60 high school principals from schools throughout Oregon with their former students now at OSC. The meetings are designed to help evaluate high school preparatory programs and to indicate weaknesses in the college's orientation program for new students.

The philosophy behind this move, initiated eight years ago, is good. High schools today are moving toward the college-type courses for above-average college credits.

because you believe the committee system is just an excuse inaction, let me cite an example to prove that a comm properly led and directed, can be a great force for good.

Last week the Student Council met at the Duluth Colle Veterinary Medicine and Belles-Lettres to discuss purch new doormat for the students union. It was, I assure desperate problem because Sherwin K. Sigafoos, janitor of students union, threatened flatly to quit unless a new door was installed immediately. "I'm sick and tired of more that dirty old floor," said Mr. Sigafoos, sobbing convul (Mr. Sigafoos, once a jolly outgoing sort, has been crying alm steadily since the recent death of his pet wart hog who had his constant companion for 22 years. Actually, Mr. Sigafe much better off without the wart hog, who tusked him vie at least once a day, but a companionship of 22 years is, I pose, not lightly relinquished. The college tried to give Mr. Sigafoos a new wart hog-a frisky little fellow with floppy can and a waggly tail-but Mr. Sigafoos only turned his back and cried the harder.)

mat for eight or ten hours, and then referred it to a committee. There were some who scoffed then and said nothing would ever be heard of the doormat again, but they reckoned without Invictus Millstone Invictus Millstone, chairman of the doormat committee, was

Smoke one. You'll see.

Well sir, Invictus Millstone chaired his doormat comm with such vigor and dispatch that, when the Student Co met only one week later, he was able to rise and deliver the following recommendations: 1. That the college build new schools of botany, hydraulie

engineering, tropical medicine, Indo-Germanic languages, and 2. That the college drop football, put a roof on the stadium,

and turn it into a low-cost housing project for married students. 3. That the college raise faculty salaries by \$5000 per year across the board

4. That the college secede from the United States. 5. That the question of a doormat for the students union be referred to a subcommittee.

So let us hear no more defeatist talk about the committee system. It can be made to work!
