvilla Stearns, Nellie Thompson, Jessie McLelland, Gladys Lursen, Marjory Reynolds, and the Messrs. Gilbert Loy and Charles Calbreath.

Informal Dances Given

The Sigma Gamma fraternity entertained with an informal dance at home Saturday evening. Chaperons were Mr. and Mrs. Earl C. Gilbert, Mr. and Mrs. Burdette Glenn, and Mr. and Mrs. William McKinney of Albany.

Other guests present were the Misses Muriel Myers of Eugene, Margaret Collins of Salem, Gladys Sandy, Helen Downing, La Velle Yantis, Florence Goff, Ruth Mason, Helen Barrett, Edna Plog, Bertha Peters, Dorothy Riggs, Dorothy Bush, Mabel Parish, Easter Noble, Doris Phillips, Ivern Keller, Norma Marrs, and Vivian Felke.

Delta Phi Sigma entertained with an informal dance in Newman hall Saturday evening. Mr. and Mrs. R. E. Lothrop, Mr. and Mrs. E. D. Roberts, and Mr. and Mrs. Averett Howard were patrons and patronesses.

Guests included the Misses Winifred Humfeld, Jennie Sherwood, Phyllis Patison, Elsie Jacobson, Eva Schultz, Evelyn Jensen, Grace Bond, Mary Pine, Florence Kerr, Rose Chromy, Lillian James, Gladys Heggard, Ila Gist, Dorothy Bolland, Agnes Brightman, and Hattie Huber.

Carnival Party Gay

Tau Sigma Phi gave a carnival dance Saturday evening. The patrons and patronesses were Dr. and Mrs. C. H. Donham, Mr. J. Colman Scott and Mr. Clarence Greenwood.

The guests present were the Misses Marcella Sandon, Lucile Anderson, Hazel Ballif, Florence Ingham, Ruth Banta, Pauline Pace, Ruth Bromberg, Margaret Jacobberger, Maud Jennings, Mildred Smith, Mable Anderson, Stella Carlson, Bessie Hankins, Julia Patchin, Carroll

Garfield, Bertha Hansen, Ida Elleston, and Vera Funk. The out-of-town guests included Misses Mona Green, Natalie Selling, Thelma Selling, Dr. Davies, and Russell Wilson of Portland.

Underclassmen Dance

Gamma Phi Beta freshmen and sophomores were hostesses at an informal dance Friday evening. A color scheme of yellow and white was carried out with spring flowers.

Patrons and patronesses were Mrs. Estelle Kimball, Mr. and Mrs. C. W. Hubbard, and Mr. and Mrs. J. C. Gray. Other guests were Russel Stearns, Walter Page, Dick Hall, Henry Boxler, Bob Wilke, Elmer Butz, Dick Lewis, Frank Clough, Bill Lewis, Lee Anthony, Fred Harlock, Harold Sheldon, Jack Griffith, Percy Murray, and Arthur Schoenfeldt.

Pledges Are Hosts

New members of Sigma Phi Epsilon house were hosts at a dinner given Sunday at the chapter house. The guests were Dr. and Mrs. U. G. Dubach, Helen Dubach, and the Misses Dorothy Eddy, Catherine Jones, Wildes Edwards, Dorothy Smith, Gladys Shumaker, and Margaret Goldthwaite.

Pledges Entertain

The pledges of Delta Omega entertained at home with an informal dance Friday evening. The rooms were decorated with spring flowers. The guests were Mrs. Mildred Clark, Misses Melissa Martin, Grace Farrar, Elizabeth Bentley, and Robert Bartlett, Robert Mercer, John Kolkana, William Carpenter, Conway Carter, Frank Groves, Perry Porter, William Bridges, Victor Wolter, Harold Ridings, Earl Gardner, John Pubols, and John Withee.

Sunday Dinner Given

Pledges and freshmen of Omega Upsilon entertained at an informal dinner Sunday. The guests present were Mr. and Mrs. J. C. Gray, Margaret Alexander, Ruth Troy, Lois Johnson, Helen Jennings, Louise Fischer, Ruth Hill, Ann Karlson, and Agnes Haroldson.

Mrs. James T. Jardine gave an informal tea Sunday afternoon in honor of Miss Sarah Blue, national chapterian of Kappa Delta sorority. Other guests were Miss Elizabeth Barnes, Miss Bernice Wait, Miss Miriam Dubiver, Miss Wilma Brewer, and Miss Sylvia Wood.

Olin Shumaker, a member of Phi Sigma Kappa, was a guest of the campus this week-end to attend the Phi Sigma Kappa formal house dance. Mr. Shumaker was a student here the first of the year but was unable to return and take up his work this term.

Jack Elliott, Wyatt Tindall, and Kenneth Goodale, students of the college, were guests at an informal party Saturday evening in the home of Percy Schunk, Brownsville.

Dorothy Dean of Berkeley, Calif., was a Sunday visitor at the Sigma Kappa house. Miss Dean is a member of Sigma Kappa at the University of California. She was accompanied by her mother.

Green-Soderstrom

The engagement of Clarence R. Soderstrom, a member of Psi Chi fraternity and the class of '22, and Miss Vera Green, a student at Albany college, was announced in Tremont hall, Albany college. Mr. Soderstrom was graduated from the industrial arts department and is now teaching in Suzanville, Calif.

Hearn-Low

The engagement of Miss Mable Hearn and Mr. Charles Low was announced at an engagement dinner at the Sigma Kappa house last night. Dainty corsage bouquets tied from a huge rose in the center of the table were used to make the announcement. Miss Hearn is a senior in the school of commerce and her fiancé a senior in mines. Mr. Low is a member of Theta Chi fraternity.

PLEDGING ANNOUNCED

Xi Beta announces the pledging of Alice Strong of Santa Ana, Calif.

TENNIS PLANS OUTLINED

Co-ed Athletes to Have Tournament Followed by Interclass Games

Co-ed tennis plans and conditions of the tournament have been outlined by Miss Ruth Thayer, coach of the sport. Names and telephone numbers of contestants are posted on the bulletin board at the women's gymnasium. It is urged that girls make arrangements with their opponents at once as the first round must be finished this week.

Only one set need be played to decide the first round, but three must be played for all others. By elimination the champion of each class will be chosen and inter-class games will be held. Doubles as well as singles will be used and any girls who wish to compete in the class contests should secure partners and begin practice now, says Miss Thayer.

At the end of the set the winner must report the score to Miss Thayer or Edith Weed, tennis manager, and it will then be posted in the gymnasium.

DR. WARNER WILL SPEAK

Meeting of League to Be Thursday; Next Year's Officers Installed

Dr. Estella Ford Warner, medical director of the bureau of child hygiene of the Oregon state board of health, will speak Thursday at 5 o'clock in Shepard hall at a meeting of women's league.

Officers of the league for next year will be installed at that time. Those who were elected to fill the offices of the retiring officers are Jessie McDonald, president; Gertrude Dowsett, vice-president; Frances Mills, secretary; Connie Knickerbocker, treasurer; and Marie Stenstrom, sergeant-at-arms.

Mr. and Mrs. John A. Eikelman, former O. A. C. students, are in Long Beach, Calif., where Eikelman is athletic coach in one of the high schools. Mrs. Eikelman was Exa Wheeler, a member of Gamma Phi Beta. Eikelman belongs to Phi Gamma Delta.

ROOK TEAM IS DEFEATED

Columbia University Wins 12 to 10; Wet Grounds Hinder Players

The rook baseball team was humbled by Columbia university last Saturday, the score being 12 to 10. The wet grounds caused both teams to bobble several times, the game being slowed up considerably as a result. Each team made 11 hits, but the visitors were more successful in converting their bingles into runs.

Clyde W. "Cac" Hubbard, the yearling coach, used Six, Coleman, and Brownjohn on the mound and all were treated rather roughly by the visitors. The battery for Columbia was Hicks, Schumacher and Johnson.

TUMBLING IS POPULAR

Tumbling classes are attracting much attention among students in gymnasium work and some promising material is showing up. Elementary parallel bar work and beginning mat work is keeping the classes busy, while pyramid building will be taken up later on. Strength, skill, balance, speed, limberness, and agility, and such moral virtues as perseverance, nerve, "pep," and grit, are the qualities this course is expected to develop.

ALLEN'S DRUG STORE

Cake Eater

—model of 1900

He was called dude and dandy then, but you recognize the type.

He majored in haberdashery and took his degree with honors in soxology.

As if that were not enough, he evolved some variations on the cake walk which made them stare.

He even found time to develop a remarkable proficiency on the tandem bicycle, and on Saturday nights he was good enough to bring pleasure into Another's life by wheeling away to the "Ten-Twent-Third."

To crowd all this into four short years would seem enough for any mortal. Yet in spite of his attainments there are times, in after life, when our hero wonders.

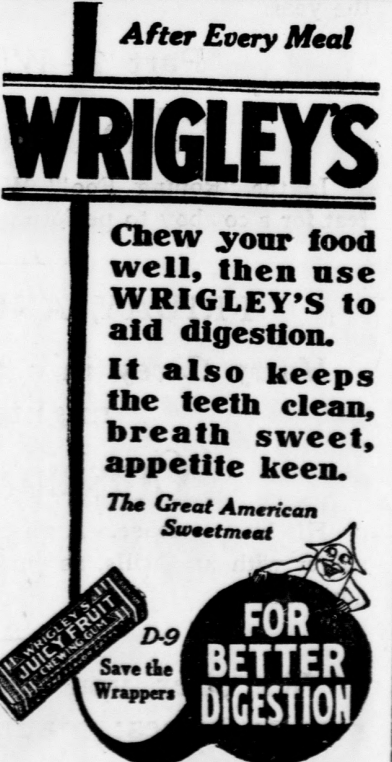

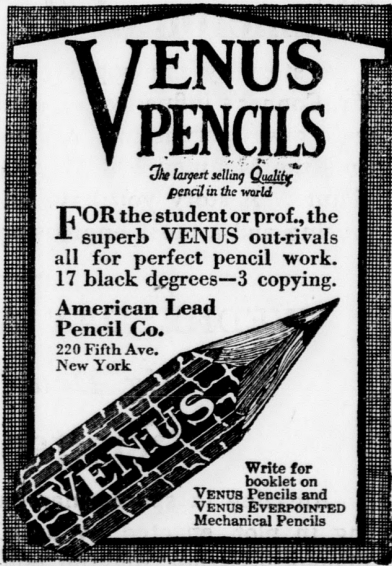

The glory of his waistcoats has long since faded, while his books are still fresh and clean. Did he perchance put too much thought into the selection of his hats and too little in what went under them?

INSPECTION TODAY OF R. O. T. C. UNITS

Men to Assemble at Armory at 12:45; Review on Lower Campus in Afternoon

Today's inspection of all R. O. T. C. units of the college will have much to do with the rating of O. A. C. as a "distinguished" institution by the war department. The cadet corps will be reviewed by Major H. L. Jordan, commanding officer of all the R. O. T. C. units of the ninth corps area, Major H. T. Bull and Major R. W. Kingman.

All the units will assemble in the armory at 12:45 today to form for the review, which will be on the lower campus. The formation for the review will be the band leading, then the engineers, followed by the infantry. Between the infantry and the motor transport corps will be the colors. Following the motor transport unit will come the field artillery and the cavalry. An inspection of the infantry unit will follow the review. The inspection of the cavalry unit will complete the inspection of the military department.

Motor Transport Inspected

The motor transport, the engineers and the field artillery units were inspected yesterday. Marching, close order drill, tent pitching, physical drill, which included setting up exercises, were in order for the motor transport unit which was inspected west of Waldo hall. Nine motor cars of the motor transport unit were put out of commission by the officers by tampering with the mechanism and the senior cadets then discovered the trouble and remedied it. Every car was put back in running order in record time.

Engineers Demonstrate

The engineer unit went to Mary's river where it constructed pontoon bridges across the river. Three types of bridges of bridges were demonstrated including two pontoon bridges and one plank foot bridge. Physical exercises, infantry drill, and bayonet drill, were gone through on the baseball grounds of the auto park.

The artillery unit went to the hills west of the college. With the freshmen and sophomore men acting as gun crews, the juniors as section chiefs, and the seniors as firing officers directing the fire, the guns were lined up to protect Corvallis.

Scabbard and Blade, honorary military fraternity, will announce their pledges during the reviewing ceremony. This is the junior pledging and will be the last pledging of the year.

CHANGE TENNIS SCHEDULE

Games on Tuesday and Wednesday; Changes for This Week Only

The intramural tennis schedule for this week has been changed. The new schedule is as follows: Tau Sigma Phi vs. Psi Chi; Chi Alpha Pi vs. Delta Phi Sigma; Kai Tal vs. Rainier club, on Tuesday from 5 to 6 o'clock; Omega Upsilon vs. Gamma Sigma Kappa, Theta Nu Phi vs. Sigma Gamma; Alpha Pi Delta vs. Kappa Delta Sigma, on Tuesday from 6 to 7 o'clock; Delta Kappa vs. Alpha Sigma Delta, Tau Delta vs. Kappa Theta Rho; Gamma Nu vs. Theta Delta Nu, on Wednesday from 6 to 7 o'clock.

These changes are for this week only and a permanent schedule of nights will appear in the Barometer the latter part of this week.

Mrs. Hazel Skinner, formerly with the Beauty Parlor of Olds Wortman and King, has come to Corvallis to be associated with Mrs. Kathryn Downard at The American Beauty Shop, First National bank building. Mrs. Skinner has many friends among the O. A. C. girls and they will be happy to know she has located here.

ENGINEERS VISIT SALEM

The class in reclamation engineering from the civil engineering department with Harry F. Rodgers, professor of hydraulics and irrigation, motored to Salem Saturday morning to study the administrative work of the office of Percy Cuppler, state engineer. The men studied problems relative to irrigation and drainage laws, methods of making applications, and filing. Irrigation and drainage projects in the state were discussed.

FIVE-MAN RELAY TEAM LEAVES FOR THE EAST

(Continued from page one)

make the trip. "Art" Walker, George Booth, and "Puss" Graves backed by another miler to be picked later, will make up the four mile aggregation, while "Curley" Dolton and Lawrence Warner will represent the Aggies in the pentathlon. The fourth miler will be selected Wednesday when the tryouts are held. The strangest bidders for this birth are Thaxter Daniels, Tom Hawley, Bob Gerhart, "Mort" Mason, "Walt" Snyder, Earl Mack, "Sandy" Sanders, Ray Marsh, and "Russ" Stearns.

May Break Record

With Walker, Booth, and Graves touching 4:35 consistently, "Dad" Butler expects to see the present four mile record shattered if a strong man can be found to supplement the team.

With both teams performing on the same day the coach expects to give a national demonstration of Beaver fight.

FRYE WINS CHAMPIONSHIP

Clayton Frye, of the Multnomah club, won the middleweight amateur boxing championship of Southern California last week end by defeating the title holder, John Grelia, by a three round decision. Frye was registered in commerce last term. He is the present welterweight champion of the Pacific coast, and holder of Northwest middleweight title. He assisted "Dad" Butler in training several men that entered the P. N. A. meet from O. A. C. He expects to register again next fall.

MISTAKE IS CORRECTED

Due to an error at the registrars office the scholarship average of the Del Rey club was given as that below the student body average. The correct average is 83.10.

A Week of Big Pictures

BLUE MOUSE

We offer you this week the best programs of the year. Each one a go-getter for action and thrills.

MONDAY AND TUESDAY

Ernest Shipman presents *Gaston Glass* in
"Cameron of the Royal Mounted"

A story by the popular author, Ralph Conner. Through Mr. Conner's influence, an entire squadron of Mounted Police were given permission to take part in the picture. The first time the Mounted Police of Canada have ever appeared in a picture. A story you have all read and want to see. A fast moving and a most engrossing story.

WEDNESDAY AND THURSDAY

Big Double Program
"Shattered Idols"

Amazing in spectacular sweep, startling in theme, thrilling in plot, enacted by an all-star cast, with thousands of players assisting, making one of the outstanding pictures of the year.

Part 2—Will Rogers in
"The Roping Fool"

In the "Roping Fool" Will Rogers does every possible feat for a cowboy to perform. We'll say he knows the ropes!

FRIDAY AND SATURDAY

Harry Carey in a towering universe of
mighty thrills

"Crashin Through"

His latest release. A mighty photodrama that makes you shiver with its thrills, as you glow with its romance and its adventure.

We offer you these super-programs at regular prices: matinee, 25c; evening, 30c.

Owing to the military inspection the class in camp cookery for men will meet in the laboratory from 7:30 till 10 p.m. Tuesday instead of from 5 till 8 outside as announced.

Whiteside

Owing to the demand that we have had for the return of some of this season's biggest successes, we have decided to devote one week at this theater, changing pictures each day.

6-THE BIG SIX-6

TUESDAY

"When Knighthood Was in Flower"

Magnificent! Critics have acclaimed it with torrents of high praise. It has smashed theater attendance records wherever it has shown. Beyond a doubt the most amazingly beautiful picture ever screened.

WEDNESDAY

"The Old Homestead"

The beloved epic of the American home living on the screen in a perfect production. With all its thrills, its tears, its smiles, its heart-throbs. Theodore Roberts in his greatest role: "Uncle Josh."

THURSDAY

STRONGHEART

The wonder-dog which thrilled the world in "The Silent Call," now in a greater sensation:

"Brawn of the North"

Across the snows a she-wolf's mating call. Again the cry of a demented woman seeking her child. And the answer of the wonder-dog will whip away your breath.

FRIDAY

Constance Talmadge in
"East Is West"

Millions have throbbed and laughed, and throbbed again to the rescue of little Ming Toy from the evil Love Boat in Shanghai.

She escaped wife-slavery there but risked it again in San Francisco's Chinatown where Charlie Yong, "Fifty-fifty Chinaman," sought her out. But Billy Benson, who had saved her once, found her.

SATURDAY

NORMA TALMADGE in
"The Eternal Flame"

Never—never—never before has Norma Talmadge created a role so magnetic, so radiant as the Duchesse de Langeais, gorgeous to behold yet never to be held. In scenes of splendor and suspense she unfolds this confession of love from the heart of a wilful beauty in France's gayest courts.
