Billy May Concert

8 p.m.

Monday

Vol. LIX, No. 82

Oregon State College, Corvallis, Oregon

Saturday, April 9, 1955

## Profits from May Concert To be Used for Class Gift If Juniors Break Even

All profit from the Billy May concert, scheduled for Monday in the coliseum, will go for a senior gift next year, Bill Dugan, junior class president, said yesterday. However, ticket sales have been slow, and Dick Jones, treasurer, expressed doubt that the class of '56 would more than break even on the big-name band venture unless sales pick up markedly.

"The ducats will be on sale from 9 to 11 a.m. and 2 to 5 p.m. Monday in the Memorial Union ticket office," Jones said, adding that sales will continue at the door for the 8 p.m. concert. Price is \$1.

## Biologists Name 61 to Honorary

Phi Sigma, national biology honor society, held the largest initiation in its history at Oregon State college last night in the Memorial Union. Guest speaker was Dr. Bradley T. Scheer, associate professor of biology at University of Oregon, who spoke on "Ion Transfer Across Cell Membranes."

Faculty initiates included Dr. Ritchie Cowan, associate professor of farm crops; Dr. S. M. Dietz, chairman of botany and plant pathology; Dr. Robert Metzger, geneticist; Dr. L. A. Pettit, instructor in food technology; and Dr. Knaa Swenson, associate professor of entomology.

### 56 Student Members Initiated

The fifty-six student initiates included Allen Frances Anglemier, Clarence Chesnut, Jr., Hilda Lei Ching, Chi-K Chuan, Janet Louise Coyne, Evane Evans Day, Hugh Jerome Duany, Samuel Jefferson Dunn, Christen Theodore Dyrrness, Richard Edgar Eckert, Jr., and Norman Thain Engelhardt.

Others were Duane Walter Fisher, Jack Foster, Alta I. Gaynor, Harry Lloyd Gilliam, Gerald William Grant, Robert Bernard Herrmann, Frank Alden Hudson, Robert Emmett Hughes, Jr., Heige Irigens-Moller, Oran L. Johnson, Benjamin F. Jones, Ellwell H. Kawasaki, Ulo Kivimaa, Leif Klungsjoer, Charles F. Krey, and Stephen Ottmar Kronenberg.

### Additional Initiates Listed

Benjamin Fulton Magill, John Milton Mayfield, William Robert Meehan, Albert Mozejik, Prem Nath Narula, Mervin William Nielson, William Robert Orchard, K. Ellsworth Payne, Howard John Pratt, Abdul Ralman, Ahmed Arlet Rasheed, John A. Schrautz, and Benjamin Beck Shepherd were also initiated.

Others included Joan Louis Siegel, Lynn Clayton Spencer, Roger C. Smith, Hiram Stoes, Balwant Rai Suri, Leona E. Toid, Marvin Twersku, Douglas Lester Van Fleet, Ronald Lee Von der Hellen, Grant M. White, Felicia P. Wirtz, John H. Wirtz, James Donovan Koakum, Gerald Edward Young, Ott Christian Nelson, and Huang Te Chang.

## New Instructor Added To Forestry Staff

Robert M. Malcolm has joined the forestry school staff as assistant professor of forest management.

His appointment fills a vacancy created in January when Dr. W. F. McCulloch was promoted from head of forest management to dean. J. R. Dilworth was named new department head last month.

Malcolm is a graduate of Aberdeen university, Scotland, and Yale university. He worked on the staff of the British Forestry commission for a year before coming to this country in 1947. Over the past seven and one-half years, he has been with the British Columbia forest service in its forest survey and inventory division.

He will teach classes in timber cruising, log scaling and reforestation.

## Sewerage Operators To Hold Short School

A sewerage works operators short school is scheduled for the OSU campus April 13-15. This school is planned to give men operating sewerage disposal plants in cities of Oregon an opportunity to review methods of operation and study some of the common problems of sewerage disposal. It is also planned to give information on new methods of operation and control of plants.

Two men participating in the program are C. H. Everts, chief engineer for the State Sanitary authority, and Kenneth Spies, assistant chief engineer for the State Sanitary authority. Ely J. Weart, instructor in civil engineering and on the state board of health, is in charge of the short school, according to G. W. Holcomb, head of the department of civil engineering.

## Matrix Reservations Asked for by Monday

Reservations for Matrix Table banquet annually sponsored by Theta Sigma Phi, honorary for women in journalism, must be made by Monday, according to Janet Beighle, '55, reservation chairman.

The banquet is scheduled for Wednesday, April 13, at 6:30 p.m. in the Memorial Union ballroom.

Reservations can be made by mailing the reservation slip to Miss Beighle at 231 North 25th or by phoning her at 3-6687. The two dollar price of the dinner may be paid when the reservations are made, or the night of the banquet.

## Winger Named As Gregg Aide

Dr. Fred E. Winger, associate professor of secretarial science at Oregon State college, has been named by Gregg Publishing division of McGraw-Hill Book company as one of its three national authors in typewriting.

In that assignment, Winger will help write new college typing books issued by Gregg, one of the nation's largest publishers in that field.

The first book to be prepared will be a basic drill book for typing classes. It will go on the market this summer.

Winger already has numerous publications in the secretarial science field to his credit. He and Carl Salsler, Jr., 1947 OSC graduate who is now teaching and doing business consultant work in Portland, had a new short-course typewriting text published last month.

Titled "Type Right From the Start," it is a "box" book with all the supplies included with the 20 typing lessons. It is designed for classes in adult education, short courses in high schools and colleges, business colleges and for the self learner.

Winger has been at OSC since 1947. Before that, he taught at Stephens college and Northwest Missouri State Teachers college.

In 1952, he was featured in Business Education World for his development of the tachistoscope for typewriter training. The tachistoscope—used during the war for aircraft recognition drills—is used to flash words, phrases and sentences on a wall at speeds up to a hundredth of a second. The training improves typing speed and accuracy and is now widely used. It is also used to advantage in shorthand.

## Sanitary Convention Attended by Elliker

Dr. P. R. Elliker, chairman of the bacteriology department, recently returned from French Lick, Ill. where he was a guest speaker at the Klezade Products eighteenth educational seminar.

The subject of Dr. Elliker's opening day speech was "New Developments in Bactericides." He also served on several panel discussions relating to sanitation chemistry and dairy plant sanitation.

The convention, held March 24, 25, 26, was attended by approximately 70 college professors, sanitation engineers, public health officials and manufacturers.

## Meeting Set Monday For Social Chairmen

A meeting of all living group social chairmen has been called for 5 p.m. Monday in Memorial Union 208, according to Bob Ewalt, '56, senior weekend chairman. Dating policy for senior weekend will be discussed.

"It is urgent that each living organization have a representative in attendance," Ewalt said.

## Release of Data Said to Be Risky By Eisenhower

Washington, April 8 (UP)—President-Eisenhower feels that technical U. S. military information has been publicly circulated to the detriment of national security, the White House said today.

Mr. Eisenhower's views were disclosed by Press Secretary James C. Hagerty when questioned about a Defense Department directive which has closed down the flow of much news from the Pentagon.

Hagerty refused to discuss the Defense Department directive, as such, but outline "for reporters Mr. Eisenhower's views on the subject."

Censorship Not Backed

"The President has never believed in censorship of legitimate news," Hagerty said.

"However, he also has always believed that there is no reason to make available to the enemy technical military secrets which, by their issuance, could do nothing but hurt the interests of the United States."

"To that extent, and only to that extent, would he ask that sort of information be withheld from general circulation."

"He doesn't believe that in other instances security or security regulations should be used by any branch of the government to cover up publication of legitimate news."

## Chemistry Book Among the Best

A chemistry textbook written by Dr. William E. Caldwell of Oregon State college in cooperation with a Washington State college chemist tops the "best seller" list in its field across the country.

The book, "Fundamentals of College Chemistry," has been adopted to date by 154 colleges and universities.

The first edition, published in 1949, sold more than 50,000 copies, not counting second-hand sales. The second edition, published only last spring already has sales totaling more than 18,000.

Included among the 154 institutions using the text are some of the nation's biggest schools. On the list, for example, are the Universities of Cincinnati, Louisville, Maryland, Nebraska, Nevada, New Hampshire, Oklahoma, Toledo, Utah, Vermont and Wisconsin.

Co-author with Caldwell is Dr. George B. King, professor of chemistry at WSC. The two were roommates at University of Wisconsin during doctor degree days.

They formed their writing team in 1939 but work on their first edition was interrupted by Caldwell's call to active army duty. The first edition was completed in 1947 after his return. Since then, they have written two lab manuals — one of 160 pages long and the other 230 pages.

Caldwell has been on the OSC staff since 1939.

## Social Dance Classes Ready for Monday

Memorial Union dance classes will begin Monday at 3 p.m. according to Don Crouk, chairman. Social dance classes are still open for both instructors and students.

Don Allen, professional instructor of the Arthur Murray style will teach the classes. Instruction periods will begin Monday and Thursday at 3 and 5 p.m. and vacancies are still open for both men and women instructors and students.

Interested students may sign up in the east bay at the M.U. and pay the \$5 registration fee by April 11.

## Sorority Scholarships To Be Awarded Two

The local chapter of Delta Delta Delta, national social fraternity for college women, will award two \$150 scholarships, it was announced this week. Applications for the scholarships are available in the Dean of Women's office and until April 12, according to Gloria Christensen, '56, president.

The scholarships are awarded on the basis of outstanding scholarship, contribution to campus welfare, and financial need to two Oregon State women, regardless of affiliation. They will be awarded this term at the AWS honor convocation.

Funds for the scholarships are provided jointly through the local chapter's annual Country Kitchen scholarship breakfast in February, and the national organization.

Scholarships are the main philanthropy of Delta Delta Delta. Scholarships similar to those awarded on the Oregon State campus are awarded by collegiate and alumnae chapters of the sorority throughout the United States and Canada.

## Sponsors Plan Honor For Winston Churchill

WASHINGTON, Apr. 8 (UP)—Congressional sponsors of a move to make Winston Churchill an honorary U.S. citizen today met with a good deal of enthusiasm and some skepticism about their resolution.

Sen. John J. Sparkman (D-Ala.), 1952 Democratic vice presidential nominee, keyed the enthusiasm. He said, "I think it would be a fine thing and I will be glad to support it."

Sen. Karl E. Mundt (R-S.D.) was cool to the idea. He noted conflicting interests between the United States and Great Britain and said "A man's got to serve just one country at a time."

Congress never has voted honorary citizenship to a foreigner. Sen. George A. Smathers (D-Fla.) and Rep. Hale Boggs (D-La.) said they would introduce legislation to honor Churchill with an honorary U.S. citizenship.

Smathers reported a generally favorable response. But his proposal still is in the drafting stage. Eventually, it may become a resolution expressing Congress' praise for Churchill and declaring him an "honorary citizen" as a gesture of tribute.

## Clandestine Still Hits Quad

PARTY POLITICS IN THE STUDENT BODY elections took a new turn when a fourth "party" opened its brief campaign. Centering around a still in the middle of the quad and a mimeographed "platform," the Moonshine party fizzled out almost as fast as the spring sunshine that has been blamed for a rash of political meetings and hi-jinks. (photo by Jim Lattie)

## Mobile Display Is Set For Campus Tuesday

The mobile electrical display will be on campus Tuesday at 9 a.m. showing voltage control units and light dimming equipment.

The display, which is provided by Superior Electric, will be parked between Dearborn hall and the engineering laboratory. Many of the exhibits can be operated by the visitors.

The display is housed in a 33-foot trailer and will be accompanied by trained personnel who will be available for demonstration and explanation to all spectators. A miniature stage with complete theatrical lighting which may be used for a play or a playlet is a part of the exhibit.

## University Group Sets Meet with Sophomores

Oregon State sophomore class officers will meet today with the University of Oregon class officers to discuss mutual problems of finance, elections, and activities, and the possibility of joint class functions, announced Larry Beck, sophomore class president.

U. of O. officers to attend the meeting are Darrell Britton, president; Mel Scott, vice president; and Marcia Cook, and Harriet Hornbuck, representatives to the ASUO senate.

OSC sophomore officers are Beck, Sue Thompson, vice president; Linda Courtney, secretary; Dwight Sorenson, treasurer; and Clark Cabbage, sergeant at arms.

## Carte Ballots Due

F. A. Gilliland, dean of the school of science, announced to all juniors, seniors, and graduates in science that ballots for the Carter Award should be filled out now.

## The Weather

Western Oregon—Cloudy with intermittent rain Saturday with partial clearing and a few scattered showers Saturday night. Sunday considerable cloudiness and a few scattered showers and sunny periods. Cooler South portion Saturday. High both days 88-88. Low Saturday night 46-46. Winds along coast southerly 15-20 mph Saturday, becoming southwest to West 12-25 mph Sunday.

## Sunrise Service Planned Sunday

Dr. Thomas Bennett Will Be the Speaker  
At the Program Scheduled on M. U. Steps

"Christus Victor" will be the Easter message given by Dr. Thomas Bennett at the annual Easter Sunrise service at 7 a.m. tomorrow on the main steps of the Memorial Union building. Dr. Bennett is head of the philosophy department at Willamette university and a frequent speaker at student Christian conferences.

The Methodist church chimes will be played by Ruth Steward, '58, before the service and following the benediction by Dr. Bennett. Alice Craig, '57, will play an organ prelude. Invocation will be given by Dale Thomas, '55.

Easter scriptures from the Gospel of Mark will be read by Bob Miner, '55, Shirley Crawford, '57, will sing "He shall Feed His Flock," an aria from The Messiah, by Handel, Gus Supe, '56, will accompany her.

"Alleluia," by Olson, is the anthem the 80-voice Corvallis high school a cappella choir will sing. This is the third year the choir has participated in the service. The choir is directed by Joseph Lobatto, high school music instructor.

This service is sponsored annually by the Campus Religious Council with the cooperation of the Corvallis Hi-Y and Tri-Y organizations. Advisers for the sunrise service committee are Freda Wilson, Danforth graduate, and Bob Strippel, Y-Round Table executive secretary.

The program will be conducted outside on the steps of the Memorial Union in case of rain. It will be held in the M.U. ballroom. Chairs will be set up for those persons who are not able to stand for the entire service.

Joanne Lehman, '56, is general chairman. Her committee members are Lewis McLaren, properties; Miss Steward, Hi-Y and Tri-Y coordinator; Karen Kendall, publicity; Joy Bodtker, music; Mary Lou McCormick and Joyce Young, programs.

## Foreign Service Plans Expansion

Seeking to expand its foreign service officer corps program, United States Department of State personnel representatives are visiting a large number of colleges and universities throughout the nation this term.

These representatives will try to interest qualified young men and women in the foreign service of the United States as a career. The foreign service program hopes to bring approximately 300 new officers into the corps within the next year.

The department's representatives will attempt to cover as many colleges and universities as possible before the written examination is given in June.

To be eligible for the examination, candidates must be at least 20 years of age and under 31, American citizens of at least 10 years standing, and if married, married to an American citizen. Candidates who do not fully qualify in languages in the examination will be given an opportunity after appointment to learn a foreign language.

Starting salaries for successful candidates range from \$4000 to \$5000 per year depending upon the age and experience of the individual. In addition to insurance and retirement benefits, annual and sick leave privileges are granted.

Those expected to serve in any one of the department's 267 embassies, legations, and consulates in 77 countries throughout the world as well as in the department's headquarters in Washington, D.C.

For further information regarding opportunities in the foreign service contact K. W. Swygard, professor of political science, in social science 200.

## Luncheon Talk Given by Brandt

Credit was given to the Oregon State Employees association, for improvement made by the 1955 legislature in the public employees retirement act by P. M. Brandt, head of dairy husbandry, when he spoke Tuesday at a luncheon meeting of American Association of University Professors in the Memorial Union tea room/Changes in the act will become effective January 1, 1956.

"If it hadn't been for the Oregon State Employees association, the improvements in the retirement act would not have been made. I am sure of that," Brandt asserted.

Committee Service Given

Brandt was a member of an interim committee on retirement and compensation appointed by the 1953 legislature to study and recommend improvements in the retirement act, recently approved by the 1955 legislature, were devised by that committee. He also is director of employment in the Oregon State Employees association.

"Interest yourselves in the retirement act to see what's wrong with it and improve it," Brandt recommended. "You don't stay alert, no one else will."

Further Barrington Study Due

Concerning the Barrington report on salaries for state employees, Brandt said that further studies are being made so that some subsequent time useful parts of the report can be utilized.

Dr. Glenn A. Bakkum, head of sociology, who attended the national AAUP council, also reported on relationships between the national association and the OSC chapter. He will attend a Northwest federation conference later in April in Ellensburg, Wash.

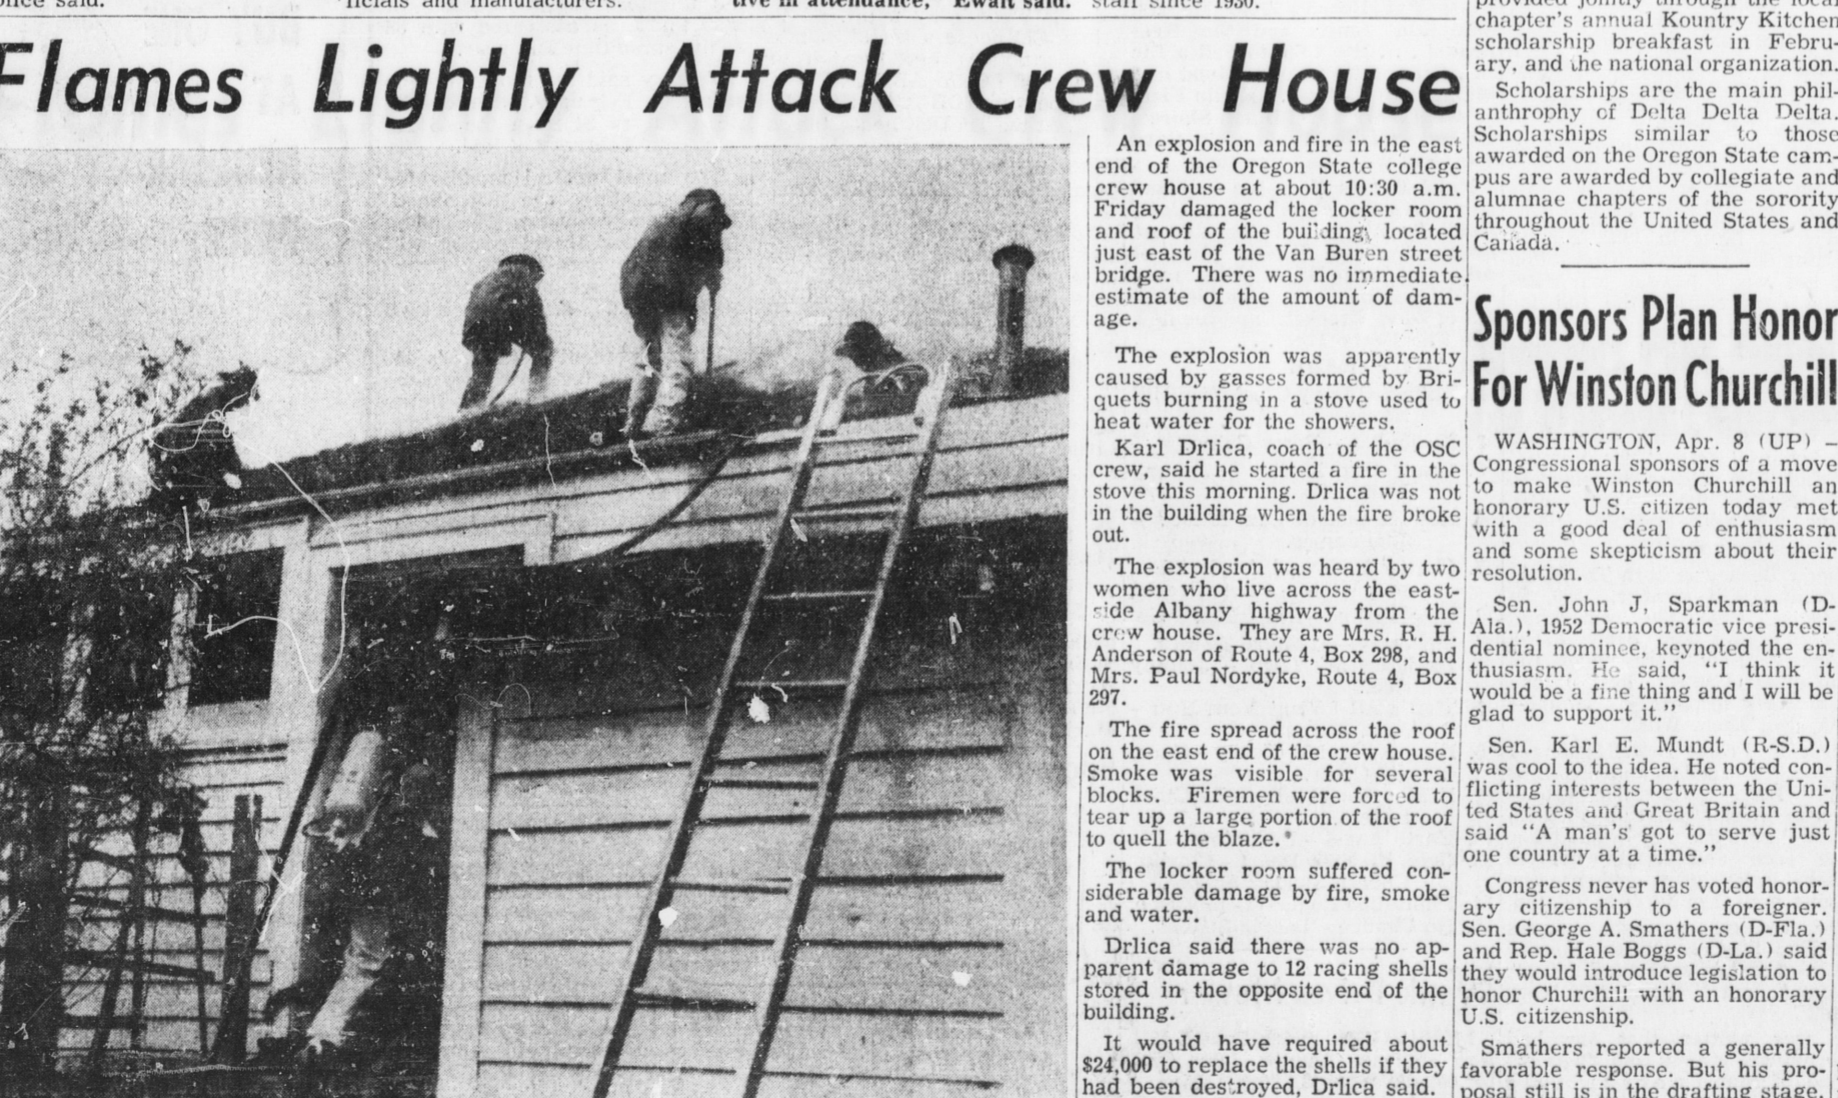

## 4-H Clubbers Elect Five New Officers

Officers for the coming school year were elected last night by the campus 4-H club during their first regular spring term meeting. The officers elected were Jean Eymann, '56, president; Linda Benedict, '58, vice president; Frances Hughson, '58, secretary; Bob Barnes, '57, treasurer; and Janet Lorenz, '58, historian.

The newly elected officers expressed a wish that everyone would get in and help to make campus 4-H club work even better next year than it has been this year, and also that all members possible try to help out at the Ag Weekend booth.

## Band Honorary Initiates

Kappa Kappa Psi, national band honorary, initiated six men last night, preceding a banquet at the Benton hotel. Those initiated were Kenneth Hamilton, Richard Wucio, Guinn James, Gus Supe, Melvin Nygaard, and Kennel Aubrey. Dean Lemon was the main speaker.

CONSIDERABLE DAMAGE was done this morning to the roof and locker rooms of the Oregon State college crew house at the east end of the Van Buren street bridge. Here city firemen battle the flames, handicapped by a large volume of thick white smoke. Expensive racing shells in the structure were not damaged. (Gazette-Times photo).

"Where do you buy your leotards, Miss Williams?"

Cow's Stomach Open; Window Gives View

By ALAN H. WING, Barometer Feature Writer. A window was placed in a cow's stomach last term to facilitate students' study of rumen physiology.

By Cliff Kuhlman

The veterinary department has been performing one of the operations each year for some twenty years, and during this time they have lost only one cow. The rumen fistula was first made in 1928 by the North Dakota experiment station in order to study the movement and actions of the rumen as well as the effect of experimental feeds that can be placed directly into the rumen without having to pass through the mouth.

Cancer Claims Ex-Vamp's Life

HOLLYWOOD (UP) — Theda Bara, the silent screen siren who added cosmetics and the word "vamp" to the world, lost an 18-month battle to cancer Thursday night. She was 64.

Ex-Ike Troublesooter Hints 'Two China' Proposal Best

WASHINGTON (UP) — Arthur Dean, a former Eisenhower administration troubleshooter, has suggested that the United States consider a "two China" policy. It would give diplomatic recognition to Communist China and, at the same time, maintain that Nationalist China has a valid and permanent title to Formosa.

Peanut Heaven

By Al Shaw

Pardon me for just a moment. I am standing in front of you via type with my hat in my hand and my head hung in shame. I owe you and two fellows an apology.

I had my wires crossed. I was thinking of KARL SCHMERBER, who is now serving in the army and no longer at Oregon State college, and also I was thinking of PAUL RAPHIN, 35, who will play the lieutenant in the coming play. I stand corrected and apologize to everyone.

Jack Lemmon, the hilariously funny actor, "Philly" (or is it Phiff), is at it again in this comical caper about marital mixup in show business. Cast as a war hero erroneously reported dead, he returns to his loving little castle to find that his wife (Miss Grable) has remarried since the War Department notified her of his death.

Marge and Gower Champion do their usual excellent job of dancing. It is well worth the price of admission just to see their song and dance sequences. They are simply amazing! Should you see this pic, be sure and watch the excellent manipulations of the extra long gown that Marge wears in

Pins N Rings

By Sue James

The start of Spring term also starts the passing around of jewelry by OSC males. GEORGY ASCHERIL, Phi Kappa, is pinned to MARILYN SIKI. At Heather Rae, MARJORIE HILL announced her engagement to PAT MCCLURE, Hawthorne Manor, and CAROL WILCOXON announced her pinning to BOB AUGUSTINE, Beaver Lodge.

March Traffic Toll Increases To 29

March traffic accidents killed 29 persons, Secretary of State Earl T. Newberry reported today. This is eight more than the number killed in March a year ago. Last month's death count brings the toll for the first quarter of 1955 to 80, as compared with 88 at the same time last year.

Editor's Note: With spring in the air at least part of this week, editors and others, too, predict a new batch of romances blossoming. Living group publicity chairmen are asked to submit information of all pinnings and engagements to the Barometer newsroom, Memorial Union 209, Deadline is each Thursday at 12 noon.

Drunk Drives Mower

MIAMI (UP)—Judge Ben C. Willard sentenced Andrew John Czak to 60 days in jail for taking a power lawn mower from a store display for a stroll along the sidewalk. "I'm letting you off light because I could charge you with drunk driving," Willard told Czak.

### Science Foundation Awards Fellowship

William McNeil, graduate student in fish and game management, has been awarded a National Science Foundation fellowship for \$1400 for the 1955-56 school year. The grant was made to further his thesis investigation dealing with relationships of carbon dioxide and hydrogen ion concentrations to the oxygen requirement of fresh water-fishes.

### Top Scientists Schedule Full Study of Radiation Effects

WASHINGTON (UP)—Science set out today to establish, once and for all, the facts about what atomic radiation does to man, animals, and plants. The vast project was undertaken by the National Academy of Sciences with the Rockefeller Foundation's financial backing and the Atomic Energy Commission's blessings. It will be carried out by eminent scientists who will try to find out all that can be learned about effects of A-bomb and H-bomb explosions on living things. The study, an academy spokesman said, should disclose where the truth lies between those who preach atomic doom and those who uncritically retort "nonsense." Which Will Stay? Among other things it ought, he said, to liquidate the current controversy over whether the more than 75 nuclear test weapons already exploded have cast a genetic blight on the race of man which will manifest itself in generations hence in the form of human defects. The study will last as long as necessary. At its conclusion the academy will report its findings to the public. Dr. Detlev W. Bronk, academy president, said the study will be "a dispassionate and objective effort to clarify the issues which are of grave concern as well as great hope to mankind." Stated as starkly as possible, the big issue appears to be whether both man and the atom are here to stay—or just the atom. Bronk said the academy "will appoint a committee of eminent scientists and staff to deal with the problem." The committee, working with full access to data accumulated by the AEC, will dig into "all phases of the biological effects of the increasing use of atomic energy." Objectives Listed 1. Collect and appraise available information on everything from H-bomb fallout to contamination of the air by atomic power plants. 2. Formulate any conclusions warranted by this information, whether they are reassuring or frightening. 3. Identify problems which urgently require further investigation. 4. Get such investigations underway. In addition the committee will catalogue what is known about radiation "therapy and protection."

### Required PE Is Tossed Out

SALEM (UP)—The House yesterday followed the lead of the Senate and passed a bill wiping out the statutory requirement that Oregon schools provide physical education courses. The vote was 38 to 16. Rep. Wayne Giesy (R-Monroe) said the Legislature should not require the teaching of physical education any more than it does the teaching of mathematics or history. That should be left up to educators, he said. Rep. Ward Cook (D-Portland) said the Portland school district has been in violation of the state law because it could not afford the costly facilities for physical education required by the State Department of Education under the present law. He said individual school districts should have the authority to decide what courses they could afford to offer. Rep. Al Loucks (R-Salem), quoting the present law about requirements for instruction contributing to symmetry, flexibility, agility, coordination, and relaxation, said he would do all in his power to defeat a law that imposed such "falderol" on his local school board. Opponents of the bill said physical education, being a relatively new educational technique, still required the protection of a statute. Rep. Herman Chindgren (D-Molalla) feared it would contribute to the weakness of Oregon's youth and set physical fitness in the state back "many years."

### Chancellor Requests Five Percent Raise For Oregon Faculty

SALEM (UP)—Dr. John Richards, vice chancellor of the State Board of Higher Education, Thursday appealed to a ways and means subcommittee on salaries for an average five percent increase in pay for academic employees of the board at Oregon's institutions of higher learning. The board's biennial budget contains no provision for pay increases for academic employees, Richards told the committee. He said Oregon could compete satisfactorily with other state colleges in the nation for high caliber teachers if the increase was granted. Oregon schools now are on a par with other comparable schools, he said, but a five percent increase is being granted by legislature in other states. Richards' request would apply to about two-thirds of the present academic staff of 1122 persons. Cost to the state for the pay hike would be \$950,772 at an average increase of \$833 during the 1955-56 school year and \$167 during the 1956-7 school year. Dr. Richards said the present average salary of the academic staff in all ranks all institutions and divisions of the higher education system, was \$5880. The University of Oregon and Oregon State college now rank 12th or 13th among some 20 comparable institutions in the United States in salaries paid, figures presented by Dr. Richards to the subcommittee indicated. Members of the subcommittee, headed by Rep. Orval Eaton (R-Astoria) promised that the salary request would receive full study before the budget for the Board of Higher Education is completed.

### 'Sub Group X' Plans Hideaway To Survive Human Destruction

By ROBERT MUSEL  
HASTINGS, England (UP)—Those of you who worry about the future of the human race will be glad to know that "Sub Group X" is almost ready to move into the secret hideout in South America. There it will ride out "the second flood." And after the rest of us are washed away by the water, "Sub Group X" will emerge and start the tedious job of getting the world on its feet again. The Society of Metaphysicians has been assembling "Sub Group X" for about 10 years, ever since the first atom bomb went off. The World's End Metaphysics is the study of phenomena outside the realm of orthodox science. John J. Williamson, head of the society, and his followers are way, way outside. They claim that by using special techniques they have figured out that the world is due for destruction either by a flood exceeding Noah's, by radioactive poisoning or by a combination of disasters such as melting ice caps, polluted atmosphere, universal sterility. Williamson, in fact, hints darkly that he would not be surprised if the first flood, Noah's, was caused by atomic and hydrogen bomb experiments. Secret Is Mental Energy As head of the society's "social community," Williamson has been charged with forming "Sub Group X" and selecting the spot to hide in. "The secret of survival is mental energy," he said, "and the simple truth is that a majority of people are incapable of survival." He waved his hand as though to brush aside the two billion-odd unfortunates he meant (including me because my low mental energy kept me asking questions that made him impatient). Williamson, who is 38 and an electronics engineer most of the time, said he had found a few people with the right amount of mental energy. This "savior community" is learning how to live with each other against the day they leave for South America. Williamson will not specify the area because he says "Sub Group X" needs room and he doesn't want the place overcrowded.

### Cleveland Rookie Herb Score Termed 'Lefty Bob Feller'

NEW YORK (UP)—There's an ancient adage of the impoverished that "them as has, gets," and the hunger clubs of the American League find it fits the Cleveland Indians today as they apprehensively watch the brilliant pitching of young Herb Score. When it comes to pitchers, the Indians are loaded. They already had plenty, as far as their rivals were concerned, with such as Bob Lemon, Mike Garcia, Early Wynn, Bob Feller, Art Houtteman, Hal Newhouser, Ray Narveski and Don Mossi. Now they have apparently hit the jackpot again with Score, a rookie left-hander whose blazing fast ball has allowed only one run in 17 exhibition innings. A Southpaw Feller They are describing him as a "southpaw Feller," and they mean the old Feller who threw the ball through a wall. Last year at Indianapolis the reeked, sandy-haired Score was the American Association's most valuable player with a record of 22 wins against only five losses. He won an American Association record of 330 strikeouts in 291 innings. When he was 19, and no longer eligible under Florida high school rules, the Indians made him a birthday present of a \$20,000 bonus. He was signed in 1952 to an Indianapolis contract so he could be polished in the minors. Too Hot For Birdie That fall they took him into Cleveland for a look and Birdie Tebbetts, then catching for the Tribe, warmed him up. The ball was exploding into the mitt when the youngster waved his hand and said: "Here comes a fast ball." "Fast ball!" Tebbetts yelled. "What have you been throwing?" "I was just loosening up," the kid replied. Tebbetts called time and walked over to Joe Tipton, another Indian catcher, and handed him the mitt. "You catch him," Tebbetts said. "If he was just warming up before he'll throw that ball right through me." This spring his control has been good and he virtually has clinched a regular starting spot. Whitney Lockman of the New York Giants summed it up when he said: "I'm just awfully glad he's pitching in the American League. And he guarantees that the American League won't like it."

### Intramural Referees Needed for Softball

Intramural softball referees are needed to umpire the league games which start Monday, April 11. Howard Raabe, director of intramural athletics, said that the need for referees is great, as the intramural office is unable to compare with the number that umpired last spring term. Anyone interested should get in touch with Mr. Raabe or come to the intramural office to apply. All persons that held referee assignments during winter term are strongly urged to apply for softball.

Leslie Caron follows her sensational success in "Lili" with another imaginative role as the very-to-riches heroine of "The Class Slipper," in which she co-stars with Michael Wilding in M-G-M's unusual adaptation of the classic story of Cinderella and her Prince Charming. The new role again affords Miss Caron an opportunity to dance. This time with the famed Roland Petit Ballet de Paris company, making its first appearance in motion pictures. The picture starts Sunday at the Whiteside Theatre

### Slater Bio Chemists Plan Trip to Frisco

Oregon State college biochemists will attend a nation-wide meeting of the American Society of Biological Chemists in San Francisco next week. Over a thousand noted biochemists are expected to attend this meeting, the first ever held on the West coast. Representatives from Oregon State college are Doctors J. S. Butts, V. H. Cheldelin, R. W. Newburgh, T. E. King, W. D. Loomis, C. H. Wang, C. Widmer, L. F. Remert and E. C. Eubel. Graduate students attending will be A. G. McGinnis, D. D. Hoskins, L. Kuehl, L. O. Klungsover, J. T. Cummins, E. H. Kawaski, M. K. Devlin, P. A. Kitos and D. Van Fleet. Papers to be presented to the society by the OSC representatives will cover subjects related to the burning of sugars in animal, bacterial, and insect cells, the nutrition of insects, and the behavior of wheat smut fungi.

### Rug Donated to Horner

A Persian prayer rug was recently donated to the Horner Museum by Miss Alice L. Edwards of Corvallis. The rug is a fine example of the excellent design, color, and workmanship representative of this type of craft. Miss Edwards graduated from Oregon State college in 1906 and her three sisters and four brothers are also graduates of this school. The rug was given in honor of their parents, Lewis N. and Margaret Wheelodon Edwards.

### Holiday Musicians' Auditions Announced

Auditions for singing and speaking roles, singing and dancing choruses, and pit instrumentalists for the fourth season of the "Musicals Under the Stars" at Holiday Bowl in Portland are scheduled for April 16 and 17. They will be held throughout the afternoon and evening of each day at Centenary-Wilbur Methodist church, S. E. 9th and Pine. Out-of-town talent should write to the Portland Symphony choir office, 505 Park Building, Portland 5, immediately for specific appointment. Musicals selected for production in the outdoor theater are: "Showboat," "The Desert Song," "Song of Norway." Each will run three weeks. Tickets are available through Saturdays, with the season opening July 5.

### Miss Kolshorn to Talk

Miss Agnes Kolshorn, extension nutrition specialist, will present a talk and demonstration on buffet and snack service at the Junior Dames club members Monday, April 11. All wives of students are invited to attend and get acquainted. The meeting will be held in the extension kitchen of the home ec building at 8 p.m.

### Library to Have History

The American Forest History foundation has selected the Oregon State college library as one of its depositories for forestry history. The Oregon Historical Society and University of Oregon library were also named on the list. As repositories, the libraries will receive historical materials relating to forestry and the forest industries from the foundation. Basketball in the United States differs in one important way from the game in most other countries of the world. In the U.S., basketball is an indoor game whereas in most other countries it is chiefly a outdoor game.

### Major Highway Bills Get Do-Pass Report

SALEM (UP)—The House today received favorable reports from its highway committee on the three major pieces of legislation the committee had been studying for weeks—transfer of the motor vehicles division to control of the governor, a licensing provision for highway billboards, and a bill to permit the state police to use radar. The motor vehicles transfer bill would take some 600 persons of the payroll of the secretary of state's office and place them under the governor. The billboard measure would set up a schedule of license fees based on the size of roadside signs. The revenue would be used to remove abandoned and unsightly signs from highway rights of way and to finance enforcement of the control law. The house committee amended the Senate's version of the radar bill to require that arrests based on radar evidence be made by the officer who had witnessed the radar blip or on information of an officer who saw the violation. It also would require that all areas where radar is used be posted with warning signs.

### Nixon on Vacation

MIAMI (UP)—Vice President Richard Nixon with his wife and two children began today "what is hoped will be about a 10-day vacation." The Nixons stepped off a plane from Washington, D.C., Thursday night and the vice president and his pretty wife Pat agreed, "It's just too bad we can't get here more often." It will be the first vacation for the Nixons since their month-long Caribbean trip.

### Phi Kappa Roster Told

Steve Gent, '57, was recently elected president of Phi Kappa national social fraternity. Other officers elected were Tom Davis, '56, vice president; Don Johnson, '56, and Jerry Scoville, '57, board of trustees; Bill Hutchinson, '57, recording secretary; George Asher, '57, treasurer; Tom Davis, '56, house manager; Roger Foley, '57, rush chairman; Hugh Nickerson, '57, sergeant-at-arms; Dan Johnson, '56, historian; and Tom Tate, '55, intramural manager.

### 600 Increase Predicted

D. T. Ordeman, registrar, predicts an enrollment of over 4800 students, an increase of more than 600 students over the same term last year. The registrar report on Monday, April 4, showed 3454 men enrolled, an increase of 14 percent over the same term last year, and 1288 women, a six percent increase over last year.

### Washington Prexy Asks Faculty Peace

SEATTLE (UP)—Dr. Henry Schmitz, president of the University of Washington, urged yesterday that the school's faculty members submerge their personal beliefs in the Oppenheimer incident in favor of a common interest of the university. The university president made the statement to the faculty senate after that group announced the results of a mail ballot in which a majority of the 100 faculty members disagreed with Dr. Schmitz' decision to ban Dr. J. Robert Oppenheimer from speaking on the campus. The vote showed 56 disagreed with Dr. Schmitz, 40 said they agreed with the decision, 3 said they were undecided and 1 did not vote. The senate also adopted a resolution stating its belief that whatever damage had been done to the university by the Oppenheimer incident can be repaired. Also, the faculty group expressed the hope that their colleagues from other institutions would join us from time to time for scholarly discussions on our campus." Dr. Schmitz said he was gratified to hear of the efforts being made to bring about a termination of public discussion of the Oppenheimer incident.

## Squad Track Meet Slated

Oregon State track fans will have their first opportunity to see the Beaver thinclads in action today as the Orange and Black splits into two camps for an intrasquad meet. The meet will be held on Bell Field beginning at 1:30.

All regular track and field events but the mile run will be held. Track Coach Hal Moe said, Moe named Jerry Church captain of the Orange squad and Bill Morrison to lead the Blacks.

Three Beaver tracksters will be unable to compete in the meet. Moe announced, Miller Gene Tenney is still out with a bad leg suffered earlier in the season. Tom Morrison, 100 and 220-yard dash man, is out with a pulled muscle, and Tom Tebb, star State sprinter, will be in Washington, D.C., for a military examination.

**Lineup:**  
440-yard dash: Orange-Smith-peter; Black-Brooks, McKinnon.  
100-yard dash: Orange-Wesley, Engel, Paige, Ficken; Black-B. Morrison, Warren, Coyner, Loge.  
120-yard high hurdles: Orange-Engel, Fredericks; Black-Warren, Leinan, Barba.  
880-yard run: Orange-Hartley,

Dunn; Black-Whiteman, Mutter, Engel, Fredericks, Vestal; Black-Warren, Leinan, Barba.

**Two-mile run:** Orange-Clapp; Black-Laird.

**220-yard low hurdles:** Orange-Engel, Fredericks, Vestal; Black-Warren, Leinan, Barba.

**880-yard relay:** Teams yet to be decided.

**Shot put:** Orange-Bogdan, Meyers, Jessmer, Paige; Black-Laird, Hogan, Shrank.

**High Jump:** Orange-Carroll, McIsaac, McInery; Black-Moss, Anderson, Hoyer.

**Javelin:** Orange-Church, Steward, Clay; Black-Hittner, Jolley, Hoyer.

**Pole Vault:** Orange-Foley, Young; Black-Warren.

**Discus:** Orange-Duncan, Meyers, Fredericks; Black-Laird, Saling, Moss, Ellison.

**Broad Jump:** Orange-Williams, Wesley; Black-Brown, Hoyer.

### Java Boys Open Defense Of Softball Title Monday

Defending all-school softball titleholder Pi Kappa Coffee opens its title defense Monday as the Intramural softball program begins with five games slated at 5 p.m. on the mural softball fields north of the tennis courts.

The Java Boys tangle with Heckart Lodge in a League F skirmish on diamond 1. Other League F contests Monday will feature Campus Club against Hawthorne Manor and Peavy hall against the Fernhoppers, independent finalists last year.

Only fraternity games scheduled for Monday pit Kappa Phi against Beta Theta Pi and Kappa Sigma against Alpha Tau Omega.

Defending fraternity champion Delta Upsilon, co-favorites along with Sigma Nu for the fraternity crown this year, doesn't swing into action until Wednesday when they tangle with Kappa Delta Rho. Sigma Nu will meet Alpha Sigma Phi Wednesday.

Pi Kappa Coffee, led by ace control pitcher Marion Craft, is the favored team for the independent crown with the Fernhoppers rated the team most likely to knock them off. Delta Upsilon, with all-state softball hurler from Bend, Jack Robison, will rate slight favorites over Sigma Nu for the fraternity crown.

Sigma Nu bases its hopes on Pi Kappa Coffee, who pitched two no-hitters for Pi Kappa Coffee last year. Other fraternity teams rated as darkhorse candidates include Delta Tau Delta, Lambda Chi Alpha, Sigma Phi Epsilon,

and always tough Phi Delta Theta.

**League A—Tau Kappa Epsilon, Delta Sigma Phi, Sigma Xi, Phi Delta Theta, Phi Sigma Kappa, Sigma Phi Epsilon.**

**League B—Delta Upsilon, Kappa Delta Rho, Theta Xi; Phi Delta Theta, Phi Sigma Kappa, Sigma Phi Epsilon.**

**League C—Pi Kappa Phi, Beta Theta Pi, Kappa Sigma, Alpha Tau Omega, Sigma Alpha Epsilon, Delta Tau Delta.**

**League D—Alpha Gamma Rho, Sigma Chi, Alpha Sigma Phi, Sigma Nu, Lambda Chi Alpha, Phi Gamma Delta.**

**League E—Cathorn hall, Gatch hall, Jefferson hall, Hawley hall, Buxton hall, Weatherford hall.**

**League F—Pi Kappa Coffee, Heckart Lodge, Campus Club, Hawthorne Manor, Peavy hall, Fernhoppers.**

**League G—Tharp Manor, House Lodge, Davenport House, Reed Lodge.**

## Grant Tech Transfer Gains Credit for Win

By JACK RICKARD  
Barometer Sports Writer

The Oregon State Beavers racked off four Portland State pitchers for 19 hits and 21 runs in trouncing Vikings 2 to 3 in an exhibition game at Coleman field yesterday.

Relief pitcher Joe Epperly set the Vikings down with two hits and no runs in the last 1/2 innings to get the win.

The Beavers meet Lewis & Clark today in a doubleheader beginning at 1:30.

The visitors from Portland made a game out of it for three and a half innings, before the Oregonmen broke a 3 to 3 tie with four straight big innings. The winners scored five times in each of the fourth and fifth, and added four runs each in the sixth and seventh.

Portland State scored three times in the first inning at the expense of OSC starter Frank Wuest. Singles by Dick Piazza, Ed McClure, Wally Harding, and Mark Steward plus a walk gave the Vikings their lone three tallies.

OSC came back with three of their own in the bottom of the second. A walk to Chuck Fisk, a booming triple by Jim Ruggles, and successive singles by Jack Stephenson, Wuest, and Johnny Frederick brought the Beavers back into a 3-to-3 tie.

Wuest had trouble again in the fourth, and after two straight hits, was relieved by Epperly, a junior transfer from Grant Tech in California. From there on, the Vikings got only three men on the bases.

Jantze hit three-run triple in the fourth, and after two straight hits, was relieved by Epperly, a junior transfer from Grant Tech in California. From there on, the Vikings got only three men on the bases.

Frederick hits 3-run triple in the fourth, and after two straight hits, was relieved by Epperly, a junior transfer from Grant Tech in California. From there on, the Vikings got only three men on the bases.

In the fourth, the Beavers broke it wide open. Singles by Ruggles, Jerry Bettendorf, Bobby Buob, and Phil Jantze plus a bases-loaded triple by Frederick gave the hosts five runs.

Five more tallies came in the fifth, with a three-run bases-loaded double by Jantze highlighting the rally. Four walks by PSC hurler Jim Garratt aided the Beaver cause.

In the sixth, Epperly added to the mounting Beaver offensive with a long triple to left center, the big hit in a four-run inning.

Stephenson Gets Four Hits  
The final four OSC runs came in the sixth, with Bettendorf's long triple driving in two of the runs. Jack Stephenson got his fourth straight hit in the inning.

In displaying their most powerful offensive showing to date, all but one of the 21 Beaver runs were earned. Ten walks by PSC hurlers aided the OSC run-making.

Stephenson led the winners in hitting with four singles in four trips. The Beaver receiver scored five times and knocked in five runs to lead each of those departments.

McClure and Harding each collected two singles to pace the eight-hit Viking bat attack.

For the third straight game, the Beavers played without the services of All-American first baseman Jay Dean, who is nursing a pulled leg muscle.

### Spring Grid Practice To Open on Monday

Oregon State's spring football practice opens Monday, according to announcement by new head coach Tommy Prothro.

By Pacific Coast Conference rules, the Beavers will be limited to 20 practice sessions in a period of 30 days.

This will mark the first opportunity holdover Beaver gridgers have had to work out under the entirely new coaching staff. Assisting Prothro will be Bobby Watson, Bob Zelinka, and Clayton Stapleton, newly hired assistant coaches.

Beaver coaches will have an opportunity to look at three junior college transfers and one returning service veteran. John Witte, All-American candidate before serving two years in the military, will be one of the Beaver line mainstays. Transfers are Gerry Laird, halfback from College of the Sequoias, Alex Groszard from San Francisco City college and Ed Rodgers from Pasadena JC.

### Rook Diamond Opener on Tap

Oregon State's freshman baseball team will open the 1955 season April 15 against Roseburg high school. Coach Paul Valenti disclosed in evaluating his club's chances for the coming campaign.

Some of the best pitching prospects are Ken Ackerman, Ontario; Dave Gambee, Corvallis; and Gary Patterson, Salem. Valenti has 35 candidates out for his squad.

**Complete list:**  
Pitchers: Tom Walker, Toledo; Dick Beachell, Jefferson high school, Portland; Bob Grove, Grants Pass; Fred Paine, Bend; Gary Patterson, Salem; Gambee, Corvallis; Ken Ackerman, Ontario; and Bill Manny, Hermiston.

**Catchers:** Howard Spear, Turner; LeRoy Hanley, Hermiston.

**Outfielders:** Ken Archibald, San Francisco, Cal.; Doug Buer, San Jose, Cal.; Gene Stott, Eugene; Walt Hiland, Washington high school, Portland; Carl Vockert, Corbett; Brian Baily, Tillamook; Larry Brown, Forest Grove; Sterling Hammack, San Bruno, Cal.; Gordon Carrigan, Central Point; John Abell, Mt. Edgecombe, Alaska; and Bill Peterson, Waldport.

**Infielders:** Jim Griggs, Moro; Tom Pickens, Salem; Bob Clark, Redmond; Wilbur Luna, Honolulu; Frank Beer, Corvallis; Dick Frederick, Lincoln high school, Portland; Harry Crosthwaite, Richlands, Cal.; Doug Buer, San Jose, Cal.; Jim Phillips, Beuton, Pa.; Tom Bowen, Oklahoma City, Okla.; Bud Valeschini, Grass Valley, Cal.; Twink Pederson, Salem; Dale Robbins, McMinnville; Pete Tuggle, McMinnville; Rod Neitz, Seaside; Rex Hitchcock, Honolulu; and Frank Zaniker, West Linn.

### Swede Placed on All American Second Team

Wade "Swede" Halbrook, Oregon State's 7-3 center, was named to the second team on the 1955 Helms Athletic foundation All-American team. Halbrook led the Beavers to the PCC title before losing out to USC in the Western Regional finals.

6-10 Bill Russell of USF was chosen the 1955 college basketball player of the year by the Helms foundation. Russell sparked the Dees to the national title with a 21-point per game average.

**Gola Makes Third**  
Also named to the 10-man first team were Tom Gola, the top player last year, from LaSalle; Dick Garmaker, Minnesota; Darrel Floyd, Furman; Ed Conlin, Fordham; Don Schlundt, Indiana; Dick Hemrie, Wake Forest; Dick Wilkinson, Virginia; Jack Stephens, Notre Dame; and Dick Ricketts, Duquesne.

Johnny Moore of UCLA, which lost to Oregon State in two straight games in the Pacific Coast conference playoffs, was also named to the second team along with Halbrook.

**Coasters Make Third**  
Two other coast players received third team berths. They were Santa Clara's Ken Spears, whom Oregon State held to 4 points one game, and California's Bob McKeen, who scored 14 points in his only game against Oregon State. Russell led the Southern Division in scoring.

Russell is only the third coast hooper to be named the player of the year in the 38-year history of the award. Others were Hank Lussett of Sanford in 1936 and Bob Houbrigs of Washington in 1953.

**Second Team Named**  
Named to the second team were Halbrook, Moore, Dick Patterson, Tulsa; Frank Elman, Northwestern; Jesse Arnelte, Penn State; Dick O'Neal, Texas Christian; Bob Burrow, Kentucky; Cleo Littleton, Wichita; Denver Brackeen, Mississippi; and Art Bunte, Utah.

Third team berths went to Jack Twyman, Cincinnati; Leonard Rosenbluth, North Carolina; John
